Case No. 2012-CP-26-05222

ORDER GRANTING PARTIAL
SUMMARY JUDGMENT

FILED
HORRY COUNTY
2013 JUL 12 AM 9:58
MELANIE HUGHES-CLARK
CLERK OF COURT

This matter is before the Court on Plaintiffs' Motion for Partial Summary Judgment. The parties presented oral arguments on May 15, 2013, at the Horry County Courthouse. After hearing the arguments of counsel, reviewing the memoranda and other documents submitted to the Court, and the applicable authority, the Court hereby grants Plaintiffs' Motion for Partial Summary Judgment as set forth below.

FACTUAL BACKGROUND

The property subject to this dispute (Subject Property) is located in Horry County, South Carolina, and fronts on the Intracoastal Waterway. The Subject Property consists of a residential lot approximately three tenths of an acre in area upon which was formerly located a residence made up of a mobile home onto which a number of extensions and additions had been added over the years.

Plaintiffs purchased the property in two separate transactions. On May 5, 2005, for the stated consideration of \$240,000, Plaintiffs purchased what had been described as lot 1 on a plat of lots 1, 2, and 3 dated August 24, 1970, recorded in the public land records for Horry County. The second transaction closed on October 28, 2005, at which

time and for the stated consideration of \$100,000, plaintiffs purchased an approximate 30 foot by 120 foot strip of property which formerly had been a portion of adjacent lot 2 as shown on the August 24, 1970 plat. The entirety of the Subject Property, i.e., lot 1 acquired in May 2005 and the portion of lot 2 acquired in October 2005, is shown as lot 1 on a plat dated August 24, 2005, and recorded in the public land records for Horry County.

In conjunction with the first transaction, Fidelity National Title Insurance Company (Fidelity) issued the Lyons an owners' title insurance policy in the amount of the purchase price. In conjunction with the second transaction, Security Title Guaranty Company of Baltimore (STGC) issued the Lyons an owners' title insurance policy in the amount of the second transaction purchase price. These policies are substantively identical.

In 1931, a predecessor-in-interest of plaintiffs conveyed to the State of South Carolina what is generally described as a spoils easement over the Subject Property and adjacent property. This easement is recorded in the land records of Horry County and was available for title examination before the issuance of the policy. The spoils easement was given so as to provide for the construction and maintenance of what became the Intracoastal Waterway.

On or about November 4, 2003, the Horry County Council adopted Resolution R-143-03, (no-build resolution) which provided as follows:

Horry County Council resolves to authorize the issuance of building permits to repair, remodel or replace existing structures within the spoil easements along the Intracoastal Waterway, but to otherwise continue the policy of denying building permits in this area. Mobile homes within the spoil area may only be replaced with mobile homes.

Plaintiffs assert Horry County refused to issue a building permit to build a residence on the subject property due to the no-build resolution.

This suit¹ followed in which Plaintiffs assert a contract action against Fidelity and STGC under their title policy and for bad faith in failing to pay the claim. Plaintiffs' motion for partial summary judgment is directed to their contract actions only and not their bad faith claims.

STANDARD OF REVIEW

In considering summary judgment, the Court must view the facts in the light most favorable to the non-moving party. *Koester v. Carolina Rental Ct., Inc.*, 313 S.C. 490, 493, 443 S.E.2d 392, 394 (1994). Summary judgment is appropriate only if "there is no genuine issue as to any material fact and... the moving party is entitled to judgment as a matter of law." Rule 56(c), SCRCP. When there is conflicting evidence on some material issue, the court may not grant summary judgment. *See Shirley's Iron Works, Inc. v. City of Union*, 387 S.C. 389, 397, 693 S.E.2d 1, 4 (Ct. App. 2010).

ANALYSIS

Liability

Plaintiffs assert that Defendants are liable in contract for damages due to the existence of the spoilage easement and no-build resolution. Defendants argue by way of

¹ It is worth noting that Plaintiffs' neighbors recently litigated this same issue involving the same spoils easement, no-build resolution, and title insurance policy language before United States District Judge Bryan Harwell who granted partial summary judgment in favor of the insureds. *Whitlock v. Stewart Title Guaranty Co.*, 2011 WL 4549367 (D.S.C. 2011).

affirmative defense that Exclusion 1 in the policy excludes coverage in this case. That exclusion provides:²

In addition to the exceptions in Schedule B, you are not insured against loss, costs, attorneys' fees and expenses resulting from:

1. Governmental police power, and the existence or violation of any law or government regulation. This includes building and zoning ordinances and also laws and regulations concerning:

- land use
- improvements on the land
- land division
- environmental protection

This exclusion does not apply to violations or the enforcement of these matters which appear in the public records at Policy Date.

This exclusion does not limit the zoning coverage described in Items 12 and 13 of the covered title risks.

(emphasis added).

The "Covered Title Risks" of the policy state that the policy covers "the following title risks, if they affect your title on the Policy Date": "10. Someone else has an easement on your land ... 13. You cannot use the land because use as a single-family residence violates a restriction shown in Schedule B or an existing zoning law. 14. Other defects, liens or encumbrances."

The policy defines "easement" as "the right of someone else to use your land for a special purpose." It defines "public records" as title records that give constructive notice of matters affecting your title-according to the state statutes where your land is located."

The policy does not define "single-family residence."

² In the interest of saving the Court from reinventing the wheel, today's Order restates much of Judge Harwell's summary of the policy's terms.

The Court holds as a matter of law that Exclusion 1 does not exclude coverage in the instant case. The spoilage easement and the no-build resolution appeared in the public record at the policy date. Defendants argue that the no-build resolution was not in the "public record" as defined in the policy. Plaintiffs argue that the Horry County Council resolution is indeed a public record. The Court holds that the term may be fairly and reasonably understood either way; thereby, the Court construes the term against the drafter and interprets the policy in favor of providing coverage. *Farr v. Duke Power Co.*, 265 S.C. 356, 218 S.E.2d 431 (1975); *First Carolinas Joint Stock Land Bank of Columbia v. New York Title*, 172 S.C. 435, 174 S.E. 402 (1934); *General Acc. Ins. Co. v. Safeco Ins. Companies*, 314 S.C. 63, 433 S.E.2d 813 (Ct. App. 1994).

The same analysis is true for the term "single-family residence," which, unlike public record, is not defined in the policy at all. The parties dispute whether a mobile home is a single-family residence as the term is used in the policy. This Court holds that single-family residence is also an ambiguous term and construes Covered Title Risk 13 to provide coverage because Plaintiffs cannot use the land as a single-family residence due to the existing zoning law preventing them from building a site-built home on the property.

Defendants have also asserted two additional affirmative defenses, namely, the expiration of the three year statute of limitations for contract actions found in S.C. Code Section 15-3-530(1) and Plaintiffs' failure of their duty to mitigate damages. Defendants assert that Plaintiffs first became aware of the spoilage easement after receiving a letter dated October 20, 2006, from the Army Corps of Engineers informing them of a disposal easement held by the United States on or adjacent to the area Plaintiffs planned to

construct a dock, followed by another letter dated March 19, 2007, stating the same. South Carolina Code Section 15-3-530(1) provides a three-year limitations period for contract actions, which begins to accrue when "the injured party either knows or should have known by the exercise of reasonable diligence that a cause of action arises from wrongful conduct." *Martin v. Companion Healthcare Corp.*, 357 S.C. 570, 575-576, 593 S.E.2d 624, 627 (Ct. App. 2004) (citations omitted). Here, there is some evidence Plaintiffs knew or should have known, either directly or by imputation of knowledge from their dock-constructing agent, see *Crystal Ice Co. of Cola., Inc. v. The First Colonial Corp.*, 273 S.C. 306, 257 S.E.2d 496 (1979), of the spoils easement as early as October 2006, more than three years before this action was filed.

Plaintiffs in response argue that Defendants' policies are "sealed" instruments and, therefore, subject to a twenty year limitations period pursuant to S.C. Code Section 15-3-520(b), rather than the three-year limitations period of Section 15-3-530(1). Both policies have an imprint of the respective corporation's seal and Fidelity's seal even includes the word "SEAL." Defendants argue that these seals in themselves do not amount to making the documents sealed instruments. The Court holds the policies are indeed sealed instruments and that the twenty-year statute of limitations applies.

Defendants also argue that Plaintiffs failed to mitigate their damages due to the fact that Plaintiffs refused to accept a \$475,000 offer for the property made when the Plaintiffs listed the property for sale between September 12, 2006, and September 12, 2007. It is settled law that "a party injured by the acts of another is required to do those things a person of ordinary prudence would do under the circumstances, but the law does not require him to exert himself unreasonably or incur substantial expense to avoid

damages." *Baril v. Aiken Regional Medical Centers*, 352 S.C. 271, 285, 573 S.E.2d 830, 838 (Ct. App. 2002) (citing *McClary v. Massey-Ferguson, Inc.*, 291 S.C. 506, 354 S.E.2d 405 (Ct. App. 1987)). However, it cannot be said that after the discovery of an easement held by the United States that prevents construction of a dock, the law requires one to sell the entire property or be thwarted from bringing suit against his title insurance company at a later date; such a requirement would call for a party to exert himself unreasonably.

Damages

Plaintiffs argue they are entitled to a judgment against the defendants for the full amount of the policies, to wit, \$340,000. They argue, given their inability to use the property for a single-family residence, that the policies insure this loss to the full value of the policies. This Court disagrees. The spoilage easement and no-build resolution have not rendered the property useless or completely unmarketable. *See Stanley v. Atlantic Title Ins. Co.*, 377 S.C. 405, 411-412, 661 S.E.2d 62, 65-66 (2008) (citing *McMaster v. Strickland*, 305 S.C. 527, 409 S.E.2d 440 (Ct. App. 1991)).

Rather, this Court holds that damages are to be calculated based on the diminution in value caused by the title defects, measured from the date the property was purchased. *Whitlark v. Stewart Title Guaranty Co.*, 399 S.C. 610, 732 S.E.2d 626 (2012). Because the amount of the diminution in value is a genuine issue of material fact, summary judgment is not appropriate as to damages. *See Stanley*. Further hearing will be necessary to establish the amount of damages.

CONCLUSION

THEREFORE, Plaintiffs' Motion for Partial Summary Judgment is hereby
GRANTED as to Defendants' liability, but DENIED as to the amount of damages.

IT IS SO ORDERED.

8. Defendant Martin gave the plaintiffs a General Warranty Deed in exchange for the purchase.
9. On or about October 28, 2005, the Lyons purchased from McQuiddy & Johnston, LLC, the parcel of land generally described as the following:

All and singular, all that certain piece, parcel or lot of land, situate, lying and being in Socastee Township, Horry County, South Carolina, known and designated as Lot 1, all as is more particularly shown and delineated on a plat by Culler Land Surveying Co., Inc. dated August 24, 2005, and records 11-3-2005, in the Office of the ROD for Horry County in Plat Book 208, at Page 205. Said plat is incorporated by reference herein.

This being the same property acquired by the Grantors by deed of William D. Parker and Geraldine Parker dated September 9, 2005, and recorded September 9, 2005, in Deed Book 2974, at Page 1347, Horry County records.

TMS # 179-20-01-001 (hereinafter the "McQuiddy tract").

10. The Lyons paid \$100,000.00 in cash for the McQuiddy tract. A true and correct copy of the deed from Martin to the Lyons is attached hereto as Exhibit B. A subsequent corrective deed was filed on or about January 26, 2006 without notice to the Lyons to correct an alleged scrivener's error. A true and correct copy of the Corrective Deed is attached hereto as Exhibit C.
11. The McQuiddy tract is adjacent to the Martin tract. The Martin and McQuiddy tracts were combined into one parcel.
12. The Lyons purchased from Lawyers Title Insurance Corporation an insurance policy protecting the quality of the title to the Martin tract. A true and correct copy of said policy is attached hereto as Exhibit D.
13. In exchange for the Lyons' payment of a premium, which Lawyers Title has received and used, Lawyers Title promised, among other things, to "pay up to your actual loss or the Policy Amount in force when the claim is made" if "someone else has an easement on your land" or because, "you cannot use your land because use as a single-family residence violates a restriction shown on Schedule B or an existing zoning law."

14. The Lyons purchased from Security Title Guarantee Corporation of Baltimore an insurance policy protecting the quality of the title to the McQuiddy tract. A true and correct copy of said policy is attached hereto as Exhibit E.
15. In exchange for the Lyons' payment of a premium, which Security Title has received and used, it promised, among other things, to "pay up to your actual loss or the Policy Amount in force when the claim is made" if "someone else has an easement on your land" or because, "you cannot use your land because use as a single-family residence violates a restriction shown on Schedule B or an existing zoning law."
16. On or about July 3, 1930, the Congress of the United States enacted the River and Harbor Act, which, among other things, created the Intracoastal Waterway. Each state, including South Carolina was required to obtain a right-of-way over such property through which the Waterway would flow and over which spoil incident to the creation and maintenance of the Waterway could be dumped.
17. On August 17, 1932, Ibra C. Blackwood, as Governor of South Carolina, executed a Deed to Rights of Way over several tracts through which the Waterway would flow and over which spoil incident to the creation and maintenance of the Waterway could be dumped.
18. The Deed to Rights of Way was filed in the ROD for Horry County on September 17, 1932, and has remained of record since that time. A true and correct copy of said Deed to Right of Way is attached hereto as Exhibit F (hereinafter "Deed").
19. The Martin tract abuts the Intracoastal Waterway is part of the "Canal Prism" described in the Deed.

20. The McQuiddy tract abuts the Intracoastal Waterway is part of the "Canal Prism" described in the Deed.
21. The Martin tract is part of the "Spoil Disposal Area" described in the Deed.
22. The McQuiddy tract is part of the "Spoil Disposal Area" described in the Deed.
23. In or about 1983, Horry County took management with the Army Corps of Engineers of the "Spoil Disposal Area." Horry County's obligations were established in a "Tri-Party Agreement" dated December 8, 1982. A true and correct copy of the Tri-Party Agreement is attached hereto as Exhibit G.
24. ~~Horry County Council enacted a zoning ordinance in order to carry out its obligations~~ under the Tri-Party Agreement. Among other things, Horry County prohibited the issuance of building permits to build single-family residences.
25. Although the Deed was in the public record and provides constructive notice of the Spoil Drainage Area, the Lyons were unaware of the Spoil Drainage Area at the time of closing on the Martin and McQuiddy tracts.
26. In or about May of 2011, the Lyons attempted to obtain a permit to build their dream retirement home. The building permit request was rejected because of Horry County's policy as it related to properties in the Spoil Drainage Area. Hence, the Lyons cannot build the single-family residence intended when they bought the property.
27. The Deed is not excluded from the coverage afforded by the Lawyers Title policy on the Martin tract and the Deed is a "Covered Title Risk."
28. Although demand has been made by the Lyons for coverage under the policy and the Lyons have complied with all obligations required by the policy, Lawyers Title has failed and refused to comply with the terms and conditions of the same. Lawyers Title has

unreasonably refused to respond to communications or pay benefits due without any cause or justification.

29. The Deed is not excluded from the coverage afforded by the Security Title policy on the McQuiddy tract and is a "Covered Title Risk."
30. Although demand has been made by the Lyons for coverage under the policy and the Lyons have complied with all obligations under the same as required by the policy, Security Title has failed and refused to comply with the terms and conditions of the same. In fact, Security Title denied coverage by letter dated October 11, 2011, by misstating the facts and twisting the language of the policy. See Exhibit H.
31. Defendant Bobby Martin warranted the title to the Lyons. The claims stated in the Deed violate the warranty and Martin is in breach of the same.

- answer our questions under oath
or
- show us the papers we request,
and
- your failure or refusal affects our ability to dispose of or to defend you against the claim.

4. OUR CHOICES WHEN YOU NOTIFY US OF A CLAIM.

After we receive your claim notice or in any other way learn of a matter for which we are liable, we can do one or more of the following:

- a. Pay the claim against your title.
- b. Negotiate a settlement.
- c. Prosecute or defend a court case related to the claim.
- d. Pay you the amount required by this Policy.

e. Take other action which will protect you.

f. Cancel this policy paying the Policy Amount, then in force, and only those costs, attorneys' fees and expenses incurred up to that time which we are obligated to pay.

5. HANDLING A CLAIM OR COURT CASE.

You must cooperate with us in handling any claim or court case and give us all relevant information.

We are required to repay you only for those settlement costs, attorneys' fees and expenses that we approve in advance.

When we defend your title, we have a right to choose the attorney.

We can appeal any decision to the highest court. We do not have to pay your claim until your case is finally decided.

6. LIMITATION OF THE COMPANY'S LIABILITY.

a. We will pay up to your actual loss or the Policy Amount in force when the claim is made - whichever is less.

b. If we remove the claim against your title within a reasonable time after receiving notice of it, we will have no further liability for it.

If you cannot use any of your land because of a claim against your title, and you rent reasonable substitute land or facilities, we will repay you for your actual rent until:

- the cause of the claim is removed
or
- we settle your claim

c. The Policy Amount will be reduced by all payments made under this policy - except for costs, attorneys' fees and expenses.

d. The Policy Amount will be reduced by any amount we pay to our insured holder of any mortgage shown in this Policy or a later mortgage given by you.

e. If you do anything to affect any right of recovery you may have, we can subtract from our liability the amount by which you reduced the value of that right.

7. TRANSFER OF YOUR RIGHTS.

When we settle a claim, we have all the rights you had against any person or property related to the claim. You must transfer these rights to us when we ask, and you must not do anything to affect these rights. You must let us use your name in enforcing these rights.

We will not be liable to you if we do not pursue these rights or if we do not recover any amount that might be recoverable.

With the money we recover from enforcing these rights, we will pay whatever part of your loss we have not paid. We have a right to keep what is left.

8. ARBITRATION.

If it is permitted in your state, you or the Company may demand arbitration.

The arbitration shall be binding on both you and the Company.

The arbitration shall decide any matter in dispute between you and the Company.

The arbitration award may:

- include attorneys' fees if allowed by state law
- be entered as a judgment in the proper court. The arbitration shall be under the Title Insurance Arbitration Rules of the American Arbitration Association. You may choose current Rules or Rules in existence on Policy Date.

COMPANY'S DUTY TO DEFEND AGAINST COURT CASES

We will defend your title in any court case as to that part of the case that is based on a Covered Title Risk insured against by this Policy. We will pay the costs, attorneys' fees, and expenses we incur in that defense.

AGREEMENT BETWEEN
THE UNITED STATES OF AMERICA
THE STATE OF SOUTH CAROLINA
AND HORRY COUNTY, SOUTH CAROLINA
FOR LOCAL COOPERATION
FOR
THE ATLANTIC INTRACOASTAL WATERWAY
(HORRY COUNTY SEGMENT)

THIS AGREEMENT entered into this 8th day of December, 1983
by and between the UNITED STATES OF AMERICA (hereinafter sometimes referred to
as the "Government"), represented by the Contracting Officer executing this
Agreement, the STATE OF SOUTH CAROLINA acting by and through THE SOUTH
CAROLINA COASTAL COUNCIL (hereinafter sometimes referred to as the "Coastal
Council"), and HORRY COUNTY, SOUTH CAROLINA (hereinafter sometimes referred to
as the "County").

WITNESSETH THAT:

WHEREAS, construction of the Atlantic Intracoastal Waterway, Little River
to Winyah Bay (hereinafter sometimes referred to as the "Project") was
authorized by the River and Harbor Act approved July 3, 1930 in accordance
with House Document No. 41, 71st Congress, 1st Session; and,

WHEREAS, the above cited Act of Congress required the local sponsor to
furnish without cost to the Government certain rights-of-way and easements for
the construction of the Project; and,

✓ WHEREAS, the State of South Carolina acting by and through the South
Carolina Inland Waterway Commission assumed the obligation to the Government
to provide the rights-of-way and easements required for the construction of
the Project and further assumed the obligation to provide additional
rights-of-way and easements if and when needed for the operation and
maintenance of the Project; and

WHEREAS, the State of South Carolina, as local sponsor for the Project, acquired the rights-of-way and easements for the construction of the Project and conveyed these rights-of-way and easements to the Government; and,

✓ WHEREAS, the State of South Carolina has conferred upon the South Carolina Coastal Council the responsibilities and obligations previously assumed by the South Carolina Inland Waterway Commission; and,

WHEREAS, Horry County in coordination with the Coastal Council has commenced negotiations with the Government for the reduction in size and possible change in location of the dredged material disposal easements situated within Horry County; and,

WHEREAS, the Government has preliminarily determined that a portion of its dredged material disposal easements are excess to Project needs and is willing to relinquish its interest in these easements provided that the County and Coastal Council agree to certain conditions hereinafter set forth; and,

WHEREAS, the County desires to assume the below mentioned responsibilities and obligations for that portion of the Project situated within Horry County and hereby represents that it has the authority and capability to furnish the designated non-Federal cooperation required for the Project and to perform and abide by the terms and conditions hereinafter provided; and,

WHEREAS, the Coastal Council hereby represents and reaffirms that it has the authority and capability to furnish the non-Federal cooperation required for the Project and to assume the performance of the terms and conditions herein after provided in the event the County fails or neglects to meet its obligations under this Agreement.

