I Donald E. Brown file this Petition for a writ of Certiorari of reconsideration 8-28-2014. I did not have a fair trial in the court of law in the State of South Carolina. The physical evidence have never been presented or seen on my behalf by the Court. The physical evidence the passenger fender on the 1998 Jeep I was driving show a side impact cause by the little boy on his bicycle. The supreme court of South Carolina should look at the injuries on the little boy body all injuries was to the chest and upper extremities, not one scratch on his back. The solicitor said the little boy was struck from behind and knock 90' feet my family hired William Tetterton on 6-23-05 to present this physical evidence he never presented it to the court. I Donald E. Brown inmate # 317614 Walden Correctional Institution almost 8 1/2 Yrs for a crime I did not commit. A felony DUI. I should have been charge with the crime I committed a DUI. There were 700 cases alcohol related in Kershaw County my case was the only media case where newly elected Sheriff Tim Matthews did a TV commercial with the little boy family on WIS TV 10. The newly elected Solicitor Don Johnson did a radio commercial on 201/82.7 about this case. "CAST" Kershaw County Community action for a safer tomorrow was also involve and MADD. There was a big billboard put up at highway #1 and 601 in Lugoff photo in Kershaw County with a picture of the little boy reading I was kill by a drunk driver this is still active in court. This effort was to poison this case. The other cases the charges was dropped or reduce to lesser charges.