NOW THEREFORE, in consideration of the faithful performance of each party of the mutual covenants and agreements hereinafter set forth, it is mutually agreed as follows:

1. The County agrees to fulfill the requirements of non-Federal cooperation as enumerated in paragraphs a through f below for that portion of the Project situated in Horry County, South Carolina, to wit:

a. The County shall furnish without cost to the Government the dredged material disposal easements in the amount and location as provided for in Exhibit "A", attached hereto and by this reference made a part hereof. The acquisition and conveyance of said easements to the Government shall be accomplished in accordance with Exhibit "B", attached hereto and by this reference made a part hereof.

b. In the event the Government determines that dredged material has been placed on an easement site to such an extent that it becomes necessary to remove the dredged material from the easement site in order for the site to continue to be used, the County will remove said dredged material and other debris from the disposal site within 8 months of notification by the Government.

c. The County shall provide the Government and its contractors with access roads to all easement sites. The access roads shall be suitable for the County to utilize to empty the disposal areas, and shall be available for Government use at the time the disposal sites are conveyed to the Government. The County shall preserve all easement sites, including dikes and appurtenant structures, and rights-of-way in a condition so as to allow for the optimum use by the Government. The County shall protect all easement sites, including dikes and appurtenant structures and rights-of-way from damage, destruction, or encroachment by the County or third parties. The County shall promptly restore such sites to the condition aforesaid if they are determined to be unfit for use by the Government, provided, however, with the exception of

rights-of-way, the County shall not be responsible for damage or destruction to such sites caused by the Government or its contractors, or acts of God. The County shall not commit or permit any act which may interfere with the performance of any work by the Government or its contractors in connection with the use or maintenance of the easement sites.

d. In the event the Government requires additional dredged material disposal easements, the County will provide such additional disposal easements including rights-of-way to said easements, to the Government, and be responsible for all costs associated therewith.

e. The County covenants and agrees that in the event it does not possess the financial resources to meet its obligations assumed in this contract, then it will immediately take the necessary action to issue and sell general obligation bonds pledging the full faith and credit of the County, and said general obligation bonds will be in an amount sufficient to meet the obligations of the County herein.

f. The County shall hold harmless and indemnify the Government for any and all damages sustained by the Government which arise out of the negligence of the County or the County's failure to comply with the terms and conditions of this contract relative to the maintenance and use by the Government of the dredged material disposal easement sites, including dikes and appurtenant structures, or the easements for ingress and egress to said dredged material disposal easement sites.

2. a. The Coastal Council will assume and perform the obligations and responsibilities herein assumed by the County without cost to the Government in the event the County shall fail, neglect, or otherwise not perform any of the obligations and responsibilities herein set forth. In such event, the Coastal Council and the Government will cooperate in the prosecution of any judicial proceedings required to enforce this Agreement and the County shall reimburse the Coastal Council and/or the Government for all costs incurred by

reason of such default. The Government shall have the option, upon refusal of the County and/or Coastal Council, to perform the obligations in paragraph 1 above and collect from the County and/or Coastal Council the costs incurred thereby.

DISPOSAL AREA REQUIREMENTS

The attached table lists the disposal area requirements based on future requirements with periodic emptying as required for Corps' use. The total area required is comprised of three elements defined as follows: Containment Area Acreage is that area required to contain the dredged material; Dike Area is that area occupied by the dike structure itself; and Setback Area is that area required to offset the dike from the property line, or the edge of the waterway, or as required for construction of drainage ditches. The containment area acreage is a fixed quantity; however, the dike area and setback area as listed in the table will vary depending on the physical characteristics of the sites proposed. The area requirements listed in the table are based on areas which are square.

Two disposal areas will be required for each reach. The average elevation shall be no higher than 12 feet (mean low water) above the elevation of the Atlantic Intracoastal Waterway, or they shall be reduced to that elevation prior to acceptance by the Government. They shall be so spaced that the maximum pumping distance is 5,000 feet.

The dikes shall be 10 feet high with a top width of 6 feet, and side slope of 3:1 outside and 2:1 inside. The setbacks are based on 75 feet on the water way side, 15 feet on one side and 30 feet on the back and remaining side for drainage.

EXHIBIT B
U.S. ARMY CORPS OF ENGINEERS
REQUIREMENTS FOR THE
TRANSFER OF DREDGED MATERIAL DISPOSAL EASEMENTS
HORRY COUNTY, SOUTH CAROLINA
ATLANTIC INTRACOASTAL WATERWAY

I. Introduction:

The following plan has been developed for the United States to relinquish its existing disposal easements within Horry County in return for much more restrictive easements over smaller areas. All transfers of property interests will be through Horry County. Horry County will acquire fee simple interest and hold the fee simple absolute interest in the new areas and subsequently will convey the necessary easement interest in these areas to the United States.

II. Basic Requirements:

The basic real estate regulation requirements for the transfer of the disposal easement areas are as follows:

- a. A declaration of excess from the Charleston District Engineer
- b. Map, legal description, and title insurance policy for the easement areas to be conveyed to the United States
- c. Map and legal description of the easement areas to be relinquished
- d. Real Estate map depicting the acquisition and disposal parcels
- e. Copy of proposed acquisition document
- f. Written concurrence from the South Carolina Coastal Council

In order that the United States may be reasonably assured that its release of existing easements will not result in holding easements on substitute lands which are unsuitable in terms of environmental impacts and legal restraints, Horry County will provide the Corps with the following documents:

1. Written opinions from the South Carolina State Historical Preservation Officer and the National Park Service that the areas proposed by Horry County do not contain any significant historical or archeological resources that would prevent or restrict their use as a disposal area. Archeological surveys by the County may be required prior to obtaining these opinions.
2. Letters from the South Carolina Wildlife and Marine Resources Department and the U.S. Fish and Wildlife Service stating that the area does not contain any endangered species, critical habitat, or other fish and wildlife resources that would prohibit or restrict its use as a disposal area. Mitigation or special preparation of a site to avoid wildlife impacts will be accomplished by the County.
3. Letters from the Environmental Protection Agency and the South Carolina Department of Health and Environmental Control stating that the proposed area is suitable for dredged material disposal and that its use would not cause any foreseeable water quality problems.
4. Letter from the South Carolina Coastal Council stating that the use of the proposed areas would be consistent with the Coastal Zone Management Program.

The above letters would provide reasonable assurance that the lands proposed by Horry County for use by the Corps could actually be used in compliance with existing laws and regulations. In the event that one or more of the proposed areas cannot be used due to new laws, regulations, or

listings, Horry County, will be responsible for the acquisition of new areas of comparable size and location to replace the areas lost.

The transfer of the easement areas will proceed as follows: Each 10,000-foot reach along the waterway will be treated as a unit. Horry County will be responsible for contacting and coordinating with the individual landowners within each 10,000-foot reach. In conjunction with the individual owners, the county will select tentative disposal areas in accord with the environmental guidelines set forth above. The Charleston District Engineer will review the preliminary selections for conformance to the engineering criteria and for general acceptability from an environmental standpoint. The County will then obtain the various environmental approvals indicated above.

Once the proposed disposal areas for a particular reach have been tentatively approved by the Charleston District Engineer and once Horry County has furnished the required maps, legal descriptions, and title insurance policies to the Savannah District Real Estate Office, the Corps will then initiate action to have the specific disposal approved by the Secretary of the Army and the appropriate disposal instruments executed. When these actions have been completed, Horry County will be notified and requested to execute the instruments which will convey the new dredged material disposal easement sites to the United States. Upon delivery of these instruments to the Savannah District Real Estate Office, the Corps will furnish Horry County the disposal instruments. All instruments will then be recorded by Horry County. It will be the responsibility of Horry County to furnish the Savannah District Real Estate Office the recordation data (deed book and page number) for all instruments.

III. Specific Real Estate Requirements for Horry County:

Horry County will have the primary responsibility for providing the Corps with acceptable maps and legal descriptions for the easement areas to be disposed of and the new easement areas to be conveyed to the United States. It will also be the responsibility of Horry County to provide the Corps with acceptable title insurance policies for the new easement areas to be conveyed to the United States.

a. In order for the United States to be adequately protected with respect to its real estate interests, it is necessary that title insurance policies be procured. Title insurance policies will only be required for the new disposal easement tracts within each 10,000-foot reach. These policies must be obtained from title insurance companies which have been approved by the United States Department of Justice. The title insurance policies shall not limit the liability of the title company to a sum less than 50 percent of the reasonable value of the property. In this instance, the value of the property interest will be determined by the Corps of Engineers. If the value of the new disposal easement tract is determined to be more than \$50,000, the liability of the title company may be limited to 50 percent of the first \$50,000 and 25 percent of that portion of the value in excess of that amount. A separate title insurance policy will be required for each new disposal easement tract. The estimate of the value of each new disposal easement tract will be made once the Charleston District Engineer has approved all the tracts within that 10,000-foot reach. Once these values have been determined by the Corps, the required amount of each title insurance policy will be furnished to Horry County. The Savannah District Real Estate Office must be furnished with acceptable title insurance policies for the new disposal easement tracts within a particular 10,000-foot reach on or before the date that the Corps notifies Horry County that the appropriate disposal instrument has been executed and is ready for delivery.

The conveyance of the new disposal easement tracts by Horry County to the United States will be by warranty deed. The conveyance of the existing disposal easement interests by the United States to Horry County will be by a quitclaim deed. There will be an administrative fee in the amount of \$250 for

the disposal of the existing disposal easement interests in each 10,000-foot reach.

b. The second major item of responsibility for Horry County is the furnishing of maps and legal descriptions for the existing disposal easements and for the new disposal easement tracts within each 10,000-foot reach.

The Government has two types of property interests in and along the waterway. The first is what is known as the canal prism which primarily include the waterway channel. The second type of property interest is the dredged material disposal easement. This transfer program will generally involve the disposal easement areas (5,754 acres in Horry County).

In the acquisition and disposal of property interests of the United States, it is imperative that the legal descriptions and maps required in such transactions be as accurate as possible. A high degree of accuracy is essential in order for the conveyance of a property interest to be in conformity with applicable state law, to preclude encroachments, to properly manage Federally owned property, and, in this instance, to prevent the unintentional disposal of any of the United States' property interests within the canal prism. Consequently, the boundary lines for a portion of the existing disposal easements and the new disposal easements must be surveyed by an on-ground field survey. The survey of both areas must be performed by a land surveyor who is properly qualified and registered under the laws of the State of South Carolina (South Carolina Code Section 40-21-10, et. seq.). Based upon the data obtained from the field surveys, maps and legal descriptions of all the existing disposal easement areas and the new disposal easement areas within each 10,000-foot reach should be prepared and submitted to the Savannah District Real Estate Office for approval.

The survey of the boundary lines of the existing disposal easements and the new disposal easement tracts should not be initiated until the Charleston District Engineer has approved the location of the new disposal easement tracts for that 10,000-foot reach. When the new sites have been approved, the Savannah District Real Estate Office will advise Horry County with respect to which portion of the existing disposal easement boundary lines, if any, have to be surveyed. This determination will be based upon the location of the new disposal easement tracts in relation to the existing boundary lines. The boundary lines of the canal prism have already been surveyed and monumented by the Corps. Consequently, the extent of the survey required for the existing disposal easement boundary lines cannot be determined until the new sites have been approved. It should be emphasized that all the new disposal easement tracts will have to be surveyed and monumented.

Once the Savannah District Real Estate Office has advised Horry County as to which areas have to be surveyed, Horry County should proceed with surveying the boundary lines in accord with the following requirements. All field surveys will have a closure of 1' - 5,000'. All surveys will be tied to the South Carolina Grid System. All corners will be marked with concrete monuments. Where possible, all lines will be marked and painted. More detailed surveying instructions will be furnished Horry County prior to initiation of work.

Once the boundary lines have been surveyed, maps and legal descriptions will be prepared from the survey data. The legal descriptions, tract maps, and segment maps should be prepared in a form similar to examples furnished by the Savannah District Real Estate Office. The maps and legal descriptions should then be submitted to the Savannah District Real Estate Office for approval.

The maps and descriptions have to be furnished to the Corps before any action can be initiated to relinquish the United States disposal easement interest within a particular 10,000-foot reach.

RE: Property: Lot 1 on Plat Dated 8/24/05 by Culler Land Surveying Co.
 Owners: Thomas P. Lyons and Desiree J. Lyons
 Policy No.: P019073
 Policy Amount: \$100,000.00
 Claim No.: 11-360

Dear Mr. Haller:

This letter is the response of The Security Title Guarantee Corporation of Baltimore ("Security Title") to your claim letter concerning the above-referenced matter and your email dated October 10, 2011 in which you stated that Mr. and Mrs. Lyons would be willing to settle the claim you submitted on their behalf for the sum of \$80,000.00.

First, let me recite the facts as I understand them. By deed dated May 5, 2005, Thomas and Desiree Lyons acquired Lot 1 as shown on a map dated October 12, 1956 by S. D. Cox. Then, by deed dated October 28, 2005, Thomas and Desiree Lyons acquired a thirty-foot strip of land from McQuiddy & Johnston, LLC that was added to Lot 1 pursuant to a Reconfiguration Plat dated August 24, 2005 by Culler Land Surveying Co., Inc. ("Culler"). Subsequently, Mr. and Mrs. Lyons applied to Horry County, South Carolina for a building permit to construct a new house on the reconfigured Lot 1. Horry County denied the building permit due to its policy of only issuing building permits for the "repair, remodeling or replacement" of structures lying along the Intracoastal Waterway pursuant to Horry County Council Resolution R-143-03. Consequently, you submitted a claim under Mr. and Mrs. Lyons' title insurance policy on their behalf. Based upon the information I have received to date, your claim is denied for the reasons set forth herein.

Initially, I have provided you with a copy of the policy jacket for Mr. and Mrs. Lyons' particular policy form (you had only provided me with copies of the schedules). Please review Paragraph 1 of the Exclusions which exclude from coverage, "Governmental police power, and the existence or violation of any law or governmental regulation. This includes building and zoning ordinances and also laws and regulations concerning: land use; improvements on the Land; land division; environmental protection." Quite simply, Horry County's land use resolution is excluded from coverage by this "governmental police power" exclusion. Although this exclusion does not limit Covered Risk 13 ("You cannot use the land because use a single-family residence violates a restriction shown in Schedule B or an existing zoning law"); that Covered Risk is not applicable to Mr. and Mrs. Lyons' situation. The aforementioned

Reconfiguration Plat prepared by Culler depicts a "1 Story Dwelling" on the property. Via email dated October 10, 2011, you indicated that the referenced dwelling is a mobile home and that mobile homes are permissible along the Intracoastal Waterway. Indeed, Horry County Resolution R-143-03 states that Horry County has had a long established policy of allowing the placement of mobile homes on properties along the Intracoastal Waterway. In that the property can be used for a residence utilizing the existing mobile home, Covered Risk 13 is not applicable, and the governmental police power exclusion operates to exclude Mr. and Mrs. Lyons' claim from coverage.

Additionally, please review Paragraph 2 of the Exceptions from Coverage on Schedule B which excepts from coverage, "Easements, or claims of easements, not shown by the public records." You provided me with a "Deed to Rights of Way" dated August 17, 1932 in which South Carolina purports to convey easements to the United States of America. This document, however, provides more questions than it does answers. Initially, the properties in this document are described pursuant to map dated May 20, 1931 which is "on file in the office of the United States Engineer, Charleston, South Carolina." As you have not provided me with a copy of that map, it is unclear as to whether Mr. and Mrs. Lyons' property is depicted on that map. One also wonders whether that legal description is sufficient to create an easement under South Carolina law. More importantly, however, is the fact that none of the documents that you have provided to me indicate when and how South Carolina acquired the easements that it purports to convey in this document. In short, I have not seen any documents whereby South Carolina acquired an easement over Lot 1 (Mr. and Mrs. Lyons' property). Accordingly, the claim to a spoil easement is not shown by the public records, and is therefore excepted from coverage. As an aside, I note that the "Deed to Rights of Way" is outside Mr. and Mrs. Lyons' chain of title, and does not impart notice on anyone searching their title.

For the reasons set forth above, your settlement offer of \$80,000.00 is rejected, and Mr. and Mrs. Lyons' claim is denied. By setting forth the above grounds for denial of liability, Security Title is not waiving, but is expressly reserving, all applicable defenses to this title insurance claim. If you feel that I have misunderstood the facts of your claim, if there are additional facts that you feel should be considered, or if additional allegations are made that may bring this matter within coverage of the Policy, please contact me immediately. Security Title reserves the right to supplement this letter should additional facts be discovered and/or provided.

Sincerely,

Patrick S. Daly

All and singular, all that certain piece, parcel or lot of land, situate, lying and being in Socastee Township, County and State aforesaid as shown on map by S.D. Cox, dated October 12, 1956, and designated thereon as Lot No. 1.

This being the identical property as conveyed to the grantor by that specific deed of R.C. Bellamy and John L. Bellamy, recorded September 24, 1958 in Deed Book 212 at Page 167, Horry County Records; that specific deed of R.C. Bellamy, recorded February 27, 1973 in Deed Book 486 at Page 371, Horry County Records; and Corrective Deed recorded April 5, 1979 in Deed Book 638 at Page 834, Horry County Records.

TMS # 179-20-01-001 (hereinafter the "Martin tract").

7. The Lyons paid \$240,000.00 in cash for this land. The purpose of the property purchase was to build the Lyons' dream retirement home. A true and correct copy of the deed from Martin to the Lyons is attached hereto as Exhibit A.
8. Defendant Martin gave the plaintiffs a General Warranty Deed in exchange for the purchase.
9. On or about October 28, 2005, the Lyons purchased from McQuiddy & Johnston, LLC, the parcel of land generally described as the following:

All and singular, all that certain piece, parcel or lot of land, situate, lying and being in Socastee Township, Horry County, South Carolina, known and designated as Lot 1, all as is more particularly shown and delineated on a plat by Culler Land Surveying Co., Inc. dated August 24, 2005, and records 11-3-2005, in the Office of the ROD for Horry County in Plat Book 208, at Page 205. Said plat is incorporated by reference herein.

This being the same property acquired by the Grantors by deed of William D. Parker and Geraldine Parker dated September 9, 2005, and recorded September 9, 2005, in Deed Book 2974, at Page 1347, Horry County records.

TMS # 179-20-01-001 (hereinafter the "McQuiddy tract").

10. The Lyons paid \$100,000.00 in cash for the McQuiddy tract. A true and correct copy of the deed from Martin to the Lyons is attached hereto as Exhibit B. A subsequent corrective deed was filed on or about January 26, 2006 without notice to the Lyons to correct an alleged scrivener's error. A true and correct copy of the Corrective Deed is attached hereto as Exhibit C.
11. The McQuiddy tract is adjacent to the Martin tract. The Martin and McQuiddy tracts were combined into one parcel.
12. The Lyons purchased from Lawyers Title Insurance Corporation an insurance policy protecting the quality of the title to the Martin tract. A true and correct copy of said policy is attached hereto as Exhibit D.
13. In exchange for the Lyons' payment of a premium, which Lawyers Title has received and used, Lawyers Title promised, among other things, to "pay up to your actual loss or the Policy Amount in force when the claim is made" if "someone else has an easement on your land" or because, "you cannot use your land because use as a single-family residence violates a restriction shown on Schedule B or an existing zoning law."

14. The Lyons purchased from Security Title Guarantee Corporation of Baltimore an insurance policy protecting the quality of the title to the McQuiddy tract. A true and correct copy of said policy is attached hereto as Exhibit E.
15. In exchange for the Lyons' payment of a premium, which Security Title has received and used, it promised, among other things, to "pay up to your actual loss or the Policy Amount in force when the claim is made" if "someone else has an easement on your land" or because, "you cannot use your land because use as a single-family residence violates a restriction shown on Schedule B or an existing zoning law."
-
16. On or about July 3, 1930, the Congress of the United States enacted the River and Harbor Act, which, among other things, created the Intracoastal Waterway. Each state, including South Carolina was required to obtain a right-of-way over such property through which the Waterway would flow and over which spoil incident to the creation and maintenance of the Waterway could be dumped.
17. On August 17, 1932, Ibra C. Blackwood, as Governor of South Carolina, executed a Deed to Rights of Way over several tracts through which the Waterway would flow and over which spoil incident to the creation and maintenance of the Waterway could be dumped.
18. The Deed to Rights of Way was filed in the ROD for Horry County on September 17, 1932, and has remained of record since that time. A true and correct copy of said Deed to Right of Way is attached hereto as Exhibit F (hereinafter "Deed").
19. The Martin tract abuts the Intracoastal Waterway is part of the "Canal Prism" described in the Deed.

20. The McQuiddy tract abuts the Intracoastal Waterway is part of the "Canal Prism" described in the Deed.
21. The Martin tract is part of the "Spoil Disposal Area" described in the Deed.
22. The McQuiddy tract is part of the "Spoil Disposal Area" described in the Deed.
23. In or about 1983, Horry County took management with the Army Corps of Engineers of the "Spoil Disposal Area." Horry County's obligations were established in a "Tri-Party Agreement" dated December 8, 1982. A true and correct copy of the Tri-Party Agreement is attached hereto as Exhibit G.
24. Horry County Council enacted a zoning ordinance in order to carry out its obligations under the Tri-Party Agreement. Among other things, Horry County prohibited the issuance of building permits to build single-family residences.
25. Although the Deed was in the public record and provides constructive notice of the Spoil Drainage Area, the Lyons were unaware of the Spoil Drainage Area at the time of closing on the Martin and McQuiddy tracts.
26. In or about May of 2011, the Lyons attempted to obtain a permit to build their dream retirement home. The building permit request was rejected because of Horry County's policy as it related to properties in the Spoil Drainage Area. Hence, the Lyons cannot build the single-family residence intended when they bought the property.
27. The Deed is not excluded from the coverage afforded by the Lawyers Title policy on the Martin tract and the Deed is a "Covered Title Risk."
28. Although demand has been made by the Lyons for coverage under the policy and the Lyons have complied with all obligations required by the policy, Lawyers Title has failed and refused to comply with the terms and conditions of the same. Lawyers Title has

- unreasonably refused to respond to communications or pay benefits due without any cause or justification.
29. The Deed is not excluded from the coverage afford by the Security Title policy on the McQuiddy tract and is a "Covered Title Risk."
30. Although demand has been made by the Lyons for coverage under the policy and the Lyons have complied with all obligations under the same as required by the policy, Security Title has failed and refused to comply with the terms and conditions of the same. In fact, Security Title denied coverage by letter dated October 11, 2011, by misstating the facts and twisting the language of the policy. See Exhibit H.

11. Your title is unmarketable, which allows another person to refuse to perform a contract to purchase, to lease or to make a mortgage loan.

 - a notice of exercising the right appears in the public records on the Policy Date
 - the taking happened prior to the Policy Date and is binding on you if you bought the land without knowing of the taking

 - that are created, allowed, or agreed to by you
 - that are known to you, but not to us, on the Policy Date - unless they appeared in the public records
 - that result in no loss to you

4. Failure to pay value for your title.
5. Lack of a right:
 - to any land outside the area specifically described and referred to in Item 3 of Schedule A or
 - in streets, alleys, or waterways that touch your land

We are required to repay you only for those settlement costs, attorneys' fees and expenses that we approve in advance.

We can appeal any decision to the highest court. We do not have to pay your claim until your case is finally decided.

6. LIMITATION OF THE COMPANY'S LIABILITY.

a. We will pay up to your actual loss or the Policy Amount in force when the claim is made - whichever is less.

b. If we remove the claim against your title within a reasonable time after receiving notice of it, we will have no further liability for it.

If you cannot use any of your land because of a claim against your title, and you rent reasonable substitute land or facilities, we will repay you for your actual rent until:

- the cause of the claim is removed
or
- we settle your claim

c. The Policy Amount will be reduced by all payments made under this policy - except for costs, attorneys' fees and expenses.

d. The Policy Amount will be reduced by any amount we pay to our insured holder of any mortgage shown in this Policy or a later mortgage given by you.

e. If you do anything to affect any right of recovery you may have, we can subtract from our liability the amount by which you reduced the value of that right.

7. TRANSFER OF YOUR RIGHTS.

When we settle a claim, we have all the rights you had against any person or property related to the claim. You must transfer these rights to us when we ask, and you must not do anything to affect these rights. You must let us use your name in enforcing these rights.

We will not be liable to you if we do not pursue these rights or if we do not recover any amount that might be recoverable.

With the money we recover from enforcing these rights, we will pay whatever part of your loss we have not paid. We have a right to keep what is left.

8. ARBITRATION.

If it is permitted in your state, you or the Company may demand arbitration.

The arbitration shall be binding on both you and the Company.

The arbitration shall decide any matter in dispute between you and the Company.

The arbitration award may:

- include attorneys' fees if allowed by state law
- be entered as a judgment in the proper court. The arbitration shall be under the Title Insurance Arbitration Rules of the American Arbitration Association. You may choose current Rules or Rules in existence on Policy Date.

The law used in the arbitration is the law of the place where the property is located.

You can get a copy of the Rules from the Company.

9. OUR LIABILITY IS LIMITED TO THIS POLICY.

* The fee is based on the real property's value. Value means the realty's fair market value. In arm's length real property transactions, this value is the sales price to be paid in money or money's worth (e.g. stocks, personal property, other realty, forgiveness of debt, mortgages assumed or placed on the realty as a realty of the transaction). However, a deduction is allowed from this value for the amount of any lien or encumbrance existing on land, tenement, or realty before the transfer and remaining on it after the transfer.

b. If we remove the claim against your title within a reasonable time after receiving notice of it, we will have no further liability for it.

- the cause of the claim is removed; or
- we settle your claim

c. The Policy Amount will be reduced by all payments made under this policy - except for costs, attorneys' fees and expenses.

d. The Policy Amount will be reduced by any amount we pay to our insured holder of any mortgage shown in this Policy or a later mortgage given by you.

7. TRANSFER OF YOUR RIGHTS

When we settle a claim, we have all the rights you had against any person or property related to the claim. You must transfer these rights to us when we ask, and you must not do anything to affect these rights. You must let us use your name in enforcing these rights.

We will not be liable to you if we do not pursue these rights or if we do not recover any amount that might be recoverable.

With the money we recover from enforcing these rights, we will pay whatever part of your loss we have not paid. We have a right to keep what is left.

THIS AGREEMENT entered into this 8th day of December, 1983

CAROLINA COASTAL COUNCIL (hereinafter sometimes referred to as the "Coastal

W I T N E S S E T H T H A T:

WHEREAS, construction of the Atlantic Intracoastal Waterway, Little River
to Winyah Bay (hereinafter sometimes referred to as the "Project") was
authorized by the River and Harbor Act approved July 3, 1930 in accordance
with House Document No. 41, 71st Congress, 1st Session; and,

WHEREAS, the above cited Act of Congress required the local sponsor to
furnish without cost to the Government certain rights-of-way and easements for
the construction of the Project; and,

✓ WHEREAS, the State of South Carolina acting by and through the South
Carolina Inland Waterway Commission assumed the obligation to the Government
to provide the rights-of-way and easements required for the construction of
the Project and further assumed the obligation to provide additional
rights-of-way and easements if and when needed for the operation and
maintenance of the Project; and

WHEREAS, the State of South Carolina, as local sponsor for the Project, acquired the rights-of-way and easements for the construction of the Project and conveyed these rights-of-way and easements to the Government; and,

✓ WHEREAS, the State of South Carolina has conferred upon the South Carolina Coastal Council the responsibilities and obligations previously assumed by the South Carolina Inland Waterway Commission; and,

WHEREAS, Horry County in coordination with the Coastal Council has commenced negotiations with the Government for the reduction in size and possible change in location of the dredged material disposal easements situated within Horry County; and,

WHEREAS, the Government has preliminarily determined that a portion of its dredged material disposal easements are excess to Project needs and is willing to relinquish its interest in these easements provided that the County and Coastal Council agree to certain conditions hereinafter set forth; and,

WHEREAS, the County desires to assume the below mentioned responsibilities and obligations for that portion of the Project situated within Horry County and hereby represents that it has the authority and capability to furnish the designated non-Federal cooperation required for the Project and to perform and abide by the terms and conditions hereinafter provided; and,

WHEREAS, the Coastal Council hereby represents and reaffirms that it has the authority and capability to furnish the non-Federal cooperation required for the Project and to assume the performance of the terms and conditions herein after provided in the event the County fails or neglects to meet its obligations under this Agreement.

NOW THEREFORE, in consideration of the faithful performance of each party of the mutual covenants and agreements hereinafter set forth, it is mutually agreed as follows:

1. The County agrees to fulfill the requirements of non-Federal cooperation as enumerated in paragraphs a through f below for that portion of the Project situated in Horry County, South Carolina, to wit:

a. The County shall furnish without cost to the Government the dredged material disposal easements in the amount and location as provided for in Exhibit "A", attached hereto and by this reference made a part hereof. The acquisition and conveyance of said easements to the Government shall be accomplished in accordance with Exhibit "B", attached hereto and by this reference made a part hereof.

b. In the event the Government determines that dredged material has been placed on an easement site to such an extent that it becomes necessary to remove the dredged material from the easement site in order for the site to continue to be used, the County will remove said dredged material and other debris from the disposal site within 8 months of notification by the Government.

c. The County shall provide the Government and its contractors with access roads to all easement sites. The access roads shall be suitable for the County to utilize to empty the disposal areas, and shall be available for Government use at the time the disposal sites are conveyed to the Government. The County shall preserve all easement sites, including dikes and appurtenant structures, and rights-of-way in a condition so as to allow for the optimum use by the Government. The County shall protect all easement sites, including dikes and appurtenant structures and rights-of-way from damage, destruction, or encroachment by the County or third parties. The County shall promptly restore such sites to the condition aforesaid if they are determined to be unfit for use by the Government, provided, however, with the exception of

rights-of-way, the County shall not be responsible for damage or destruction to such sites caused by the Government or its contractors, or acts of God. The County shall not commit or permit any act which may interfere with the performance of any work by the Government or its contractors in connection with the use or maintenance of the easement sites.

d. In the event the Government requires additional dredged material disposal easements, the County will provide such additional disposal easements including rights-of-way to said easements, to the Government, and be responsible for all costs associated therewith.

e. The County covenants and agrees that in the event it does not possess the financial resources to meet its obligations assumed in this contract, then it will immediately take the necessary action to issue and sell general obligation bonds pledging the full faith and credit of the County, and said general obligation bonds will be in an amount sufficient to meet the obligations of the County herein.

f. The County shall hold harmless and indemnify the Government for any and all damages sustained by the Government which arise out of the negligence of the County or the County's failure to comply with the terms and conditions of this contract relative to the maintenance and use by the Government of the dredged material disposal easement sites, including dikes and appurtenant structures, or the easements for ingress and egress to said dredged material disposal easement sites.

2. a. The Coastal Council will assume and perform the obligations and responsibilities herein assumed by the County without cost to the Government in the event the County shall fail, neglect, or otherwise not perform any of the obligations and responsibilities herein set forth. In such event, the Coastal Council and the Government will cooperate in the prosecution of any judicial proceedings required to enforce this Agreement and the County shall reimburse the Coastal Council and/or the Government for all costs incurred by

reason of such default. The Government shall have the option, upon refusal of the County and/or Coastal Council, to perform the obligations in paragraph 1 above and collect from the County and/or Coastal Council the costs incurred thereby.

✓ b. Nothing contained herein is to be construed as relieving the Coastal Council from its legal responsibilities as local sponsor for the Atlantic Intracoastal Waterway in South Carolina in its currently authorized configuration, including that portion being and situate in Horry County, South Carolina, and specifically the responsibility to provide future additional lands and easements, including dredged material disposal easements, for the operation and maintenance of the Project, and to bear all costs associated therewith.

✓ c. The Coastal Council does hereby waive and release the Government, its successors and assigns and its or their officers, agents, servants and contractors from any and all claims for damages which may result from the operation and maintenance of the Project and the deposit of dredged material or other matter.

3. The Government shall relinquish to the County those dredged material disposal easements situated within Horry County which are determined excess to Project requirements in accordance with the terms and conditions specified in Exhibit "B". All determinations of excess are subject to the approval of the Secretary of the Army or his duly authorized representative and shall not be binding until so approved.

4. The parties to this Agreement act in an independent capacity in the performance of their respective functions under this Agreement and neither party is to be considered the officer, agent, or employee of the other.

5. All notices to be given pursuant to this Agreement shall be addressed, if to the County, to Horry County Administrator, P.O. Box 1236,

Conway, South Carolina 29526; if to the Coastal Council, to Executive Director, South Carolina Coastal Council, Summerall Center, 19 Hagood Avenue, Suite 802, Charleston, South Carolina 29403; or if to the Government, to District Engineer U.S. Army Corps of Engineers, Charleston, District, P.O. Box 919, Charleston, South Carolina 29402, or may from time to time be directed by the parties. Notice shall be deemed to have been duly given if and when inclosed in a properly sealed envelope or wrapper addressed as aforesaid and deposited postage prepaid in a post office or branch post office regularly maintained by the United States Government.

IN WITNESS WHEREOF, the parties hereto have executed this contract as of the day and year first above written.

DISPOSAL AREA REQUIREMENTS

The attached table lists the disposal area requirements based on future requirements with periodic emptying as required for Corps' use. The total area required is comprised of three elements defined as follows: Containment Area Acreage is that area required to contain the dredged material; Dike Area is that area occupied by the dike structure itself; and Setback Area is that area required to offset the dike from the property line, or the edge of the waterway, or as required for construction of drainage ditches. The containment area acreage is a fixed quantity; however, the dike area and setback area as listed in the table will vary depending on the physical characteristics of the sites proposed. The area requirements listed in the table are based on areas which are square.

Two disposal areas will be required for each reach. The average elevation shall be no higher than 12 feet (mean low water) above the elevation of the Atlantic Intracoastal Waterway, or they shall be reduced to that elevation prior to acceptance by the Government. They shall be so spaced that the maximum pumping distance is 5,000 feet.

The dikes shall be 10 feet high with a top width of 6 feet, and side slope of 3:1 outside and 2:1 inside. The setbacks are based on 75 feet on the water way side, 15 feet on one side and 30 feet on the back and remaining side for drainage.

EXHIBIT B
U.S. ARMY CORPS OF ENGINEERS
REQUIREMENTS FOR THE
TRANSFER OF DREDGED MATERIAL DISPOSAL EASEMENTS
HORRY COUNTY, SOUTH CAROLINA
ATLANTIC INTRACOASTAL WATERWAY

I. Introduction:

The following plan has been developed for the United States to relinquish its existing disposal easements within Horry County in return for much more restrictive easements over smaller areas. All transfers of property interests will be through Horry County. Horry County will acquire fee simple interest and hold the fee simple absolute interest in the new areas and subsequently will convey the necessary easement interest in these areas to the United States.

II. Basic Requirements:

The basic real estate regulation requirements for the transfer of the disposal easement areas are as follows:

- a. A declaration of excess from the Charleston District Engineer
- b. Map, legal description, and title insurance policy for the easement areas to be conveyed to the United States
- c. Map and legal description of the easement areas to be relinquished
- d. Real Estate map depicting the acquisition and disposal parcels
- e. Copy of proposed acquisition document.
- f. Written concurrence from the South Carolina Coastal Council

In order that the United States may be reasonably assured that its release of existing easements will not result in holding easements on substitute lands which are unsuitable in terms of environmental impacts and legal restraints, Horry County will provide the Corps with the following documents:

1. Written opinions from the South Carolina State Historical Preservation Officer and the National Park Service that the areas proposed by Horry County do not contain any significant historical or archeological resources that would prevent or restrict their use as a disposal area. Archeological surveys by the County may be required prior to obtaining these opinions.
2. Letters from the South Carolina Wildlife and Marine Resources Department and the U.S. Fish and Wildlife Service stating that the area does not contain any endangered species, critical habitat, or other fish and wildlife resources that would prohibit or restrict its use as a disposal area. Mitigation or special preparation of a site to avoid wildlife impacts will be accomplished by the County.
3. Letters from the Environmental Protection Agency and the South Carolina Department of Health and Environmental Control stating that the proposed area is suitable for dredged material disposal and that its use would not cause any foreseeable water quality problems.
4. Letter from the South Carolina Coastal Council stating that the use of the proposed areas would be consistent with the Coastal Zone Management Program.

The above letters would provide reasonable assurance that the lands proposed by Horry County for use by the Corps could actually be used in compliance with existing laws and regulations. In the event that one or more of the proposed areas cannot be used due to new laws, regulations, or

listings, Horry County, will be responsible for the acquisition of new areas of comparable size and location to replace the areas lost.

The transfer of the easement areas will proceed as follows: Each 10,000-foot reach along the waterway will be treated as a unit. Horry County will be responsible for contacting and coordinating with the individual landowners within each 10,000-foot reach. In conjunction with the individual owners, the county will select tentative disposal areas in accord with the environmental guidelines set forth above. The Charleston District Engineer will review the preliminary selections for conformance to the engineering criteria and for general acceptability from an environmental standpoint. The County will then obtain the various environmental approvals indicated above.

Once the proposed disposal areas for a particular reach have been tentatively approved by the Charleston District Engineer and once Horry County has furnished the required maps, legal descriptions, and title insurance policies to the Savannah District Real Estate Office, the Corps will then initiate action to have the specific disposal approved by the Secretary of the Army and the appropriate disposal instruments executed. When these actions have been completed, Horry County will be notified and requested to execute the instruments which will convey the new dredged material disposal easement sites to the United States. Upon delivery of these instruments to the Savannah District Real Estate Office, the Corps will furnish Horry County the disposal instruments. All instruments will then be recorded by Horry County. It will be the responsibility of Horry County to furnish the Savannah District Real Estate Office the recordation data (deed book and page number) for all instruments.

III. Specific Real Estate Requirements for Horry County:

Horry County will have the primary responsibility for providing the Corps with acceptable maps and legal descriptions for the easement areas to be disposed of and the new easement areas to be conveyed to the United States. It will also be the responsibility of Horry County to provide the Corps with acceptable title insurance policies for the new easement areas to be conveyed to the United States.

a. In order for the United States to be adequately protected with respect to its real estate interests, it is necessary that title insurance policies be procured. Title insurance policies will only be required for the new disposal easement tracts within each 10,000-foot reach. These policies must be obtained from title insurance companies which have been approved by the United States Department of Justice. The title insurance policies shall not limit the liability of the title company to a sum less than 50 percent of the reasonable value of the property. In this instance, the value of the property interest will be determined by the Corps of Engineers. If the value of the new disposal easement tract is determined to be more than \$50,000, the liability of the title company may be limited to 50 percent of the first \$50,000 and 25 percent of that portion of the value in excess of that amount. A separate title insurance policy will be required for each new disposal easement tract. The estimate of the value of each new disposal easement tract will be made once the Charleston District Engineer has approved all the tracts within that 10,000-foot reach. Once these values have been determined by the Corps, the required amount of each title insurance policy will be furnished to Horry County. The Savannah District Real Estate office must be furnished with acceptable title insurance policies for the new disposal easement tracts within a particular 10,000-foot reach on or before the date that the Corps notifies Horry County that the appropriate disposal instrument has been executed and is ready for delivery.

The conveyance of the new disposal easement tracts by Horry County to the United States will be by warranty deed. The conveyance of the existing disposal easement interests by the United States to Horry County will be by a quitclaim deed. There will be an administrative fee in the amount of \$250 for

the disposal of the existing disposal easement interests in each 10,000-foot reach.

b. The second major item of responsibility for Horry County is the furnishing of maps and legal descriptions for the existing disposal easements and for the new disposal easement tracts within each 10,000-foot reach.

The Government has two types of property interests in and along the waterway. The first is what is known as the canal prism which primarily include the waterway channel. The second type of property interest is the dredged material disposal easement. This transfer program will generally involve the disposal easement areas (5,754 acres in Horry County).

In the acquisition and disposal of property interests of the United States, it is imperative that the legal descriptions and maps required in such transactions be as accurate as possible. A high degree of accuracy is essential in order for the conveyance of a property interest to be in conformity with applicable state law, to preclude encroachments, to properly manage Federally owned property, and, in this instance, to prevent the unintentional disposal of any of the United States' property interests within the canal prism. Consequently, the boundary lines for a portion of the existing disposal easements and the new disposal easements must be surveyed by an on-ground field survey. The survey of both areas must be performed by a land surveyor who is properly qualified and registered under the laws of the State of South Carolina (South Carolina Code Section 40-21-10, et. seq.). Based upon the data obtained from the field surveys, maps and legal descriptions of all the existing disposal easement areas and the new disposal easement areas within each 10,000-foot reach should be prepared and submitted to the Savannah District Real Estate Office for approval.

The survey of the boundary lines of the existing disposal easements and the new disposal easement tracts should not be initiated until the Charleston District Engineer has approved the location of the new disposal easement tracts for that 10,000-foot reach. When the new sites have been approved, the Savannah District Real Estate Office will advise Horry County with respect to which portion of the existing disposal easement boundary lines, if any, have to be surveyed. This determination will be based upon the location of the new disposal easement tracts in relation to the existing boundary lines. The boundary lines of the canal prism have already been surveyed and monumented by the Corps. Consequently, the extent of the survey required for the existing disposal easement boundary lines cannot be determined until the new sites have been approved. It should be emphasized that all the new disposal easement tracts will have to be surveyed and monumented.

Once the Savannah District Real Estate Office has advised Horry County as to which areas have to be surveyed, Horry County should proceed with surveying the boundary lines in accord with the following requirements. All field surveys will have a closure of 1' - 5,000'. All surveys will be tied to the South Carolina Grid System. All corners will be marked with concrete monuments. Where possible, all lines will be marked and painted. More detailed surveying instructions will be furnished Horry County prior to initiation of work.

Once the boundary lines have been surveyed, maps and legal descriptions will be prepared from the survey data. The legal descriptions, tract maps, and segment maps should be prepared in a form similar to examples furnished by the Savannah District Real Estate Office. The maps and legal descriptions should then be submitted to the Savannah District Real Estate Office for approval.

The maps and descriptions have to be furnished to the Corps before any action can be initiated to relinquish the United States disposal easement interest within a particular 10,000-foot reach.

RE: Property: Lot 1 on Plat Dated 8/24/05 by Culler Land Surveying Co.
 Owners: Thomas P. Lyons and Desiree J. Lyons
 Policy No.: P019073
 Policy Amount: \$100,000.00
 Claim No.: 11-360

Dear Mr. Haller:

This letter is the response of The Security Title Guarantee Corporation of Baltimore ("Security Title") to your claim letter concerning the above-referenced matter and your email dated October 10, 2011 in which you stated that Mr. and Mrs. Lyons would be willing to settle the claim you submitted on their behalf for the sum of \$80,000.00.

First, let me recite the facts as I understand them. By deed dated May 5, 2005, Thomas and Desiree Lyons acquired Lot 1 as shown on a map dated October 12, 1956 by S. D. Cox. Then, by deed dated October 28, 2005, Thomas and Desiree Lyons acquired a thirty-foot strip of land from McQuiddy & Johnston, LLC that was added to Lot 1 pursuant to a Reconfiguration Plat dated August 24, 2005 by Culler Land Surveying Co., Inc. ("Culler"). Subsequently, Mr. and Mrs. Lyons applied to Horry County, South Carolina for a building permit to construct a new house on the reconfigured Lot 1. Horry County denied the building permit due to its policy of only issuing building permits for the "repair, remodeling or replacement" of structures lying along the Intracoastal Waterway pursuant to Horry County Council Resolution R-143-03. Consequently, you submitted a claim under Mr. and Mrs. Lyons' title insurance policy on their behalf. Based upon the information I have received to date, your claim is denied for the reasons set forth herein.

Initially, I have provided you with a copy of the policy jacket for Mr. and Mrs. Lyons' particular policy form (you had only provided me with copies of the schedules). Please review Paragraph 1 of the Exclusions which exclude from coverage, "Governmental police power, and the existence or violation of any law or governmental regulation. This includes building and zoning ordinances and also laws and regulations concerning: land use; improvements on the Land; land division; environmental protection." Quite simply, Horry County's land use resolution is excluded from coverage by this "governmental police power" exclusion. Although this exclusion does not limit Covered Risk 13 ("You cannot use the land because use a single-family residence violates a restriction shown in Schedule B or an existing zoning law"); that Covered Risk is not applicable to Mr. and Mrs. Lyons' situation. Claim 11-360
Page 2 of 2

Reconfiguration Plat prepared by Culler depicts a "1 Story Dwelling" on the property. Via email dated October 10, 2011, you indicated that the referenced dwelling is a mobile home and that mobile homes are permissible along the Intracoastal Waterway. Indeed, Horry County Resolution R-143-03 states that Horry County has had a long established policy of allowing the placement of mobile homes on properties along the Intracoastal Waterway. In that the property can be used for a residence utilizing the existing mobile home, Covered Risk 13 is not applicable, and the governmental police power exclusion operates to exclude Mr. and Mrs. Lyons' claim from coverage.

Additionally, please review Paragraph 2 of the Exceptions from Coverage on Schedule B which excepts from coverage, "Easements, or claims of easements, not shown by the public records." You provided me with a "Deed to Rights of Way" dated August 17, 1932 in which South Carolina purports to convey easements to the United States of America. This document, however, provides more questions than it does answers. Initially, the properties in this document are described pursuant to map dated May 20, 1931 which is "on file in the office of the United States Engineer, Charleston, South Carolina." As you have not provided me with a copy of that map, it is unclear as to whether Mr. and Mrs. Lyons' property is depicted on that map. One also wonders whether that legal description is sufficient to create an easement under South Carolina law. More importantly, however, is the fact that none of the documents that you have provided to me indicate when and how South Carolina acquired the easements that it purports to convey in this document. In short, I have not seen any documents whereby South Carolina acquired an easement over Lot 1 (Mr. and Mrs. Lyons' property). Accordingly, the claim to a spoil easement is not shown by the public records, and is therefore excepted from coverage. As an aside, I note that the "Deed to Rights of Way" is outside Mr. and Mrs. Lyons' chain of title, and does not impart notice on anyone searching their title.

For the reasons set forth above, your settlement offer of \$80,000.00 is rejected, and Mr. and Mrs. Lyons' claim is denied. By setting forth the above grounds for denial of liability, Security Title is not waiving, but is expressly reserving, all applicable defenses to this title insurance claim. If you feel that I have misunderstood the facts of your claim, if there are additional facts that you feel should be considered, or if additional allegations are made that may bring this matter within coverage of the Policy, please contact me immediately. Security Title reserves the right to supplement this letter should additional facts be discovered and/or provided.

Sincerely,

Patrick S. Daly

assert the property conveyed by McQuiddy & Johnston, LLC, on or about October 28, 2005, consisted of a tract measuring approximately thirty (30') feet by one-hundred and twenty (120') feet, formerly a portion of Lot Number 2 as shown on that certain plat dated September 2, 2005, prepared for William D. 11. Paragraph 10 is admitted to the extent it alleges it alleges the affidavit filed in conjunction with the conveyance referenced in paragraph 9 of the First Amended Complaint recited the sum of \$100,000.00, as consideration for the purchase by the Lyons of the property described in paragraph 9 of the First Amended Complaint. Further responding to this paragraph, it is admitted to the extent it alleges a subsequent corrective deed was recorded on or about January 26, 2006, in the Office of the ROD for Horry County. FOR A THIRD DEFENSE

41. Each and every allegation contained in this Answer is incorporated herein as if set forth verbatim.
42. Exclusion number one of the owner's title insurance policy issued the Lyons by Security Title excludes from coverage "loss, costs, attorneys' fees and expenses resulting from [g]overnmental police power, and the existence or violation of any law or government regulation." This exclusion goes on to say that it includes "building and zoning ordinances and also laws and regulations concerning land use [and] improvements on the land...." Security Title is informed and believes that the claims set forth in the First Amended Complaint are the result of the exercise by Horry County of its police power in regard to the

enforcement of a law, regulation and/or ordinance regarding building, zoning, land use or improvements on land and therefore those claims are excluded from coverage as set forth above.

FOR A FOURTH DEFENSE

43. Each and every allegation contained in this Answer is incorporated herein as if set forth verbatim.

44. The Deed, as described in the First Amended Complaint, is specifically excluded from coverage by exclusion number 3 of the title insurance policy issued the Lyons by Security

Title in that it is not within the Lyons' chain-of-title and therefore did not provide constructive notice of its contents.

FOR A FIFTH DEFENSE

45. Each and every allegation contained in this Answer is incorporated herein as if set forth verbatim.

46. The Plaintiffs have failed to mitigate their damages.

FOR A SIXTH DEFENSE

47. Each and every allegation contained in this answer is incorporated herein as if set forth verbatim.

48. Security Title would show that an award of punitive damages in this case would violate the 5th, 6th, and 14th Amendments to the United States Constitution and Article One, Section 3 of the South Carolina Constitution.

49. Security Title would further show that even if punitive damages are awarded, and Security Title specifically denies the Plaintiffs are entitled to any such award, the amount of punitive

damages cannot exceed the amount of any actual damages, the entitlement to which Security Title also specifically denies.

FOR A SEVENTH DEFENSE

50. Each and every allegation contained in this Answer is incorporated herein as if set forth verbatim.

51. The Plaintiffs claims are barred by the doctrines of waiver and estoppel.

Wherefore, having fully set forth its Answer to the First Amended Complaint, Security Title would respectfully request the First Amended Complaint be dismissed, with costs, and that the Court grant Security Title such other and further relief as the Court may deem just and proper.

12. If you denied or qualified your answer to Request for Admission Number 5 served on your contemporaneously herewith, state each and every fact in support of your denials or qualifications.

ANSWER: Security Title was not the drafter of the substantive provisions of the policy attached as Exhibit A to the Plaintiffs' Requests for Admission. The substantive provisions of that policy were drafted by the American Land Title Association

(ALTA) and are commonly referred to as an ALTA Residential Title Insurance Policy (6-1-87) adopted by the ALTA. The ALTA Residential Title Insurance Policy (6-1-87), was reformed somewhat to conform with other title insurance policies issued by Security Title and in the form of the policy attached as Exhibit A to the Plaintiffs' Request for Admission was approved for issuance by or on behalf of Security Title in the State of South Carolina by the South Carolina Department of Insurance.

ANSWER: Not applicable.

19. If you denied or qualified your answer to Request for Admission Number 12 served on your contemporaneously herewith, state each and every fact in support of your denials or qualifications.

ANSWER: Not applicable.

20. If you denied or qualified your answer to Request for Admission Number 13 served on your contemporaneously herewith, state each and every fact in support of your denials or qualifications.

ANSWER: Not applicable.

21. If you denied or qualified your answer to Request for Admission Number 14 served on your contemporaneously herewith, state each and every fact in support of your denials or qualifications.

ANSWER: The title insurance policy attached as Exhibit B to the Requests for Admission was issued on behalf of Stewart Title Guaranty Company and is not identical to the policy issued by Security Title to the Plaintiffs. Schedules A and B of Exhibit B are not identical as they provide different dates of policy, property descriptions, policy amounts, names of insureds, policy numbers, agent file numbers, premium amounts, exceptions and the like. Exhibit B is in a different format than the title insurance policy issued by Security Title in regard to the subject transaction.

HORRY COUNTY
13 MAY - 7 PM 1:30
MELANIE HUGGINS-WARD
CLERK OF COURT

Fidelity National Title Ins. Co. (Fidelity), as successor by merger to Lawyers Title Ins. Corporation and The Security Title Guarantee Corp. of Baltimore (Security Title), through its undersigned counsel, respectfully submits the following return to the plaintiffs' motion for partial summary judgment.

I. PARTIES AND PROPERTY

The plaintiffs are Thomas P. and Desiree J. Lyons (Lyons). The defendants are Fidelity and Security Title. Bobby Gene Martin (Martin) is also a defendant and cross-claim defendant. Mr. Martin was just served in March of 2013 with both the summons and complaint and the cross-claim, which was asserted against him by Fidelity.¹

¹ The Lyons' assert a breach of Martin's deed warranties and Fidelity alleges a claim for equitable indemnification.

The property involved is described generally as lot 1 on a plat entitled Reconfiguration Plat of Lots 1, 2, 2A and 3 of the R.C. Bellamy Subdivision. The reconfiguration accomplished by this plat added an approximate 30 foot by 120 foot portion of the adjacent lot 2 to lot 1.

Plaintiffs' property was conveyed in two transactions occurring in May and October 2005. In May, for the stated consideration of \$240,000.00, Martin conveyed what was formerly lot 1 and in November a different grantor who is not a party and for the stated consideration of \$100,000.00, conveyed the 30 by 120 foot portion of lot 2.

In conjunction with the first transaction Fidelity issued plaintiffs an owners title insurance policy in the fact amount of \$240,000.00, and in the second transaction Security Title issued plaintiffs an owners title insurance policy in the amount of \$100,000.00.

II. CAUSES OF ACTION

Plaintiffs assert in their first amended complaint their property is subject to a spoils easement in favor of the United States Corps of Engineers to which there was no exception in either title policy. Plaintiffs' assert in May 2011 they were denied a building permit because of an Horry County policy "related to properties in the" spoil easement area.

Plaintiffs assert the following causes of action against Fidelity and Security Title; (1) breach of contract; and (2) bad faith failure to a first party insurance claim.

Fidelity and Security Title have denied the general allegations contained in the complaint and have asserted the following affirmative defenses; (1) exclusion 1 of their respective title policies which exclude "loss, costs, attorneys' fees and expenses resulting from [g]overnmental police power, the existence or violation of any law or government regulations" which also excludes "building and zoning ordinances and also laws and regulations concerning land use [and] improvements on the

land...;" (2) Fidelity has asserted a statute of limitations defense and Security Title has moved to amend its answer to include this affirmative defense; (3) failure to mitigate; (4) a constitutional defense to punitive damages and (5) waiver and estoppel. In addition and as indicated above, Fidelity has asserted a claim sounding in equitable indemnification against Martin.

III. PENDING MOTIONS

Plaintiffs seek partial summary judgment against Fidelity and Security Title in the face amount of their respective title policies based on *Whitlock v. Stewart Title Guaranty Co.*, 399 S.C. 610, 732 S.E.2d 626, 627 (2012). In addition, Fidelity and Security Title have filed motions for summary judgment or, in the alternative, partial summary judgment, addressing principally their affirmative defenses. Fidelity and Security Title respectfully submit all summary judgment motions should be heard together and, therefore, submit the hearing on plaintiffs' motion should be continued to accomplish this.

IV. ARGUMENT

A. Rule 7(b).

SCRCP, Rule 7(b) requires motions to state "with particularity the grounds therefore...." Plaintiffs motion sets forth neither facts nor argument, it simply states the relief sought. Fidelity and Security Title respectfully submit plaintiffs' motion should be denied on this basis.

B. Rule 56.

Under South Carolina law, "[i]n order to withstand a motion for summary judgment in cases applying the preponderance of the evidence burden of proof, the non-moving party is only required to submit a mere scintilla of evidence." *Turner v. Milliman*, 392 S.C. 116, 122, 708 S.E.2d 766, 769 (2011). The South Carolina Supreme Court has defines the word "scintilla" as a "gleam," a

“glimmer,” a “spark,” the “least particle,” and the “smallest trace.” *Beathea v. Floyd*, 177 S.C. 521, 181 S.E. 721, 724 (1935), (citation omitted).

Fidelity and Security Title submit there is more than a “mere scintilla” of evidence present sufficient to deny plaintiffs’ motion.

C. Disputed facts - Horry County Resolution not a covered matter.

On or about November 4, 2003, the Horry County Council adopted Resolution R-143-03, (Resolution) which provided as follows:

Horry County Council resolves to authorize the issuance of building permits to repair, remodel or replace existing structures within the spoil easements along the Intercostal Waterway, but to otherwise continue the policy of denying building permits in this area. Mobile homes within the spoil area may only be replaced with mobile homes.

Plaintiffs assert Horry County denied them a building permit to construct a residence on the property because of the Resolution.

* Title insurance indemnifies against loss from defects, liens, or encumbrances affecting title. The asserted refusal of Horry County to issue plaintiff a building permit is not a matter affecting title. *Elysian Inv. Group, LLC v. Stewart Title Guar. Co.*, 105 Cal. App. 4th 315, 129 Cal. Rptr. 2d 372 (2002). In *Elysian*, recorded on the public land records was a notice from the Department of Building and Safety to the effect the premises located on the property was substandard and subject to forced removal. There was no exception in the title policy for this notice. The court nevertheless granted the title insurance company summary judgment holding the notice did not affect title to the property, only its use. See also *Haw River Land & Timber Co., Inc. v. Lawyers Title Ins. Corp.*, 152 F.3d 275, 278 (4th Cir. 1998)(applying North Carolina law, and cited with approval in *Shea Homes, LLC v. Old Republic Nat. Title Ins. Co.*, 2007 WL 3334210 (W.D. N.C. 2007) (“...[T]itle to

property does not characterize the property as valuable, merchantable or even usable...."); *McMaster v. Strickland*, 305 S.C. 527, 530, 409 S.E.2d 440, 442 (Ct. App. 1991) ("While the purchaser may not be able to use the property for the purpose for which he sought [because of a wetlands determination], such does not mean the sellers cannot deliver marketable title.").

The same analysis applies here - the asserted refusal of Horry County to issue plaintiffs a building permit does not affect their title to the property, only its use.

Plaintiffs' motion, therefore, should be denied.

D. Disputed facts - Exclusion 1 to the title policies.

Exclusion number 1 of the policy excludes from coverage "loss, costs, attorneys' fees, and expenses resulting from [g]overnmental police power, and the existence or violation of any law or government regulation." This exclusion goes on to say it excludes such matters as "building and zoning ordinances and also laws and regulations concerning land use [and] improvements on the land...."

Based on the interrogatory responses of plaintiffs (which are attached hereto and marked collectively as **Exhibit "A"**), a mobile home was on the property when it was purchased, but was later removed. The Resolution does not preclude mobile homes being on the property and allows replacement.

Submitted with this Return and marked as **Exhibit "B"** is the affidavit of Patrick S. Daly, Esq., underwriting and claims counsel for Security Title in which he says the Horry County

resolution quoted above is not a "public record" as that term is defined in the title policy² and a mobile home is a single family residence as that term is defined in the policy.

Fidelity and Security Title respectfully submit Exclusion 1 precludes coverage and plaintiffs' motion should be denied and entitle defendants to summary judgment on plaintiffs' claims.³

E. Disputed facts - statute of limitation.

Fidelity has asserted a limitations defense and Security Title has moved to amend its answer to assert this affirmative defense.

On March 15, 2013, Fidelity and Security Title served a subpoena by mail the United States Army Corps. of Engineers (COE) seeking documents related to the subject property. The COE responded by e-mail on April 9, 2013, producing a number of documents related to the subject property. Two of the documents produced indicate plaintiffs knew or should have known the property was the subject of a spoils easement in favor of the COE as early as October 20, 2006. In particular, document entitled "Joint Public Notice" which was issued in conjunction with plaintiffs' application to construct a dock on their property says "... [i]t is understood that this work will be conducted on/or adjacent to an area subject to a prism and/or disposal easement held by the United States." Further, in a letter dated March 19, 2007, address to the Lyons, in the care of the company doing the dock design work, the COE said, "... [i]t is recognized that this structure is to be constructed on/or adjacent to an area subject to a prism and/or disposal easement held by the United

³ As indicated above, Fidelity and Security Title have filed motions for summary judgment.

States in perpetuity in conjunction with a Congressionally authorized project for the maintenance and improvement of the Atlantic Intracoastal Waterway..." Attached hereto and marked collectively as **Exhibit "C"** are copies of these documents.

S.C. Code Ann. § 15-3-530(1) provides a 3 year limitations period for contract actions. This limitations period begins to run when "the injured party either knows or should have known by the exercise of reasonable diligence that a cause of action arises from wrongful conduct." *Martin v. Companion Healthcare Corp.*, 357 S.C. 570, 575-576, 593 S.E.2d 624, 627 (Ct. App. 2004) (citations omitted). Here, plaintiffs knew or should have known of the spoils easement as early as October 2006, more than 3 years before this action was filed. Further, any knowledge plaintiffs' agent (the company plaintiffs' engaged for their dock design) had concerning the spoil easement, would be imputed to the plaintiffs. *Crystal Ice Co. of Cola., Inc. v. The First Colonial Corp.*, 273 S.C. 306, 257 S.E.2d 496 (1979).

The Honorable Carmen T. Mullen, Circuit Judge, came to a similar conclusion in regard to a statute of limitations defense in a case captioned *Segars v. Fidelity Nat. Title Ins. Co.*, Civil Action Number 2011-CP-07-0093.⁴ A copy of Judge Mullen's order is attached hereto marked as **Exhibit "D"**.

The statute of limitations defenses establish more than a scintilla of evidence and, therefore, plaintiffs' motion should be denied.

F. Disputed facts - *Whitlock v. Stewart Title Guar. Co.*

Citing *Whitlock*, plaintiffs assert they should be granted partial summary judgment in the face amount of their Fidelity and Security Title title policies.

⁴ Judge Mullen's ruling is presently on appeal with the South Carolina Court of Appeals.

The *Whitlock* decision was the South Carolina Supreme Court's answer to a certified question posed by the federal district court in *Whitlock v. Stewart Title*, Civil Action Number 4:10-CV-01992. The question certified was as follows:

In the case of a *partial* failure of title which is covered by an owner's title insurance policy, where the title defect cannot be removed, should the actual loss suffered by the insured as a result of that partial failure of title be measured by the *diminution* in value of the insured property as a result of the title defect as of the *date* of the purchase of the insured property, or as of the *date* of the discovery of the title defect.

Whitlock, ____ S.C. ____, 732 S.E.2d 626, 627 (2012) (Emphasis added).

In *Stanley v. Atlantic Title Ins. Co.*, 377 S.E.2d 405, 411 - 412, 661 S.E.2d 62, 65 - 66 (2008), a case cited in *Whitlock's* majority and dissenting opinions, the court said:

Depending on the circumstances, the loss of a title's value can be measured [under a title insurance policy] in a variety of ways. For instance, an owner's loss can be the fair market value of a portion of the property which has proven completely unmarketable; the cost of removing the defect from the property; or the difference in the values of the property with and without the defect. ...

...
The fact that property may be useless or may be put to only limited use does not mean that the property is not marketable. This has been recognized in South Carolina jurisprudence, most recently by the court of appeals in the case of *McMaster v. Strickland*, 305 S.C. 527, 409 S.E.2d 440 (Ct. App. 1991). In that case ... [t]he court of appeals held that there was no evidence the title was unmarketable because 'there is no evidence that the sellers do not own the property. ... [f]urther, there is no evidence it is unlawful to sell the property[.] [T]herefore, it is legally, if not actually marketable.

Citations omitted, emphasis added.

Whitlock dealt with the *date of valuation*. *Stanley* dealt with the *method of valuation*.⁵ The date of valuation and the method of valuation of a loss resulting from a partial failure of title are related, but distinct, questions.

In this case, the spoilage easement covers plaintiffs' property. However, it has not rendered the property useless. For example and as is pointed out above and supported by plaintiffs' responses to interrogatories, a mobile home was located on the property when purchased by plaintiffs and plaintiffs have received a limited amount of income from the property by renting it for storage purposes. Plaintiff retains ownership of the property and its sale would not be unlawful. *See McMaster*.

Accordingly, of the three valuation methods suggested by *Stanley*, the difference in the values of the property with and without the spoil easement is one appropriate measure of damages. The date of valuation, in accordance with *Whitlock*, is the date of purchase.

Plaintiffs suggest they are entitled to partial summary judgment in the amount of \$240,000.00 and \$100,000.00, because that was the purchase price of the property and the face amount of the title insurance policies. This argument disregards *Stanley's* method of valuation. It assumes the value of the property on the date of purchase was \$240,000.00 and \$100,000.00, assumes the spoilage easement results in a complete failure of title (which it is not) and ignores the other half of the *Stanley* valuation equation⁶ - the value of the property with the encumbrance of the spoil easement.⁷

⁵ "*Stanley* is concerned with methodology for measuring the damages caused by a title defect which affects only a portion of the property, not with the timing of that valuation." *Whitlock* at ___, 732 S.E.2d, 629. (Pleicones, J., dissenting).

⁶ The South Carolina Supreme Court's answer to the certified question cited *Stanley* with approval, it did not overrule *Stanley* in any respect. The certified question concerned the timing of the valuation of an actual loss resulting from a partial failure of title. *Stanley* concerned the

Fidelity and Security Title respectfully submit there is nothing in the South Carolina Supreme Court's opinion answering the certified question, the certified question itself, the face amount of the policies, the purchase prices of the property or the policies themselves,⁸ whether considered individually, together, or in any combination, which support plaintiffs' assertion they are entitled to partial summary judgment in the amounts of \$240,000.00 and \$100,000.00.

Further, Fidelity and Security Title have obtained a diminution in value appraisal of the property, a portion of which is attached hereto and marked as **Exhibit "E"**. While Fidelity and Security Title deny liability under the policies, this diminution in value appraisal establishes far more than a scintilla of evidence in regard to plaintiffs' motion for partial summary judgment and, therefore, the motion should be denied.

G. Disputed facts - Failure to mitigate damages.

Fidelity and Security Title have pleaded as an affirmative defense a failure to mitigate damages.

Following their purchase of the property, plaintiffs listed the property for sale. The listing agreement ran from September 12, 2006 to September 12, 2007. During this period, plaintiffs' received one offer in the amount of \$475,000.00. Precisely when this offer was made during the

methodology of determining such a loss.

⁷ See *McMaster* at 530, 409 S.E.2d, 442. Cf. *Scalise Dev. Inc. v. Tidelands Investment, LLC*, 392 S.C. 27, 36, 707 S.E.2d 440, 445 (2011) ("Here, unlike in *McMaster*, there was evidence the Appellants did not own the portions of the Property below the mean high water mark....").

⁸ The policies provide Fidelity and Security Title will pay "up to your actual loss or the Policy Amount in force when the claim is made - whichever is less."

listing period plaintiffs' could not recall, but plaintiff's rejected offer. Attached hereto and marked collectively as **Exhibit "F"** are the deposition excerpt concerning this offer.

One who claims to be injured by another is required to do those things an ordinary prudent person would do under similar circumstances to avoid damages which are reasonable avoidable. *Tri-County Leasing Corp. v. Stevens, Stevens & Thomas, P.A.*, 287 S.C. 338, 338 S.E.2d 343 (Ct. App. 1985).

Here, plaintiffs had an opportunity to sell the property for \$135,000.00 more than the total they paid. Rejecting the \$475,000.00 offer establishes more than a scintilla of evidence in opposition to plaintiffs' motion and it, therefore, should be denied.

VI. CONCLUSION

Based on the foregoing, Fidelity and Security Title respectfully request plaintiffs motion be denied or in the alternative continued.

Patrick S. Daly, Esq., first being duly sworn, deposes and says:

1. I am an attorney, licensed to practice law in the State of Maryland. I am over the age of 18 and competent to provide the following affidavit on behalf of The Security Title Guarantee Corporation of Baltimore (Security Title). This affidavit is based on my first-hand knowledge of the events related.
2. I was admitted to practice in the State of Maryland in 1998. I have been employed by Security Title since August 23, 2010. I have been involved in handling title insurance claims since 2003. My present position at Security Title is Underwriting and Claims Counsel and I held that position during the time I was assigned to the plaintiffs' claim.
3. In evaluating plaintiffs' claim, I followed my usual procedure of reviewing the closing file, title work and the submissions of plaintiffs' lawyer. I also consulted with Security Title's South Carolina State Manager, who is a South Carolina attorney.
4. I authored the letter dated October 11, 2011, a copy of which is attached hereto, which denied plaintiffs' claim. The first basis for my denial was Exclusion 1 of the plaintiffs' title policy. Exclusion 1 excludes from coverage matters involving the exercise of governmental police power and the existence or violation of any law or governmental regulation. This exclusion includes building and zoning ordinances and laws and regulations concerning land use, improvements on land, land division and environmental protection.
5. In my opinion, Horry County Resolution R-143-03, and its affect on the subject property falls within Exclusion 1.

6. Further, Covered Risk Number 13 of the title policy insures against plaintiffs' property not being able to be used as a single family residence because such use violates a restriction excepted to under the title policy or violates an existing zoning ordinance or law. The survey referenced in my October 11, 2011, letter shows a one story dwelling located on the property which counsel for the plaintiffs informed me was mobile home, a structure specifically permitted under Horry County Resolution R-143-03. I consider a mobile home to be a single family residence as that term is used in the title policy and, therefore, do not believe Covered Risk 13 as applicable to plaintiffs' claim.
7. Finally, in my opinion, Horry County Resolution R-143-03 is not a Public Record as that term is defined in the title policy.

Further the affiant sayeth not.

RE: Property: Lot 1 on Plat Dated 8/24/05 by Culler Land Surveying Co.
Owners: Thomas P. Lyons and Desiree J. Lyons
Policy No.: P019073
Policy Amount: \$100,000.00
Claim No.: 11-360

Dear Mr. Haller:

This letter is the response of The Security Title Guarantee Corporation of Baltimore ("Security Title") to your claim letter concerning the above-referenced matter and your email dated October 10, 2011 in which you stated that Mr. and Mrs. Lyons would be willing to settle the claim you submitted on their behalf for the sum of \$80,000.00.

First, let me recite the facts as I understand them. By deed dated May 5, 2005, Thomas and Desiree Lyons acquired Lot 1 as shown on a map dated October 12, 1956 by S. D. Cox. Then, by deed dated October 28, 2005, Thomas and Desiree Lyons acquired a thirty-foot strip of land from McQuiddy & Johnston, LLC that was added to Lot 1 pursuant to a Reconfiguration Plat dated August 24, 2005 by Culler Land Surveying Co., Inc. ("Culler"). Subsequently, Mr. and Mrs. Lyons applied to Horry County, South Carolina for a building permit to construct a new house on the reconfigured Lot 1. Horry County denied the building permit due to its policy of only issuing building permits for the "repair, remodeling or replacement" of structures lying along the Intracoastal Waterway pursuant to Horry County Council Resolution R-143-03. Consequently, you submitted a claim under Mr. and Mrs. Lyons' title insurance policy on their behalf. Based upon the information I have received to date, your claim is denied for the reasons set forth herein.

Initially, I have provided you with a copy of the policy jacket for Mr. and Mrs. Lyons' particular policy form (you had only provided me with copies of the schedules). Please review Paragraph 1 of the Exclusions which exclude from coverage, "Governmental police power, and the existence or violation of any law or governmental regulation. This includes building and zoning ordinances and also laws and regulations concerning: land use; improvements on the Land; land division; environmental protection." Quite simply, Horry County's land use resolution is excluded from coverage by this "governmental police power" exclusion. Although this exclusion does not limit Covered Risk 13 ("You cannot use the land because use a single-family residence violates a restriction shown in Schedule B or an existing zoning law"); that Covered Risk is not applicable to Mr. and Mrs. Lyons' situation. The aforementioned

Claim 11-360

Reconfiguration Plat prepared by Culler depicts a "1 Story Dwelling" on the property. Via email dated October 10, 2011, you indicated that the referenced dwelling is a mobile home and that mobile homes are permissible along the Intracoastal Waterway. Indeed, Horry County Resolution R-143-03 states that Horry County has had a long established policy of allowing the placement of mobile homes on properties along the Intracoastal Waterway. In that the property can be used for a residence utilizing the existing mobile home, Covered Risk 13 is not applicable, and the governmental police power exclusion operates to exclude Mr. and Mrs. Lyons' claim from coverage.

Additionally, please review Paragraph 2 of the Exceptions from Coverage on Schedule B which excepts from coverage, "Easements, or claims of easements, not shown by the public records." You provided me with a "Deed to Rights of Way" dated August 17, 1932 in which South Carolina purports to convey easements to the United States of America. This document, however, provides more questions than it does answers. Initially, the properties in this document are described pursuant to map dated May 20, 1931 which is "on file in the office of the United States Engineer, Charleston, South Carolina." As you have not provided me with a copy of that map, it is unclear as to whether Mr. and Mrs. Lyons' property is depicted on that map. One also wonders whether that legal description is sufficient to create an easement under South Carolina law. More importantly, however, is the fact that none of the documents that you have provided to me indicate when and how South Carolina acquired the easements that it purports to convey in this document. In short, I have not seen any documents whereby South Carolina acquired an easement over Lot 1 (Mr. and Mrs. Lyons' property). Accordingly, the claim to a spoil easement is not shown by the public records, and is therefore excepted from coverage. As an aside, I note that the "Deed to Rights of Way" is outside Mr. and Mrs. Lyons' chain of title, and does not impart notice on anyone searching their title.

For the reasons set forth above, your settlement offer of \$80,000.00 is rejected, and Mr. and Mrs. Lyons' claim is denied. By setting forth the above grounds for denial of liability, Security Title is not waiving, but is expressly reserving, all applicable defenses to this title insurance claim. If you feel that I have misunderstood the facts of your claim, if there are additional facts that you feel should be considered, or if additional allegations are made that may bring this matter within coverage of the Policy, please contact me immediately. Security Title reserves the right to supplement this letter should additional facts be discovered and/or provided.

Sincerely,

Dear Mr. and Ms. Lyons:

This letter is in response to a Pre-Construction Notification (PCN) dated September 25, 2006. By submittal of the PCN, you requested verification that the proposed project is authorized by Department of the Army General Permit # 2006-10-001.

The PCN contains the following identifying information for this project. The work affecting navigable waters of the United States is part of an overall project known as Lyons Dock as shown on drawing sheets 1-5 of 5 titled "Lyons Dock" and dated May 24, 2006. The work specifically consists of joining an existing 10' X 12' dock to the proposed 11' X 15' covered fixed pierhead by an irregularly shaped 56 square foot pierhead. The fixed pierhead will be partially covered by a 12' X 16' roof. A 10' X 12.5' boatlift will be constructed downstream of the pierhead. A 150' linear bulkhead will be constructed above mean high water (MHW). The project is located on Atlantic Intracoastal Waterway at lot adjacent to and east of 2340 John Henry Lane, Horry County, South Carolina.

Based on a review of the information provided, it has been determined that the proposed activity will result in minimal individual and cumulative adverse environmental effects and is not contrary to the public interest. Furthermore, it appears that the activity meets the terms and conditions of Department of the Army General Permit #2006-10-001.

For this authorization to remain valid, the project must comply with the terms and conditions listed in the enclosed copy of the General Permit, and the following special conditions:

1. That prior to beginning the authorized work the permittee must obtain all appropriate state certifications and/or authorizations (i.e. 401 Water Quality Certification, Coastal Zone Management Consistency Determination, State Navigable Waters Permit).
2. That the structure(s) do not exceed the dimensions specified in the above mentioned PCN, including any supplemental information or revised permit drawings that were submitted to the Corps by the permittee;
3. That the permittee shall submit a signed letter to the Corps within 60 days following completion of the project stating that the authorized work was completed in accordance with this General Permit.

4. That the permittee agrees to provide, as a part of the completion notification, as-built drawings which indicate all dimensions of the structure as well as the distance between the centerline of the federal channel, and the waterward edge of the authorized structure. These drawings must be prepared by a registered land surveyor and submitted within sixty (60) days of the completion of the structure. Failure to provide these drawings will result in non-compliance with the General Permit and further enforcement action will be taken.
5. It is recognized that this structure is to be constructed on/or adjacent to an area subject to a prism and/or disposal easement held by the United States in perpetuity in conjunction with a Congressionally authorized project for the maintenance and improvement of the Atlantic Intracoastal Waterway. This authorization does not convey any property rights either in real estate or material or any exclusive use privileges; nor does it relinquish any right the United States has for the use of its easement or the maintenance and future widening or deepening of the Atlantic Intracoastal Waterway pursuant to its easement rights.
6. It is understood and agreed that if the District Engineer determines this structure shall in any way in the future conflict with the improvement, operation, maintenance and widening or deepening of the federal channel, the owners themselves, their heirs, successors and assigns will remove said structure within 45 days from the date that written notice is given by the District Engineer, and there shall be no entitlement to compensation from the United States for damage or injury.
7. Conveyance of this permit applies only to the structure authorized and does not authorize the construction of any permanent structure or any structure suitable for habitation or any utility leading either to permanent structures suitable for habitation or to permanent structures within the bounds of areas on which the Corps of Engineers enjoys easement rights.
8. That permittee agrees that no permanent structures, beyond those authorized by this document, will be placed on the prism easement or on any adjacent disposal easement without written approval of the District Engineer.
9. That the Secretary of the Army, representing the United States of America, hereby consents to the herein authorized facilities or structures to be located on or across easement lands vested in the United States of America for the construction and operation of the federal channel. The permittee shall not engage in any act which may interfere with or abridge the easement interests of the United States, except those specifically authorized herein.
10. That any Corps of Engineers Waterway Control Monument can not be disturbed without first notifying this office 30 days in advance. After coordination with this office, a decision will be made as to the proper steps to be taken with regard to removing and relocating the monuments(s).

In all future correspondence concerning this matter, please refer to our file number SAC 2006-2458-3GT. A copy of this letter is being forwarded to certain State and/or Federal agencies for their information. If you have any questions concerning this matter, please contact Jay M. FOURTEENTH JUDICIAL CIRCUIT
Civil Action No. 2011-CP-07-0093

2012 MAY 24 AM 10:25
CLERK OF COURT
BEAUFORT COUNTY, S.C.

ORDER GRANTING DEFENDANT'S
MOTION TO DISMISS

THIS MATTER CAME ON FOR HEARING before the Honorable Carmen T. Mullen, Judge presiding over the April 25, 2012 Session of the Beaufort County Common Pleas Court upon the motion of Defendant Fidelity National Title Insurance Company to dismiss Plaintiff's Complaint pursuant to Rules 12(b)(2), 12(b)(4), 12(b)(5), and 12(b)(6).

Attorney Michael Mogil entered an appearance on behalf of Plaintiff, and attorney Amy Hunt appeared on behalf of Defendant. The Court reviewed and considered the Complaint, Motions to Dismiss, authorities presented, and arguments of counsel; and the Court makes the following findings of fact and conclusions of law:

1. The title insurance policies at issue in this lawsuit were issued on June 23, 2004 (the Lot 2 Policy) and August 9, 2004 (the Lot 3 Policy).
2. The restrictions and plats of which Plaintiff complains were matters of public record prior to the issuance of the title insurance policies and are specifically referenced in the policies.
3. Plaintiff filed two prior actions against the same Defendant on July 16, 2008 (Beaufort County Case Number 2008-CP-07-2579) and August 4, 2008 (Beaufort County Case

HTPL: 514126v4

EXHIBIT 13 "D"

Number 2008-CP-07-2741). In these prior actions, the claims against Defendant were substantially the same as in the present action.

4. A Stipulation of Dismissal without prejudice was filed as to both of the prior actions on February 19, 2010.

5. The present action was filed on February 24, 2011.

6. The Court finds that Plaintiff discovered or should have discovered the facts underlying his Complaint at the time of the issuance of the title insurance policies, because the matters of which he now complains were matters of public record at that time. Plaintiff is not a bona fide purchaser because sufficient record notice was available as of the date of the issuance of the policies to charge him with a duty to inquire, which if pursued with due diligence, would have supplied him with knowledge of the restrictions and plats.

7. Accordingly, the Court finds that Defendant's Motion to Dismiss should be allowed, because Plaintiff's claims are all barred by the applicable statute of limitations under S.C. Code. Ann. § 15-3-530(1).

IT IS HEREBY ORDERED that the motion to dismiss is allowed as to all claims in the Complaint.

AND IT IS SO ORDERED.

RE: My File No. 13-A-132, Lot 1, John Henry Lane, Myrtle Beach, SC.
"Before and After Values", Spoil Easement Impact

At your request, I have inspected and appraised the above-referenced property and prepared the following Summary Appraisal Report. The subject property includes a 31-acre lot on the Intracoastal Waterway at 2380 John Henry Lane in the Forestbrook section of Myrtle Beach, SC. The subject property will be more particularly described within the body of this Summary Appraisal Report.

This Summary Appraisal Report is intended to comply with the reporting requirements set forth under Standards Rule 2-2(b) of the Uniform Standards of Professional Appraisal Practice For A Summary Appraisal Report. As such, it presents little discussion of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's work file and can be made available if needed.

The purpose of this appraisal is to make an estimate of the Market Value of the subject property described herein under two different assumptions. The first appraised value assumes that the subject property is a buildable lot and can be utilized for residential purposes, accommodating a freestanding, stick built, residential structure. The second appraisal scenario is based upon the assumption that the subject lot is located within a spoil easement, and that building regulations will not allow stick built homes, only mobile homes within such spoil areas. The effective date of the appraisal under either assumption is October 28, 2005.

As previously stated, the subject property has been valued under two different assumptions, "buildable and unbuildable". Based on the information contained in this report, it is my opinion that the difference in value for the subject property as a result of the spoilage easement can best be estimated in the amount of:

ONE HUNDRED AND EIGHTY-FIVE THOUSAND DOLLARS

FOR A SECOND DEFENSE

2. Paragraph 1 is denied as Security Title lacks sufficient information or belief upon which to form an opinion as to its truth or falsity.
3. Paragraph 2 is admitted to the extent it alleges that Lawyers Title Insurance Corporation is a foreign corporation, duly licensed to conduct business in the State of South Carolina by the South Carolina Department of Insurance. To the extent any allegation in this paragraph

remains unanswered, the same is denied, as Security Title lacks sufficient information or belief upon which to form an opinion as to its truth or falsity.

4. Paragraph 3 is denied as Security Title lacks sufficient information or belief upon which to form an opinion as to its truth or falsity.
5. 9. Paragraph 8 is admitted.

10. Paragraph 9 is admitted to the extent it alleges the deed to the Lyons from McQuiddy & Johnston, LLC, described the property thereby conveyed in accordance with the language which is quoted in this paragraph. Further responding to this paragraph, Security Title would assert the property conveyed by McQuiddy & Johnston, LLC, on or about October 28, 2005, consisted of a tract measuring approximately thirty (30') feet by one-hundred and twenty (120') feet, formerly a portion of Lot Number 2 as shown on that certain plat dated September 2, 2005, prepared for William D. Parker, Geraldine Parker and Betty Joe Robins, by Culler Land Surveying Co., the same thereafter being recorded in the Office of the ROD for Horry County at Plat Book T-522, at Page 006 / 007. To the extent any allegation in this paragraph remains unanswered, the same is denied, as Security Title lacks sufficient information or belief upon which to form an opinion as to its truth or falsity.
11. Further responding to this paragraph, it is admitted to the extent it alleges a subsequent corrective deed was recorded on or about January 26, 2006, in the Office of the ROD for Horry County. 12. Paragraph 11 is admitted.
13. Paragraph 12 is admitted to the extent it alleges the Lyons purchased a Lawyers Title Insurance Corporation owner's title insurance policy. To the extent that this paragraph seeks

to quote, paraphrase or characterize the Lawyers Title Insurance Corporation owner's title insurance policy, Security Title would crave reference to the policy itself for its specific terms and import. To the extent any allegation in this paragraph remains unanswered, the same is denied, as Security Title lacks sufficient information upon which to form an opinion as to its truth or falsity.

14. To the extent paragraph 13 seeks to quote, paraphrase or characterize the Lawyers Title Insurance Corporation owner's title insurance policy issued to the Lyons, Security Title would crave reference to the owner's title insurance policy itself for its specific terms and import. To the extent any allegation in this paragraph remains unanswered, the same is denied, as Security Title lacks sufficient information or belief upon which to form an opinion as to its truth or falsity.
15. Paragraph 14 is admitted to the extent it alleges that the Lyons purchased an owner's title insurance policy from Security Title. To the extent this paragraph seeks to quote, paraphrase, or characterize the owner's title insurance policy purchased by the Lyons from Security Title, Security Title would crave reference to that policy itself for its specific terms of import. To the extent any allegation in this paragraph remains unanswered, the same is denied as Security Title lacks sufficient information or belief upon which to form an opinion as to its truth or falsity.

Responding to paragraphs 15, 16 and 17, to the extent these paragraphs seek to quote, paraphrase or characterize the owner's title insurance policy the Lyons purchased from Security Title, an Act of the Congress of the United States, or a deed dated August 17, 1932, or any other written document, Security Title would crave reference to those written

documents for their specific terms and import. To the extent any allegation in this paragraph remains unanswered, the same is denied as Security Title lacks sufficient information or belief to form an opinion as to its truth or falsity.

17. Paragraph 18 is admitted to the extent that it alleges the document referred to as a "Deed to Rights of Way," was recorded in the Office of the ROD for Horry County on or about September 17, 1932. FOR A THIRD DEFENSE

41. Each and every allegation contained in this Amended Answer is incorporated herein as if set forth verbatim.
42. Exclusion number one of the owner's title insurance policy issued to the Lyons by Security Title excludes from coverage "loss, costs, attorneys' fees and expenses resulting from [g]overnmental police power, and the existence or violation of any law or government regulation." This exclusion goes on to say that it includes "building and zoning ordinances and also laws and regulations concerning land use [and] improvements on the land...."

Security Title is informed and believes that the claims set forth in the First Amended Complaint are the result of the exercise by Horry County of its police power in regard to the enforcement of a law, regulation and/or ordinance regarding building, zoning, land use or improvements on land and therefore those claims are excluded from coverage as set forth above.

FOR A FOURTH DEFENSE

43. Each and every allegation contained in this Amended Answer is incorporated herein as if set forth verbatim.

44. The Deed, as described in the First Amended Complaint, is specifically excluded from coverage by exclusion number 3 of the title insurance policy issued the Lyons by Security Title in that it is not within the Lyons' chain-of-title and therefore did not provide constructive notice of its contents.

FOR A FIFTH DEFENSE

45. Each and every allegation contained in this Amended Answer is incorporated herein as if set forth verbatim.

46. The Plaintiffs have failed to mitigate their damages.

FOR A SIXTH DEFENSE

47. Each and every allegation contained in this Amended Answer is incorporated herein as if set forth verbatim.

48. Security Title would show that an award of punitive damages in this case would violate the 5th, 6th, and 14th Amendments to the United States Constitution and Article One, Section 3 of the South Carolina Constitution.

49. Security Title would further show that even if punitive damages are awarded, and Security Title specifically denies the Plaintiffs are entitled to any such award, the amount of punitive damages cannot exceed the amount of any actual damages, the entitlement to which Security Title also specifically denies.

FOR A SEVENTH DEFENSE

50. Each and every allegation contained in this Amended Answer is incorporated herein as if set forth verbatim.
51. The Plaintiffs claims are barred by the doctrines of waiver and estoppel.

FOR AN EIGHTH DEFENSE

52. Each and every allegation contained in this Amended Answer is incorporated herein as if set forth verbatim.
53. Plaintiffs' complaint is barred by the applicable statute of limitations.

Wherefore, having fully set forth its Answer to the First Amended Complaint, Security Title would respectfully request the First Amended Complaint be dismissed, with costs, and that the Court grant Security Title such other and further relief as the Court may deem just and proper.

TO: LOUIS H. LANG, ESQ., ATTORNEY FOR THE DEFENDANTS

In support of their motions for summary judgment, the plaintiffs call the Court's attention to the Defendant's Motion for Summary Judgment and the "undisputed" facts stated therein.¹ Further, the plaintiffs ask the court to take judicial notice of the order of The Honorable R. Bryan Harwell in case number 4:10-cv-01992-RBH, *Whitlock v. Stewart Title Insurance Co.*, involving the identical facts and substantive policy as is at issue here, as shown by the Defendants' "undisputed" facts.² There is no genuine issue of material fact as to the plaintiffs' prayer for summary judgment.

As to the Defendants' argument relating to the statute of limitations, the contracts are instruments under seal and, hence, the statute of limitations is 20 years.³ S.C. Code Ann. §15-3-520(b) ("Within twenty years: an action upon a sealed instrument...").

The property can only be legally used as a spoilage dump site. As a result, it is worthless and plaintiffs are entitled to a judgment against the defendants in the amount of \$340,000.00, plus interest.⁴

¹ Pages 1-3 of the same, as served on the plaintiffs, are attached hereto as Exhibit A.

² Attached hereto as Exhibit B.

³ Contracts attached hereto as Exhibits C and D.

Plaintiffs also call the Court's attention to the record on file submitted by the parties.

TO: DAVID K. HALLER, ESQ., COUNSEL FOR THE PLAINTIFFS AND THE PLAINTIFFS:

YOU WILL PLEASE take notice that ten (10) days after the service hereof, or as soon thereafter as counsel may be heard, the defendants in the above matter, Fidelity National Title Ins. Co., as successor by merger to Lawyers Title Insurance Company (FNTIC) and The Security Title Guarantee Corporation of Baltimore (STGC) will move this Honorable Court pursuant to SCRCP, Rule 56, for an order dismissing this case with prejudice as there is no genuine issue of material fact and FNTIC and STGC are entitled to judgment as a matter of law.

FACTS

The undersigned is informed and believes that the following facts are undisputed:

The property subject to this dispute (Subject Property) is located in Horry County, South Carolina, and fronts on the Intra-Coastal Waterway. The Subject Property consists of a residential

lot approximately three tenths of an acre in area upon which was formerly located a residence made up of a mobile home onto which a number of extensions and additions had been added over the years.

Plaintiffs purchased the property in two separate transactions. On May 5, 2005, for the stated consideration of \$240,000.00, plaintiffs purchased what had been described as lot 1 on a plat of lots 1, 2 and 3 dated August 24, 1970, recorded in the public land records for Horry County. The second transaction closed on October 28, 2005 at which time and for the stated consideration of \$100,000.00, plaintiffs purchased an approximate 30 by 120 foot strip of property which formerly had been a portion of adjacent lot 2 as shown on the August 24, 1970 plat. The entirety of the Subject Property, i.e., lot 1 acquired in May 2005 and the portion of lot 2 acquired in October 2005, is shown as lot 1 on a plat dated August 24, 2005 and recorded on the public land records for Horry County.

In conjunction with the first transaction, FNTIC issued the Lyons an owners title insurance policy in the amount of the purchase price and in conjunction with the second transaction, STGC issued the Lyons an owners title insurance policy in the amount of the second transaction purchase price. These policies are substantively identical.

In 1931, a predecessor-in-interest of plaintiffs conveyed to the State of South Carolina what is generally described as a spoils easement over the Subject Property and adjacent property. This easement is recorded in the land records of Horry County. The spoils easement was given so as to provide for the construction and maintenance of what became the Intra-Coastal Waterway.

On or about November 4, 2003, the Horry County Council adopted Resolution R-143-03, which provided as follows:

Horry County Council resolves to authorize the issuance of building permits to repair, remodel or replace existing structures within the spoil easements along the Intercoastal Waterway, but to otherwise continue the policy of denying building permits in this area. Mobile homes within the spoil area may only be replaced with mobile homes.

Attached hereto, marked as Exhibit "A" is a copy of this resolution.

Plaintiffs filed claims with FNTIC and STGC on May 19, 2011, and defendants acknowledged the claims by letter. FNTIC and STGC fully investigated the claims, reviewing the title examinations and closing files of the respective closing attorneys and considering the submissions of plaintiffs.

By letter dated September 12, 2011, while reserving its rights to further investigate the claim and to assert any exclusion or exception under its title policy, FNTIC informed counsel for plaintiffs the claim was "potentially" covered. However, prior to FNTIC taking final action on the claim, this action was filed. STGC, citing among other reasons exclusion 1 to its title policy, denied the claim by letter dated October 11, 2011.

Plaintiffs assert Horry County refused to issue them a building permit to build a residence on the subject property.

ARGUMENT

A motion for summary judgment shall be granted "if the pleadings, depositions, answers to interrogatories, and admissions on file, together with the affidavits, if any, show there is no genuine issue as to any material fact and that the moving party is entitled to a judgment as a matter of law." SCRCF, Rule 56. In considering a summary judgment motion, the court must view the facts in the light most favorable to the non-moving party. *Koester v. Carolina Rental Ctr., Inc.*, 313 S.C. 490,

FLORENCE DIVISION

Joetta P. Whitlock, Trustee of the
Joetta P. Whitlock Trust,

Plaintiff,

vs.

Stewart Title Guaranty Company,

Defendant.

Civil Action No.: 4:10-cv-01992-RBH

ORDER

This is an action in which Plaintiff, Joetta P. Whitlock, Trustee of the Joetta P. Whitlock Trust, seeks damages against the defendant, Stewart Title Guaranty Company, for breach of contract based on an owner's title insurance policy issued by the defendant to the plaintiff. The case is before the Court on cross motions for summary judgment. A hearing was held on July 26, 2011, with appearances by Gene Connell, Jr., counsel for the plaintiff, and Louis Lang, counsel for the defendant.

The undisputed facts show that on October 30 2006 the plaintiff purchased for cash a lot located at 2330 John Henry Lane, Myrtle Beach, South Carolina for \$410,000.00. The lot borders on the Intra-coastal Waterway. Plaintiff purchased an owner's title insurance policy from the defendant at closing for the face amount of \$410,000, the amount of the purchase price. In January of 2010, the plaintiff went to the Horry County Building Department to begin the process of obtaining a building permit to construct a home on the property. Plaintiff learned that the United States Army Corps of Engineers had a spoilage easement on the property for dredging the Intracoastal Waterway and that the easement had been on the property since the 1930s. (See copy of easement at Docket Entry # 29-1). Plaintiff also learned about the existence of a county resolution (R-143-03, Docket Entry # 18-3) which had been in effect since 2003. The resolution allowed the issuance of building

permits in the area for repair, remodeling, and replacement of existing structures but continued the County's previous policy not to otherwise allow building permits. The resolution allowed mobile homes to be replaced only by mobile homes. (Docket Entry # 15-2). It is undisputed that the easement and resolution were in effect at the time the title policy was issued.

Plaintiff filed this action in state court on April 6, 2010. The defendant removed the case to this court on the basis of diversity of citizenship.

In its motion for summary judgment, Defendant Stewart Title Guaranty Company contends that the lawsuit should be dismissed because the plaintiff failed to give proper notice to the defendant of the claim¹; that Exclusion 1 of the policy, which excludes losses from the exercise of governmental police power, bars the claim; and that the value of any loss should be measured as of the date of discovery of the title defect. Plaintiff has moved for summary judgment on liability only and contends the case presents jury issues regarding damages.

At the hearing, the Court requested additional briefing on the issue of damages. Therefore, this order pertains only to liability. An issue relating to damages will be certified to the South Carolina Supreme Court by separate order.

Summary Judgment Standard

"The court shall grant summary judgment if the movant shows that there is no genuine dispute as to any material fact and the movant is entitled to judgment as a matter of law." Fed. R. Civ. P. 56(a) (2010). "A party asserting that a fact cannot be or is genuinely disputed must support the assertion by: (A) citing to particular parts of materials in the record . . .; or (B) showing that the materials cited do not establish the absence or presence of a genuine dispute, or that an adverse party cannot produce

¹ At the hearing on the cross motions for summary judgment, the defendant withdrew its motion on the basis of notice, so the Court will not discuss that ground in this order.

admissible evidence to support the fact." Fed. R. Civ. P. 56(c)(1).

When no genuine issue of any material fact exists, summary judgment is appropriate. *See Shealy v. Winston*, 929 F.2d 1009, 1011 (4th Cir. 1991). The facts and inferences to be drawn from the evidence must be viewed in the light most favorable to the non-moving party. *Id.* However, "the mere existence of *some* alleged factual dispute between the parties will not defeat an otherwise properly supported motion for summary judgment; the requirement is that there be no *genuine* issue of *material* fact." *Anderson v. Liberty Lobby, Inc.*, 477 U.S. 242, 247-48 (1986).

"[O]nce the moving party has met [its] burden, the nonmoving party must come forward with some evidence beyond the mere allegations contained in the pleadings to show that there is a genuine issue for trial." *Baber v. Hospital Corp. of Am.*, 977 F.2d 872, 874-75 (4th Cir. 1992). The nonmoving party may not rely on beliefs, conjecture, speculation, or conclusory allegations to defeat a motion for summary judgment. *See id.* Rather, the nonmoving party is required to submit evidence of specific facts by way of affidavits, depositions, interrogatories, or admissions to demonstrate the existence of a genuine and material factual issue for trial. *Celotex Corp.*, 477 U.S. at 322.

ISSUE: Does Policy Exclusion 1 exclude coverage?

Defendant asserts that Exclusion 1 bars coverage in this case. That exclusion provides:

In addition to the exceptions in Schedule B, you are not insured against loss, costs, attorneys' fees and expenses resulting from:

1. Governmental police power, and the existence or violation of any law or government regulation. This includes building and zoning ordinances and also laws and regulations concerning:

- land use
- improvements on the land
- land division
- environmental protection

This exclusion does not apply to violations or the enforcement of these matters which appear in the public records at Policy Date.

This exclusion does not limit the zoning coverage described in Items 12 and 13 of

the covered title risks. (Emphasis added).

The "Covered Title Risks" of the policy state that the policy covers "the following title risks, if they affect your title on the Policy Date":

"10. Someone else has an easement on your land. . . 13. You cannot use the land because use as a single-family residence violates a restriction shown in Schedule B or an existing zoning law. 14. Other defects, liens or encumbrances."

The policy defines "easement" as "the right of someone else to use your land for a special purpose." It defines "public records" as title records that give constructive notice of matters affecting your title-according to the state statutes where your land is located." The policy does not define "single-family residence".

"As with contracts generally, the cardinal principle in construing insurance contracts is that the intention of the parties controls." *Poston v. National Fidelity Ins. Co.*, 303 S.C. 182, 185, 399 S.E.2d 770 (1990). Where the terms of a contract are clear and unambiguous and capable of only one reasonable interpretation, the court should construe the contract. *Hansen ex rel. Hansen v. United Services Automobile Ass'n*, 350 S.C. 62, 565 S.E.2d 114 (S.C.App. 2002). "Whether a contract is ambiguous is to be determined from the entire contract and not from isolated portions of the contract. . . A contract is ambiguous only when it may fairly and reasonably be understood in more ways than one. . . Common sense and good faith are the leading touchstones of the inquiry." *Farr v. Duke Power Co.*, 265 S.C. 356, 218 S.E.2d 431 (1975). "Even if an ambiguity exists in a contract, extrinsic evidence may not be considered if the ambiguity is a patent ambiguity." *Beaufort County School Dist. v. United Nat. Ins. Co.*, 392 S.C. 506, 709 S.E.2d 85, 95 (Ct. App. 2011). "A patent ambiguity is one that arises upon the words of a will, deed, or contract. . . A latent ambiguity exists when there is no defect arising on the face of the instrument, but arising when attempting to apply the words of the instrument to the object or subject described . . . Interpretation of an

unambiguous policy, or a policy with a patent ambiguity is for the court." *Id.*

A contract is ambiguous when it is capable of more than one meaning when viewed objectively by a reasonably intelligent person who (1) has examined the context of the entire integrated agreement and (2) is cognizant of the customs, practices, usages, and terminology as generally understood in the particular trade or business. *Laser Supply and Services, Inc. v. Orchard Park Associates*, 676 S.E.2d 139 (S.C. App. 2009).

Insurance contracts are construed against the drafter, and in favor of coverage for the insured. *General Acc. Ins. Co. v. Safeco Ins. Companies*, 314 S.C. 63, 443 S.E. 2d 813 (Ct. App. 1994). Insurance policy exclusions are construed "most strongly against the insurance company, which also bears the burden of establishing the exclusion's applicability." *Owners Ins. Co. v. Clayton*, 364 S.C. 555, 614 S.E.2d 611, 614 (2005). The rule that insurance contracts must be construed against the insurer applies to title insurance contracts. *First Carolinas Joint Stock Land Bank of Columbia v. New York Title*, 172 S.C. 435, 174 S.E. 402 (1934). Title insurance "is designed to save (the insured) harmless from any loss through defects, liens, or encumbrances that may affect or burden his title when he takes it." *Firstland Village Associates v. Lawyer's Title Insurance Co.*, 277 S.C.184, 284 S.E.2d 582 (1981).

Exclusion Number 1 does not apply, by its specific terms, to the situation in the case at bar. First, the exclusion provides that it does not apply to "violations or the enforcement of these matters which appear in the public records at Policy Date." It is uncontroverted that, as shown by the affidavits of the real estate attorney (Exhibit F to Docket Entry # 18) and title examiner (Exhibit E to Docket Entry # 18), the spoilage easement was of record and available for title examination in South Carolina before the issuance of this policy. See Docket Entry # 29-1, Deed from Julia R. Sessions to State of South Carolina, recorded November 9, 1931. Defendant argues that the Horry

County resolution, although in existence at the time of the closing, does not constitute a “public record” under state statute, citing S.C. Code Ann. § 30-7-10 (1976). Section 30-7-10 provides that all deeds, mortgages, liens, and “generally *all instruments in writing conveying an interest in real estate* required by law to be recorded in the office of the register of deeds . . . are valid so as to affect the rights of subsequent creditors . . . or purchasers for valuable consideration without notice, only from the day and hour when they are recorded in the office of the register of deeds. . . where the real property affected is situated.” (Emphasis added). Plaintiff contends that a government regulation is inherently a public record and that, as a result, the policy provides coverage.

The court must construe the policy exclusion against the drafter and must also consider the purpose of the policy, read as a whole. The title policy provides broad coverage for title problems caused by zoning laws and for laws and regulations concerning land use and improvements on the land. Zoning designations are part of the “public records.” *See Carolina Chloride, Inc. v. Richland County*, No. 27013, 2011 WL 3206901, at * 4 (S.C. July 25, 2011), rehearing granted, September 22, 2011. Here, the insurance company was the drafter of the contract. It could have easily defined the term “public record” as not covering zoning laws. *See also, New England Federal Credit Union v. Stewart Title Guarantee Co.*, 171 Vt. 326, 765 A.2d 450, 456 (2000) (“Finally, we note that Stewart Title could have readily achieved the more narrow definition of public records that it seeks here simply by excluding from the definition certain locations where public records containing information about matters relating to land are maintained. . . Unlike the Stewart Title policy, however, the title insurer in [another case] added language explaining that, “without limitation, such records shall not be construed to include records in any of the offices of federal, state or local environmental protection, zoning, building, health or public safety authorities.”) Therefore, the exclusion does not apply as a matter of law because the term “public record”, although defined, is

patently ambiguous and should be construed as covering local zoning regulations.²

Additionally, Exclusion 1 states that it does not limit the zoning coverage described in Items 12 and 13 of the covered title risks. Item 13 of the covered title risks refers to zoning laws that prohibit use of the property as a single-family residence. Again, "single family residence" is not defined in the policy. Plaintiff argues that "single family residence" ordinarily means site-built homes, while Defendant argues that it also includes mobile homes. The undisputed facts are that Horry County will not allow the plaintiff to obtain a permit to build a site-built home on the property and that she has a mobile home on the property. The Court finds that the term "single-family residence" is patently ambiguous and must be construed against the drafter so as not to include a mobile home. Therefore, the plaintiff cannot use the land for a single-family residence because of the zoning law, and Exclusion 1 does not apply.

On the basis of the above, the Court finds that Exclusion Number 1 does not apply as a matter of law.

Conclusion

The Court has carefully examined the record in the case at bar and has determined that no genuine issue of material fact exists as to liability, and judgment as a matter of law for the plaintiff as to liability is appropriate. For the foregoing reasons, the undersigned grants the plaintiff's [25] Motion for Summary Judgment as to liability and denies the defendant's [15] Motion for Summary Judgment, as it pertains to liability. The Court reserves ruling on the defendant's [15] Motion for

² Interestingly, the exceptions contained in Schedule B of the title policy exclude coverage for several matters that are not listed in the recording statute. The policy lists "2. increase or decrease in area due to rise and fall of tidewaters of the Intracoastal Waterway." It also lists rights of the State of South Carolina and the South Carolina Coastal Council as provided by statute or regulation. (Exception Numbers 3, 4, 5, and 6). It also refers to rights of the public to use the property as a public beach. (Exception 8).

Summary Judgment insofar as it relates to damages, as the Court is certifying a question to the South Carolina Supreme Court. The defendant's motion in limine (Docket Entry # 35) is taken under advisement.

AND IT IS SO ORDERED.

1 Q Was that done after April of 2011, or before April
2 of 2011?

3 A After.

4 Q Okay, and again, why was that?

5 A The property's useless.

6 Q Do you know how much the property is worth now?

7 A Nothing.

8 Q Okay. Well, have you --

9 A If you -- if you put anything on it, you've got to

13 Q Do you know if the Corps of Engineers have ever

15 A That's why I can't build on it.

16 Q Sure, I understand that.

17 A You know what I'm saying?

18 Q But do you know if the Corp. has ever done that?

19 A Personally, no.

Lyons (the "Lyons"), as being \$240,000.00. The balance of the paragraph is denied, as Security Title lacks sufficient information or belief upon which to form an opinion as to its truth or falsity.
9. Paragraph 8 is admitted.

10. Paragraph 9 is admitted to the extent it alleges the deed to the Lyons from McQuiddy & Johnston, LLC, described the property thereby conveyed in accordance with the language which is quoted in this paragraph. Further responding to this paragraph, Security Title would assert the property conveyed by McQuiddy & Johnston, LLC, on or about October 28, 2005, consisted of a tract measuring approximately thirty (30') feet by one-hundred and twenty (120') feet, formerly a portion of Lot Number 2 as shown on that certain plat dated September 2, 2005, prepared for William D. Further responding to this paragraph, it is admitted to the extent it alleges a subsequent corrective deed was recorded on or about January 26, 2006, in the Office of the ROD for Horry County. To the extent any allegation in this paragraph remains unanswered, the same is denied, as Security Title lacks sufficient information or belief upon which to form an opinion as to its truth or falsity.
12. Paragraph 11 is admitted.
13. Paragraph 12 is admitted to the extent it alleges the Lyons purchased a Lawyers Title Insurance Corporation owner's title insurance policy. To the extent that this paragraph seeks

to quote, paraphrase or characterize the Lawyers Title Insurance Corporation owner's title insurance policy, Security Title would crave reference to the policy itself for its specific terms and import. To the extent any allegation in this paragraph remains unanswered, the same is denied, as Security Title lacks sufficient information upon which to form an opinion as to its truth or falsity.

14. To the extent paragraph 13 seeks to quote, paraphrase or characterize the Lawyers Title Insurance Corporation owner's title insurance policy issued to the Lyons, Security Title ~~would crave reference to the owner's title insurance policy itself for its specific terms and~~ import. To the extent any allegation in this paragraph remains unanswered, the same is denied, as Security Title lacks sufficient information or belief upon which to form an opinion as to its truth or falsity.
15. Paragraph 14 is admitted to the extent it alleges that the Lyons purchased an owner's title insurance policy from Security Title. documents for their specific terms and import. To the extent any allegation in this paragraph remains unanswered, the same is denied as Security Title lacks sufficient information or belief to form an opinion as to its truth or falsity.

The balance of the paragraph is denied, as Security Title lacks sufficient information or belief upon which to form an opinion as to its truth or falsity.
23. Paragraph 26 is denied as Security Title lacks sufficient information or belief upon which to form an opinion as to its truth or falsity.

36. Paragraphs 39, 40 and 41 are denied.
37. Paragraph 42 is denied unless hereinbefore or hereinafter specifically admitted.
38. Paragraphs 43, 44 and 45 are denied.
39. Paragraph 46 is denied unless hereinbefore or hereinafter specifically admitted.
40. Paragraphs 47, 48 and 49 are denied.

FOR A THIRD DEFENSE

41. Each and every allegation contained in this Amended Answer is incorporated herein as if set forth verbatim.
42. Exclusion number one of the owner's title insurance policy issued to the Lyons by Security Title excludes from coverage "loss, costs, attorneys' fees and expenses resulting from [g]overnmental police power, and the existence or violation of any law or government regulation." This exclusion goes on to say that it includes "building and zoning ordinances and also laws and regulations concerning land use [and] improvements on the land...."

Security Title is informed and believes that the claims set forth in the First Amended Complaint are the result of the exercise by Horry County of its police power in regard to the enforcement of a law, regulation and/or ordinance regarding building, zoning, land use or improvements on land and therefore those claims are excluded from coverage as set forth above.

FOR A FOURTH DEFENSE

43. Each and every allegation contained in this Amended Answer is incorporated herein as if set forth verbatim.
-
44. The Deed, as described in the First Amended Complaint, is specifically excluded from coverage by exclusion number 3 of the title insurance policy issued the Lyons by Security Title in that it is not within the Lyons' chain-of-title and therefore did not provide constructive notice of its contents.

FOR A FIFTH DEFENSE

45. Each and every allegation contained in this Amended Answer is incorporated herein as if set forth verbatim.
46. The Plaintiffs have failed to mitigate their damages.

FOR A SIXTH DEFENSE

47. Each and every allegation contained in this Amended Answer is incorporated herein as if set forth verbatim.
48. Security Title would show that an award of punitive damages in this case would violate the 5th, 6th, and 14th Amendments to the United States Constitution and Article One, Section 3 of the South Carolina Constitution.

49. Security Title would further show that even if punitive damages are awarded, and Security Title specifically denies the Plaintiffs are entitled to any such award, the amount of punitive damages cannot exceed the amount of any actual damages, the entitlement to which Security Title also specifically denies.

FOR A SEVENTH DEFENSE

50. Each and every allegation contained in this Amended Answer is incorporated herein as if set forth verbatim.
51. The Plaintiffs claims are barred by the doctrines of waiver and estoppel.

FOR AN EIGHTH DEFENSE

52. Each and every allegation contained in this Amended Answer is incorporated herein as if set forth verbatim.
53. Plaintiffs' complaint is barred by the applicable statute of limitations.

Wherefore, having fully set forth its Answer to the First Amended Complaint, Security Title would respectfully request the First Amended Complaint be dismissed, with costs, and that the Court grant Security Title such other and further relief as the Court may deem just and proper.

The defendants above named respectfully submit the following additional documents in opposition to plaintiffs' motion for partial summary judgment:

1. Complete copy of diminution in value appraisal;
2. Copy of survey;
3. Copy of 2005 tax assessed value of subject property;
4. Picture of dwelling formerly located on subject property; and
5. Excerpts of deposition of Bobby Martin.

In addition, the above named defendants respectfully submit the following brief response to plaintiffs' assertion the title policies at issue are sealed instruments.

The title policy issued by Lawyers Title Ins. Corp. (exhibit B attached to the complaint) has a page on which appears a stamp bearing the word "Seal." However, immediately above this stamp is the following sentences, "[t]his sheet is *not your insurance Policy*. It is only a brief outline of

some of the important Policy features. The Policy explains in detail your rights and obligations and our rights and obligations. Since the Policy - *and not this sheet* - is a legal document, YOU SHOULD READ THE POLICY VERY CAREFULLY." (Emphasis added, with the exception of the capitalized portion of the quote, which appears as it does in the original). Nowhere in the actual policy does the word "seal" appear.

Nowhere in the title policy issued by Security Title Guarantee Corporation of Baltimore does the word "seal" appear. There is a corporate stamp on the first page of the policy, but that stamp does not contain the word "seal."

Plaintiffs apparently assert both title policies are "sealed" instruments and, therefore, a 20 year limitations period applies pursuant to S.C. Code Ann. 15-3-520(b), rather than the 3 year limitations period of section 15-3-530(1). In *Carolina Marine Handling, Inc. v. Lasch*, 262 S.C. 169, 175, 609 S.E.2d 348, 552 (Ct. App. 2005), the Court of Appeals said, "[w]e adhere to our general three-year statute of limitations for most contract action and acknowledge the availability of the twenty-year limitations period where the contract clearly evidences an intent to create a sealed instrument." "The mere affixation of a corporate seal to a document does not automatically raise it to the status of an instrument under seal." 68 Am. Jur. 2d *Seals* § 6 (1993) (no longer in print). "The seal of a corporation is not, in itself, conclusive of an intent to make a specialty. It is equally appropriate as a means of evidencing the assent of a corporation to be bound by a simple contract as by a specialty." *Central Nat. Bank v. Charlotte, C & A. R. Co.*, 5 S.C. 156, 1874 WL 5344 (1874). In fact, in *Republic Contracting Corp. v. South Carolina Dep't of Highways & Pub. Trans.*, 332 S.C. 197, 503 S.E.2d 761 (Ct. App. 1998), the court found the mere fact that an engineer's seal was attached to plans did not result in a sealed instrument. *Id.*; see also *Aronow Roofing Company v.*

Gilbane Building Co., 902 F.2d 1127 (3rd Cir. 1990) (“The mere existence of the corporate seal and the use of the word ‘seal’ in a contract do not make the document a [sealed instrument]”); *Consolidated Rail Corp. v. Liberty Mut. Ins.*, 2002 WL 32080503 (Del. Super. 2002) (finding “the weight of the cases in this area favors the conclusion that the absence of even a symbolic seal precludes invoking the exception to [the general breach of contract limitations period], while the mere presence of a seal and a testimonium clause are not enough to create a sealed instrument. Except where mortgages are concerned, the simple use of formalities and boilerplate unaccompanied by substantive evidence of the parties’ intent to seal it is not enough to turn an ordinary contract into a [sealed instrument].”).

Our Court of Appeals in *Carolina Marine Handling, Inc. v. Lasch*, 363 S.C. 169, 609 S.E.2d 548 (Ct. App. 2005), stated that “[w]e adhere to our general three-year statute of limitations for most contract actions and acknowledge the availability of the twenty-year limitations period where the contract clearly evidences an intent to create a sealed instrument.” *Id.* at 175, 609 S.E.2d at 552.

Neither of the two title policies at issue contain the word “seal.” Accordingly, the 3 year limitations period applies.

RE: My File No: 13-A-132, Lot 1, John Henry Lane, Myrtle Beach, SC,
"Before and After Values", Spoil Easement Impact

At your request, I have inspected and appraised the above-referenced property and prepared the following Summary Appraisal Report. The subject property includes a .31-acre lot on the Intracoastal Waterway at 2380 John Henry Lane in the Forestbrook section of Myrtle Beach, SC. The subject property will be more particularly described within the body of this Summary Appraisal Report.

This Summary Appraisal Report is intended to comply with the reporting requirements set forth under Standards Rule 2-2(b) of the Uniform Standards of Professional Appraisal Practice For A Summary Appraisal Report. As such, it presents little discussion of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's work file and can be made available if needed.

The purpose of this appraisal is to make an estimate of the Market Value of the subject property described herein under two different assumptions. The first appraised value assumes that the subject property is a buildable lot and can be utilized for residential purposes, accommodating a freestanding, stick built, residential structure. The second appraisal scenario is based upon the assumption that the subject lot is located within a spoil easement and that building regulations will not allow stick built homes, only mobile homes within such spoil areas. The effective date of the appraisal under either assumption is October 28, 2005.

Appraisal 002

As previously stated, the subject property has been valued under two different assumptions, "buildable and unbuildable". Based on the information contained in this report, it is my opinion that the difference in value for the subject property as a result of the spoilage easement can best be estimated in the amount of

ONE HUNDRED AND EIGHTY FIVE THOUSAND DOLLARS

(\$185,000).

Respectfully submitted,

Appraisal 005

BECKHAM APPRAISAL SERVICE, LLC

HISTORY OF THE SUBJECT PROPERTY: According to public records, the subject property is currently owned by Thomas and Desiree Lyons. The Lyons purchased approximately .29 acres of the site from Bobby Gene Martin in May of 2005 for \$240,000 as shown in Horry County Deed Book 2906, Page 80. The Lyons acquired the remaining .02 acres of the subject from McQuiddy & Johnston, LLC on October 28, 2005 for \$100,000 as shown in Horry County Deed Book 3004, Page 457. There have been no other sales or transfers of the subject property over the past 3 years.

SCOPE OF WORK: The scope of work is the volume of work that an appraiser performs to develop credible assignment results. USPAP defines "scope of work" as the type and extent of research and analyses in an assignment. The scope of work will include all necessary steps in order to produce a credible appraisal report. Based on the nature of the subject property as a vacant lot (under either appraisal scenario - buildable or unbuildable), the only applicable method of valuation is considered to be the Market Approach, or Direct Land Sales Comparison. The estimate of value for the subject site when considered "as unbuildable" is based upon market activity for similar, diminished properties which have limited use or appeal.

NEIGHBORHOOD DATA: The subject neighborhood is considered to include those properties along and just off of either side of Forestbrook Road between US Highway 501 and SC Highway 544 near Myrtle Beach, SC. The overall neighborhood is a popular suburban community and includes residential development, neighborhood commercial and service businesses, and area schools. Property uses along Forestbrook Road include single-family residences, convenience stores, professional offices, and neighborhood commercial and service business facilities. The Forestbrook area has seen a significant amount of residential development in recent years with several new residential subdivisions developed on interior properties as well as limited townhouse and commercial development. Most commercial development is concentrated at either end of Forestbrook Road near Highway 501 or Highway 544. However, there are scattered commercial facilities along Forestbrook Road, generally used for neighborhood commercial purposes. The public schools for the Forestbrook Road school district are also located off of Forestbrook Road, midway between Highway 501 and Highway 544.

The immediate subject neighborhood is considered to include those properties on John Henry Lane off of McCormick Road, just east of its intersection with Forestbrook Road. John Henry Lane is a paved, county-maintained road which services a small apartment complex and a series of stick-built and mobile homes along Socastee Creek and the Intracoastal Waterway. Water and sewer lines are in place along John Henry Lane and the subject property is located in an unincorporated area of Horry County, subject to Horry County zoning. In summary, the overall subject neighborhood is a popular suburb of Myrtle Beach and has experienced significant growth in recent years.

BECKHAM APPRAISAL SERVICE, LLC

SITE DATA: The subject site includes a .31-acre lot with an irregular configuration. The subject property is located on John Henry Lane and the Intracoastal Waterway with 130' of frontage on the Intracoastal Waterway. Generally, the subject site is level and at road grade and has access to all public utilities. The portion fronting the waterway includes some wetlands and is located in a flood zone hazard area. The subject site is currently zoned MSF-6 as part of a medium density residential district by Horry County. The MSF-6 zoning designation allows for 1 and 2-family residential development and mobile homes. According to FEMA Flood Map Panel No. 45051C0680H, dated August 23, 1999, the subject site does appear to be located in a flood zone hazard area. The subject site is typical of other lots along John Henry Lane fronting the Intracoastal Waterway. According to Jim Papadea, Horry County Real Property Administrator, the subject as well as the other lots along John Henry Lane fronting the ICW and Socastee Creek are all located in the spoilage easement area as determined by the U. S. Army Corps of Engineers.

HIGHEST AND BEST USE: There are four tests which are taken into consideration in developing an opinion of the Highest and Best Use of a particular property. These four tests include those uses which are physically possible, legally permissible, financially feasible, and maximally productive. Each of those uses is considered cumulatively in order to determine the Highest and Best Use of a particular property.

The subject site contains .31 acres of land area with approximately 130' of frontage along the Intracoastal Waterway and has access to all public utilities. The appraisal problem regarding the subject property involves a unique distinction, leading directly to a change in Highest and Best Use. Under the first scenario, I am assuming that the subject site can be improved with a stick built residence. Such a use is typical of other properties in the neighborhood which are also zoned MSF-6 for medium density residential purposes allowing single family development, duplexes, and mobile homes with a minimum lot size of 6,000 square feet. The subject property is located in an established suburban area and the site is situated on the west bank of the Intracoastal Waterway with an excellent view amenity. The Highest and Best Use of the subject "if buildable" is considered to be for single family residential development.

The second valuation scenario assumes that the subject site cannot be used for custom home, residential development purposes, and can only accommodate a mobile home. Under this assumption, the subject site and surrounding properties are located within a spoil easement held by the U. S. Army Corps of Engineers along the Intracoastal Waterway for dredge disposal purposes. Horry County Council will not issue building permits for new construction on properties located within the spoil easement and only allows mobile homes on such properties. Assuming that the spoil easement prohibits stick built residential development, the number of buyers for the subject site is greatly diminished. While there would be a limited pool of buyers for a waterfront lot which could only be used for mobile home, there would be any number of investors who would be willing to purchase the subject property, have the spoil easement question resolved, and make a significant profit upon the resolution of the spoil problem. A nearby tract was purchased with that scenario in mind for

Highest and Best Use, Cont:

a large, upscale residential subdivision. During 2006, the speculation associated with the real estate market produced a large amount of risk taking, and the subject would be viewed as an opportunity for a profitable deal. Based upon the "unbuildable" assumption, the Highest and Best Use of the subject property is considered to be as an investment to be used as a mobile home on an interim basis, with the expectation of the spoilage easement removal and a much greater future value. The property is obviously worthless because of the problems and discount which would be associated with the spoil easement.

VALUATION "AS IF BUILDABLE": When considered "as if buildable", the Highest and Best Use of the subject site is for stick-built residential development. I have reviewed lot sales of stick-built residential lots along the Intracoastal Waterway in 2005 and that valuation is included in the following standard URAR Land Appraisal form.

Appraisal 0115

DEFINITION OF MARKET VALUE:

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a sale, the buyer and seller each acting prudently, knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions: (1) buyer and seller are typically motivated; (2) both parties are well-informed or well-advised; and each acting in what he considers his own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in cash or U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

Adjustments to the comparables must be made for special or creative financing or sales concessions. Not adjustments are necessary for those costs which are normally paid by sellers as a result of bidding or low bid in a market area. These costs are properly identified since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons for financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF LIMITING CONDITIONS AND APPRAISER'S CERTIFICATION

CONFIDENT AND LIMITING CONDITIONS:

The appraiser's certification that appears in the appraisal report is subject to the following conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
2. The appraiser has provided a sketch in the appraisal report in showing approximate dimensions of the improvements and this sketch is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size.
3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantee, express or implied, regarding this determination.
4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
5. The appraiser has estimated the value of the land in the cost approach at its highest and best use and the improvements at their contributory value. These separate valuations of the land and improvements will not be used in conjunction with any other appraisal and are invalid if they are so used.
6. The appraiser has noted in the appraisal report any adverse conditions (such as needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the normal research involved in preparing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property or adverse environmental conditions (including the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable and has assumed that there are no such conditions and makes no guarantee, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
7. The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
8. The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice.
9. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that completion of the improvements will be performed in a workmanlike manner.
10. The appraiser must provide his or her written consent before the independent specified in the appraisal report can distribute the appraisal report (including conclusions about the property value, the appraiser's identity and professional designations, and references to any professional appraisal organizations or the firm with which the appraiser is associated) to anyone other than the borrower, the mortgagee or its successor and assigns, the mortgage holder (including professional appraisal organizations), any state or federally approved financial institution, or any department, agency, or instrumentality of the United States or any state or the District of Columbia except that the independent may distribute the property description section of the report only to data collection or reporting service(s) without having to obtain the appraiser's prior written consent. The appraiser's written consent and approval must also be obtained before the appraisal can be conveyed by anyone to the public through advertising, public relations, news, sales, or other media.

APPRAISER'S CERTIFICATION:

The Appraiser certifies and agrees that:

1. I have researched the subject market area and have selected a minimum of three recent sales of properties most similar and proximate to the subject property for consideration in the sales comparison analysis and have made a dollar adjustment, when appropriate, to reflect the market reaction to those items of significant variation. If a significant item in a comparable property is superior to, or more favorable than, the subject property, I have made a negative adjustment to reduce the adjusted sales price of the comparable and if a significant item in a comparable property is inferior to, or less favorable than the subject property, I have made a positive adjustment to increase the adjusted sales price of the comparable.
2. I have taken into consideration the factors that have an impact on value in my development of the estimate of market value in the appraisal report. I have not knowingly withheld any significant information from the appraisal report and I believe, to the best of my knowledge, that all statements and information in this appraisal report are true and correct.
3. I stated in this appraisal report only my own personal, unbiased, and professional analysis, opinion, and conclusions, which are subject only to the contingencies and limiting conditions specified in this form.
4. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the results of the transaction. I do not base, either partially or completely, my analysis and/or the estimate of market value in the appraisal report on the race, color, religion, sex, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present or prospective occupants of the properties in the vicinity of the subject property.
5. I have no present or contemplated future interest in the subject property, and neither my client or future employment nor my compensation for performing this appraisal is contingent on the appraised value of the property.
6. I was not required to report a predetermined value or direction in value that favors the cause of the client or any related party, the amount of the value estimate, the placement of a specific result, or the occurrence of a subsequent event in order to receive my compensation and/or employment for performing the appraisal. I did not base the appraisal report on a requested minimum valuation, a specific valuation, or the need to approve a specific mortgage loan.
7. I performed this appraisal in conformity with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place as of the effective date of this appraisal with the exception of the departing provision of those standards which does not apply. I acknowledge that an estimate of a reasonable time for expiration in the open market is a condition to the definition of market value and that the estimate I developed is consistent with the marketing time noted in the neighborhood section of this report unless I have otherwise stated in the reconciliation section.
8. I have personally inspected the interior and exterior areas of the subject property and the exterior of all properties listed as comparables in the appraisal report. I further certify that I have noted any apparent or known adverse conditions in the subject improvements, on the subject site, or on any site within the immediate vicinity of the subject property of which I am aware and have made adjustments for these adverse conditions in my analysis of the property value to the extent that I had market evidence to support them. I have also commented about the effect of the adverse conditions on the marketability of the subject property.
9. I personally prepared all conclusions and opinions about the real estate that were set forth in the appraisal report. If I relied on significant professional assistance from any individual or individuals in the performance of the appraisal or the preparation of the appraisal report, I have named such individual(s) and described the specific tasks performed by them in the reconciliation section of the appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this report, therefore, if an unauthorized change is made to the appraisal report, I will take no responsibility for it.

SUPERVISORY APPRAISER'S CERTIFICATION:

If a supervisory appraiser signed the appraisal report, he or she certifies and agrees that: I directly supervise the appraiser who prepared the appraisal report, have reviewed the appraisal report, agree with the statements and conclusions of the appraiser, agree to be bound by the appraiser's certifications numbered 4 through 7 above, and am taking full responsibility for the appraisal and the appraisal report.

VALUATION "AS IF UNBUILDABLE" (MOBILE HOME ONLY): As described earlier, the second valuation scenario assumes the existence of the spoilage easement and the only allowable use of the subject site is as a mobile home pad. As such, when considered "as if unbildable", the Highest and Best Use of the subject property is limited only to mobile home purposes. While I have been unable to find any sales of ICW lots used expressly for mobile home purposes, it is obvious that an unrestricted residential lot would have a much greater value than a lot limited to mobile home use only. The spoil easement limitation reduces the potential pool of buyers who would seek a premium waterfront lot. However, during the fast growing market in 2005, there were any number of investors who would purchase the subject property at a significant discount and attempt to have the spoilage easement removed, and then resell the property at a much higher price. A local developer was attempting to remove the spoil easement on a 30-acre site which was scheduled to be developed with a community of million dollar homes, just south of the subject property, and local investors would have considered a discounted price in order to make a significant return on investment. Market expectations were significantly higher, and investors were willing to take a chance on any number of real estate opportunities.

While there have been no sales of waterfront lots for purely mobile home purposes, there are several indications of value which can be considered. A review of Multiple Listing Service records reveals that 37 lots dedicated to mobile home or manufactured home purposes were sold through the MLES system between January of 2005, and March of 2006. The three highest prices of finished lots used for mobile home purposes were located in the Bonaparte's Retreat area of Calabash, NC at \$46,000, an interior lot in the Garden City section of Horry County at \$57,500, and a wooded lot located west of 17 Bypass in Murrells Inlet at a price of \$65,000. These premium lots contained no water frontage or view amenities. The average sales price for the premium lots were approximately \$56,000 each.

Considering the average of the highest priced mobile home lots, and doubling that average price for the subject's waterfront location produces a value indication of the approximately \$112,000, which has been rounded to \$110,000. I have also considered sales of waterfront lots in non-premium locations along the Waccamaw River near Conway as well as the Black River in Georgetown. A series of waterfront lots along the Black River in Georgetown sold in October of 2006 at an average price of \$140,000. These lots would require negative adjustments for continually rising market conditions, and would have been somewhat less valuable in October of 2005. Likewise, Lot No. 7 located on River Road in the Pitch Landing section south of Conway sold in May of '06 at a price of \$140,000 also. This property would also require a negative adjustment for improving market conditions over the date of the appraisal for the subject property.

BECKHAM APPRAISAL SERVICE, LLC

Valuation "As If Unbuildable" (Mobile Home Only); Cont.

While these properties were not limited to mobile home use exclusively, they are waterfront properties in non-premium or less desirable locations than the subject's Myrtle Beach, ICW location. There are numerous mobile homes located on lots surrounding the sales previously mentioned at Waccamaw Landing and the Black River. In many cases, non-premium, riverfront locations which were not subject to any building restriction limitations contain a mix of mobile homes and stick built houses. Recent trends appear to be for even these properties containing mobile homes to be converted to stick built housing, although there is still a significant demand for properties suitable for mobile home purposes.

As mentioned earlier, investment activity during 2005 was rampant. Land speculators would have gladly purchased the subject property at a significant discount in order to remedy the spoilage easement and resell the property at a significant gain. Efforts were underway within the immediate neighborhood to release other properties from the spoilage easement, and real estate speculators would recognize the possible value potential of the subject site. After considering various indications of value for the subject property if subject to the spoilage easement, it is my opinion that when considered "as if unbuildable", the subject site has a Market Value in the amount of \$110,000, as of October 28, 2005.

BECKHAM APPRAISAL SERVICE, LLC

FINAL VALUE CONCLUSION: In the preceding sections of this report, I have valued the subject property under two different assumptions: "buildable and unbuildable". The "buildable" value estimate is based upon actual lot sales of improved waterfront lots which provide a value indication in the amount of \$295,000. The "unbuildable" valuation is based upon the spoilage easement which limits the property for use as a mobile home pad. The "unbuildable" valuation analysis provides an indicated value in the amount of \$110,000. Both value indications are as of the effective date of this report, October 28, 2005, and are subject to the appraisal Certification and Assumptions and Limiting Conditions as shown herein.

Based on the preceding information, it is my opinion that the difference in value for the subject property as a result of the spoilage easement can best be estimated in the amount of:

ONE HUNDRED AND EIGHTY-FIVE THOUSAND DOLLARS

(\$185,000)

Plaintiffs respond to the Defendants' motion for summary judgment as follows:

1. The Exclusion 1 argument.¹

Defendants assert Exclusion 1, relating to "governmental police power," excludes the spoilage easement and no-build resolution from the policies. However, the defendants ignore the language they wrote into the policies: "This exclusion does not apply to violations or the enforcement of these matters which appear in the public records at Policy Date." Defendants have admitted that the spoilage easement and no-build resolution were in effect at the time the policy was issued. Hence, this argument has no merit at all. See Exhibits C and D, policies.

2. The "use is not insured" argument.

The policies promise to pay the 'actual loss' suffered as a result of a, "title risks, if they affect your title on the Policy Date [including]: 13. You cannot use the land because use as a single-family residence violates a restriction shown on Schedule B or an existing zoning law." Policies at 3. (Emphasis added.) While some policies may not insure use, this policy, by its own

¹ Plaintiffs' filed a motion for summary judgment against both defendants in December, which Judge Paul Burch heard and took under advisement in May. Arguments 1, 2, and 3 are directly before Judge Burch on the plaintiff's request for summary judgment on their breach of contract claims.

terms, does. This argument can only be made by misrepresenting the actual language of the policy to the court and is frivolous.

3. The statute of limitations argument.

Both documents have on their face an imprint that is a corporate seal; in fact, the FNTIC policy says, "SEAL," in its seal. Under S.C. Code Ann. §19-1-160 (1976), the statute of limitations for a sealed instrument is twenty years. The defendants placed these seals on the policies when they drafted the policies. The defendants apparently would have the court turn a blind eye to their own black ink. At the very least, there is a genuine issue of material fact as to whether the imprint is intended as a seal. Because, the twenty-year statute of limitations applies, there are no grounds for summary judgment.

4. The "no bad faith" argument.

Reliance on Exclusion 1, the claimed 'reasonable basis for denial,' has already been rejected in an identical situation interpreting the identical policy. *Whitlock v. Stewart Title Guaranty Co.*, C/A No. 4:10-cv-01992-RBH (attached as Exhibit B), See also *Whitlock v. Stewart Title Guaranty Co.*, 399 S.C. 610, 732 S.E.2d 626 (2012). *Whitlock*, a neighboring lot to the Lyons' property, involved the identical spoilage easement, the identical no-build resolution, the identical title insurance policy, and the identical legal arguments. All of the claims were decided in favor of the insured. Hence, defendants' assertion of a 'reasonable basis' fails because the legal argument upon which they rely has already been rejected in the exact same situation, rendering the basis for denial unreasonable. *Cock-n-Bull Steak House, Inc. v. Generali Insurance Co.*, 321 S.C. 1, 466 S.E.2d 727 (S.C. 1996)(upholding a directed verdict in favor of an insured where, "there clearly existed a mutually binding contract under which the insurer

refused to pay benefits.") The refusal to pay the claims when the legal issues have been answered, is the epitome of bad faith.

Further, both defendants had an opportunity to settle this claim within the policy limits well-prior to bringing suit. STGC refused. FNTIC didn't even respond. See Exhibit A.

WHEREFORE the plaintiffs pray the court deny the defendants motions, for sanctions for having brought a clearly frivolous motion, and for such other relief as the court deems just, prudent, and proper.

states as follows:

I am an adult and am competent to make the statements contained in this affidavit. The
statements contained herein are of my own personal knowledge or belief.

In October of 2011, my husband and I decided to buy a home for our family since we
could not build our dream retirement house on the property we bought on John Henry Lane
in Myrtle Beach.

In an effort to avoid borrowing the money to buy the house, we directed our attorney to
make settlement offers with the title insurance companies that insured the John Henry Lane
property.

Attached hereto as Exhibits 1 and 2 are copies of the offers made by our attorney at our
direction.

Lawyer's Title never responded to the offer made to it.

Security Title denied the claim in total.

As a result of the carriers' refusals to settle the claims, my husband and I had to borrow the money to buy the house we live in and now pay interest.

UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF SOUTH CAROLINA
FLORENCE DIVISION

Joetta P. Whitlock, Trustee of the
Joetta P. Whitlock Trust,

Plaintiff,

vs.

Stewart Title Guaranty Company,

Defendant.

Civil Action No.: 4:10-cv-01992-RBH

ORDER

This is an action in which Plaintiff, Joetta P. Whitlock, Trustee of the Joetta P. Whitlock Trust, seeks damages against the defendant, Stewart Title Guaranty Company, for breach of contract based on an owner's title insurance policy issued by the defendant to the plaintiff. The case is before the Court on cross motions for summary judgment. A hearing was held on July 26, 2011, with appearances by Gene Connell, Jr., counsel for the plaintiff, and Louis Lang, counsel for the defendant.

The undisputed facts show that on October 30 2006 the plaintiff purchased for cash a lot located at 2330 John Henry Lane, Myrtle Beach, South Carolina for \$410,000.00. The lot borders on the Intra-coastal Waterway. Plaintiff purchased an owner's title insurance policy from the defendant at closing for the face amount of \$410,000, the amount of the purchase price. In January of 2010, the plaintiff went to the Horry County Building Department to begin the process of obtaining a building permit to construct a home on the property. Plaintiff learned that the United States Army Corps of Engineers had a spoilage easement on the property for dredging the Intracoastal Waterway and that the easement had been on the property since the 1930s. (See copy of easement at Docket Entry # 29-1). Plaintiff also learned about the existence of a county resolution (R-143-03, Docket Entry # 18-3) which had been in effect since 2003. The resolution allowed the issuance of building

permits in the area for repair, remodeling, and replacement of existing structures but continued the County's previous policy not to otherwise allow building permits. The resolution allowed mobile homes to be replaced only by mobile homes. (Docket Entry # 15-2). It is undisputed that the easement and resolution were in effect at the time the title policy was issued.

Plaintiff filed this action in state court on April 6, 2010. The defendant removed the case to this court on the basis of diversity of citizenship.

In its motion for summary judgment, Defendant Stewart Title Guaranty Company contends that the lawsuit should be dismissed because the plaintiff failed to give proper notice to the defendant of the claim¹; that Exclusion 1 of the policy, which excludes losses from the exercise of governmental police power, bars the claim; and that the value of any loss should be measured as of the date of discovery of the title defect. Plaintiff has moved for summary judgment on liability only and contends the case presents jury issues regarding damages.

At the hearing, the Court requested additional briefing on the issue of damages. Therefore, this order pertains only to liability. An issue relating to damages will be certified to the South Carolina Supreme Court by separate order.

Summary Judgment Standard

"The court shall grant summary judgment if the movant shows that there is no genuine dispute as to any material fact and the movant is entitled to judgment as a matter of law." Fed. R. Civ. P. 56(a) (2010). "A party asserting that a fact cannot be or is genuinely disputed must support the assertion by: (A) citing to particular parts of materials in the record . . .; or (B) showing that the materials cited do not establish the absence or presence of a genuine dispute, or that an adverse party cannot produce

¹ At the hearing on the cross motions for summary judgment, the defendant withdrew its motion on the basis of notice, so the Court will not discuss that ground in this order.

admissible evidence to support the fact." Fed. R. Civ. P. 56(c)(1).

When no genuine issue of any material fact exists, summary judgment is appropriate. *See Shealy v. Winston*, 929 F.2d 1009, 1011 (4th Cir. 1991). The facts and inferences to be drawn from the evidence must be viewed in the light most favorable to the non-moving party. *Id.* However, "the mere existence of *some* alleged factual dispute between the parties will not defeat an otherwise properly supported motion for summary judgment; the requirement is that there be no *genuine* issue of *material* fact." *Anderson v. Liberty Lobby, Inc.*, 477 U.S. 242, 247-48 (1986).

"[O]nce the moving party has met [its] burden, the nonmoving party must come forward with some evidence beyond the mere allegations contained in the pleadings to show that there is a genuine issue for trial." *Baber v. Hospital Corp. of Am.*, 977 F.2d 872, 874-75 (4th Cir. 1992). The nonmoving party may not rely on beliefs, conjecture, speculation, or conclusory allegations to defeat a motion for summary judgment. *See id.* Rather, the nonmoving party is required to submit evidence of specific facts by way of affidavits, depositions, interrogatories, or admissions to demonstrate the existence of a genuine and material factual issue for trial. *Celotex Corp.*, 477 U.S. at 322.

ISSUE: Does Policy Exclusion 1 exclude coverage?

Defendant asserts that Exclusion 1 bars coverage in this case. That exclusion provides:

In addition to the exceptions in Schedule B, you are not insured against loss, costs, attorneys' fees and expenses resulting from:

1. Governmental police power, and the existence or violation of any law or government regulation. This includes building and zoning ordinances and also laws and regulations concerning:

- land use
- improvements on the land
- land division
- environmental protection

This exclusion does not apply to violations or the enforcement of these matters which appear in the public records at Policy Date.

This exclusion does not limit the zoning coverage described in Items 12 and 13 of

the covered title risks. (Emphasis added).

The "Covered Title Risks" of the policy state that the policy covers "the following title risks, if they affect your title on the Policy Date":

"10. Someone else has an easement on your land. . . 13. You cannot use the land because use as a single-family residence violates a restriction shown in Schedule B or an existing zoning law. 14. Other defects, liens or encumbrances."

The policy defines "easement" as "the right of someone else to use your land for a special purpose." It defines "public records" as title records that give constructive notice of matters affecting your title-according to the state statutes where your land is located." The policy does not define "single-family residence".

"As with contracts generally, the cardinal principle in construing insurance contracts is that the intention of the parties controls." *Poston v. National Fidelity Ins. Co.*, 303 S.C. 182, 185, 399 S.E.2d 770 (1990). Where the terms of a contract are clear and unambiguous and capable of only one reasonable interpretation, the court should construe the contract. *Hansen ex rel. Hansen v. United Services Automobile Ass'n*, 350 S.C. 62, 565 S.E.2d 114 (S.C.App. 2002). "Whether a contract is ambiguous is to be determined from the entire contract and not from isolated portions of the contract. . . A contract is ambiguous only when it may fairly and reasonably be understood in more ways than one. . . Common sense and good faith are the leading touchstones of the inquiry." *Farr v. Duke Power Co.*, 265 S.C. 356, 218 S.E.2d 431 (1975). "Even if an ambiguity exists in a contract, extrinsic evidence may not be considered if the ambiguity is a patent ambiguity." *Beaufort County School Dist. v. United Nat. Ins. Co.*, 392 S.C. 506, 709 S.E.2d 85, 95 (Ct. App. 2011). "A patent ambiguity is one that arises upon the words of a will, deed, or contract. . . A latent ambiguity exists when there is no defect arising on the face of the instrument, but arising when attempting to apply the words of the instrument to the object or subject described . . . Interpretation of an

unambiguous policy, or a policy with a patent ambiguity is for the court.” *Id.*

A contract is ambiguous when it is capable of more than one meaning when viewed objectively by a reasonably intelligent person who (1) has examined the context of the entire integrated agreement and (2) is cognizant of the customs, practices, usages, and terminology as generally understood in the particular trade or business. *Laser Supply and Services, Inc. v. Orchard Park Associates*, 676 S.E.2d 139 (S.C. App. 2009).

Insurance contracts are construed against the drafter, and in favor of coverage for the insured. *General Acc. Ins. Co. v. Safeco Ins. Companies*, 314 S.C. 63, 443 S.E. 2d 813 (Ct. App. 1994). Insurance policy exclusions are construed “most strongly against the insurance company, which also bears the burden of establishing the exclusion’s applicability.” *Owners Ins. Co. v. Clayton*, 364 S.C. 555, 614 S.E.2d 611, 614 (2005). The rule that insurance contracts must be construed against the insurer applies to title insurance contracts. *First Carolinas Joint Stock Land Bank of Columbia v. New York Title*, 172 S.C. 435, 174 S.E. 402 (1934). Title insurance “is designed to save (the insured) harmless from any loss through defects, liens, or encumbrances that may affect or burden his title when he takes it.” *Firstland Village Associates v. Lawyer’s Title Insurance Co.*, 277 S.C.184, 284 S.E.2d 582 (1981).

Exclusion Number 1 does not apply, by its specific terms, to the situation in the case at bar. First, the exclusion provides that it does not apply to “violations or the enforcement of these matters which appear in the public records at Policy Date.” It is uncontroverted that, as shown by the affidavits of the real estate attorney (Exhibit F to Docket Entry # 18) and title examiner (Exhibit E to Docket Entry # 18), the spoilage easement was of record and available for title examination in South Carolina before the issuance of this policy. See Docket Entry # 29-1, Deed from Julia R. Sessions to State of South Carolina, recorded November 9, 1931. Defendant argues that the Horry

County resolution, although in existence at the time of the closing, does not constitute a "public record" under state statute, citing S.C. Code Ann. § 30-7-10 (1976). Section 30-7-10 provides that all deeds, mortgages, liens, and "generally *all instruments in writing conveying an interest in real estate* required by law to be recorded in the office of the register of deeds . . . are valid so as to affect the rights of subsequent creditors . . . or purchasers for valuable consideration without notice, only from the day and hour when they are recorded in the office of the register of deeds. . . where the real property affected is situated." (Emphasis added). Plaintiff contends that a government regulation is inherently a public record and that, as a result, the policy provides coverage.

The court must construe the policy exclusion against the drafter and must also consider the purpose of the policy, read as a whole. The title policy provides broad coverage for title problems caused by zoning laws and for laws and regulations concerning land use and improvements on the land. Zoning designations are part of the "public records." *See Carolina Chloride, Inc. v. Richland County*, No. 27013, 2011 WL 3206901, at * 4 (S.C. July 25, 2011), rehearing granted, September 22, 2011 . Here, the insurance company was the drafter of the contract. It could have easily defined the term "public record" as not covering zoning laws. *See also, New England Federal Credit Union v. Stewart Title Guarantee Co.*, 171 Vt. 326, 765 A.2d 450, 456 (2000) ("Finally, we note that Stewart Title could have readily achieved the more narrow definition of public records that it seeks here simply by excluding from the definition certain locations where public records containing information about matters relating to land are maintained. . . Unlike the Stewart Title policy, however, the title insurer in [another case] added language explaining that, "without limitation, such records shall not be construed to include records in any of the offices of federal, state or local environmental protection, zoning, building, health or public safety authorities.") Therefore, the exclusion does not apply as a matter of law because the term "public record", although defined, is

patently ambiguous and should be construed as covering local zoning regulations.²

Additionally, Exclusion 1 states that it does not limit the zoning coverage described in Items 12 and 13 of the covered title risks. Item 13 of the covered title risks refers to zoning laws that prohibit use of the property as a single-family residence. Again, "single family residence" is not defined in the policy. Plaintiff argues that "single family residence" ordinarily means site-built homes, while Defendant argues that it also includes mobile homes. The undisputed facts are that Horry County will not allow the plaintiff to obtain a permit to build a site-built home on the property and that she has a mobile home on the property. The Court finds that the term "single-family residence" is patently ambiguous and must be construed against the drafter so as not to include a mobile home. Therefore, the plaintiff cannot use the land for a single-family residence because of the zoning law, and Exclusion 1 does not apply.

On the basis of the above, the Court finds that Exclusion Number 1 does not apply as a matter of law.

Conclusion

The Court has carefully examined the record in the case at bar and has determined that no genuine issue of material fact exists as to liability, and judgment as a matter of law for the plaintiff as to liability is appropriate. For the foregoing reasons, the undersigned grants the plaintiff's [25] Motion for Summary Judgment as to liability and denies the defendant's [15] Motion for Summary Judgment, as it pertains to liability. The Court reserves ruling on the defendant's [15] Motion for

² Interestingly, the exceptions contained in Schedule B of the title policy exclude coverage for several matters that are not listed in the recording statute. The policy lists "2. increase or decrease in area due to rise and fall of tidewaters of the Intracoastal Waterway." It also lists rights of the State of South Carolina and the South Carolina Coastal Council as provided by statute or regulation. (Exception Numbers 3, 4, 5, and 6). It also refers to rights of the public to use the property as a public beach. (Exception 8).

Summary Judgment insofar as it relates to damages, as the Court is certifying a question to the South Carolina Supreme Court. The defendant's motion in limine (Docket Entry # 35) is taken under advisement.

AND IT IS SO ORDERED.

This Policy protects anyone who receives your title because of your death.

3. HOW TO MAKE A CLAIM

a. You Must Give The Company Notice Of Your Claim

If anyone claims a right against your insured title, you must notify us promptly in writing.

Send the notice to The Security Title Guarantee Corporation of Baltimore, 8 S. Calvert Street, Baltimore, Md. 21202-1388. Please include the Policy number shown in Schedule A, and the county and state where the land is located.

b. Proof Of Your Loss Must Be Given To The Company

You must give us a written statement to prove your claim of loss. This statement must be given to us not later than 90 days after you know the facts which will let you establish the amount of your loss.

You may want to provide us with an appraisal of your loss by a professional appraiser as a part of your statement of loss.

We may require you to show us your records, checks, letters, contracts, and other papers which relate to your claim of loss.

We may make copies of these papers.

We may require you to answer questions under oath.

Our obligation to you could be reduced if you fail or refuse to:

- or
- answer our questions under oath
- or
- show us the papers we request,
- and
- your failure or refusal affects our ability to dispose of or to defend you against the claim.

4. OUR CHOICES WHEN YOU NOTIFY US OF A CLAIM

After we receive your claim notice or in any other way learn of a matter for which we are liable, we can do one or more of the following:

- a. Pay the claim against your title.
- b. Negotiate a settlement.

c. Prosecute or defend a court case related to the claim.

d. Pay you the amount required by this Policy.

f. Cancel this Policy by paying the Policy Amount, then in force and only those costs, attorneys' fees, and expenses incurred up to that time which we are obligated to pay.

5. HANDLING A CLAIM OR COURT CASE

You must cooperate with us in handling any claim or court case and give us all relevant information.

We are required to repay you only for those settlement costs, attorneys' fees and expenses that we approve in advance.

When we defend your title, we have a right to choose the attorney.

We can appeal any decision to the highest court. We do not have to pay your claim until your case is finally decided.

6. LIMITATION OF COMPANY'S LIABILITY

a. We will pay up to your actual loss or the Policy Amount in force when the claim is made--whichever is less.

b. If we remove the claim against your title within a reasonable time after receiving notice of it, we will have no further liability for it.

If you cannot use any of your land because of a claim against your title, and you rent reasonable substitute land or facilities, we will repay you for your actual rent until:

- the cause of the claim is removed; or
- we settle your claim

c. The Policy Amount will be reduced by all payments made under this policy - except for costs, attorneys' fees and expenses.

d. The Policy Amount will be reduced by any amount we pay to our insured holder of any mortgage shown in this Policy or a later mortgage given by you.

e. If you do anything to affect any right of recovery you may have, we can subtract from our liability the amount by which you reduced the value of that right.

7. TRANSFER OF YOUR RIGHTS

When we settle a claim, we have all the rights you had against any person or property related to the claim. You must transfer these rights to us when we ask, and you must not do anything to affect these rights. You must let us use your name in enforcing these rights.

We will not be liable to you if we do not pursue these rights or if we do not recover any amount that might be recoverable.

With the money we recover from enforcing these rights, we will pay whatever part of your loss we have not paid. We have a right to keep what is left.

8. ARBITRATION

If it is permitted in your state, you or the Company may demand arbitration.

The arbitration shall be binding on both you and the Company. The arbitration shall decide any matter in dispute between you and the Company.

The arbitration award may:

- include attorneys' fees if allowed by state law

Pursuant to SCRCP 59(e), Defendant, The Security Title Guarantee Corporation of Baltimore (STGC), through its attorney, hereby moves the Court to Reconsider and to Alter its Judgment dated July 8, 2013 granting Plaintiffs' Motion for Partial Summary Judgment (Order). The attorney for STGC received a copy of the Order on July 16, 2013. The Court made certain factual findings that are disputed and granted partial summary judgment to Plaintiffs as a matter of law. As set forth below, STGC believes that the Circuit Court judge should reconsider its findings and rulings and amend its Order accordingly.

FACTUAL BACKGROUND

The real estate (Property) subject to this dispute fronts on the Intracoastal Waterway and is located in Horry County, South Carolina. The Property is a residential lot approximately three tenths of an acre in area upon which was

formerly located a residence made up of a mobile home onto which a number of extensions and additions had been added over the years. Plaintiffs purchased the property in two separate transactions. On May 5, 2005, for the stated consideration of \$240,000, Plaintiffs purchased what was described as lot 1 on a plat of lots 1, 2, and 3 dated August 24, 1970, recorded in the public land records for Horry County. The second transaction closed on October 28, 2005, when plaintiffs, for the stated consideration of \$100,000, purchased an approximate 30 foot by 120 foot strip of land which was a portion of adjacent lot 2 as shown on the August 24, 1970 plat. A plat of the entire Property, i.e: lot 1 acquired in May 2005 and the portion of lot 2 acquired in October 2005, is designated as lot 1 on a plat dated August 24, 2005, and recorded in the public land records for Horry County.

In conjunction with the first transaction, Fidelity National Title Insurance Company (Fidelity) issued the Lyons an owners' title insurance policy in the amount of the purchase price. In conjunction with the second transaction, Security Title Guaranty Company of Baltimore (STGC) issued the Lyons an owners' title insurance policy in the amount of the second transaction purchase price. These policies are substantively identical.

The court order states that “[I]n 1931, a predecessor-in-interest of plaintiffs conveyed to the State of South Carolina what is generally described as a spoils easement over the Property and adjacent property. The easement is recorded in the

land records of Horry County and was available for title examination before the policies were issued. The spoils easement was given for the construction and maintenance of what became the Intracoastal Waterway.”

On or about November 4, 2003, the Horry County Council adopted Resolution R-143093, (no-build resolution) which provided:

“Horry County Council resolves to authorize the issuance of building permits to repair, remodel or replace existing structures within the spoil easements along the Intracoastal Waterway, but to otherwise continue the policy of denying building permits in this area. Mobile homes within the spoil area may only be replaced with mobile homes.”

Plaintiffs assert Horry County refused to issue a building permit to build a residence on the subject property due to the no-build resolution.

After learning they could not build a house on their lot, Plaintiffs filed claims against Fidelity and STGC. STGC denied the claims and Fidelity never responded. This suit followed. Plaintiffs assert a contract action against Fidelity and STGC under their title policies and have another cause of action pending for bad faith in failing to pay the claims. Plaintiffs' moved for partial summary judgment against the insurance companies' solely on the contract actions.

MATTERS WHICH SECURITY REQUESTS RECONSIDERATION

I - The Court cited certain terms of the policies and held as a matter of law that Exclusion 1 does not exclude coverage in this case because the spoilage easement and the no-build resolution appeared in the public record at the policy date. STGC disputes both facts found by the court and will elaborate these disputes below. The parties dispute whether the no-build resolution was in the "public record" as defined in the policy. The court held that the term could fairly and reasonably be understood either way and construed the term against the drafter interpreting the policy in favor of providing coverage.

In its ruling, the court did not take an important part of the definition of "public records" in the policy; i.e. "title records that give constructive notice of matters affecting your title according to the state statutes where your land is located". This portion of the definition refers to the state statutes regarding the recorded land records. Because the Horry County Resolution is not recorded in the land records, it is not part of the public records as defined in the policy.

If the court's interpretation of "public record" includes county resolutions, a title examiner would be required to review the minutes of every meeting of every public body in addition to ordinances and found in the public indexes. STGC also respectfully submits that a Council resolution is not a public record because a resolution would not be found in an ordinance, assuming a title examiner or

closing attorney searched ordinances when abstracting title to real estate. Except in the case of nonconformities, the South Carolina Code of Laws requires that zoning regulation be established by ordinance. (See S.C. Code Ann. § 6-29-710 et. seq. (Revised 2004)) In any event, the court is prohibited from rewriting the policy which it does by its failure to use the entire language in the policy defining “public record”.

The court concluded that the easement was “available for title examination before the issuance of the policy”. The court should take note that the Amended Complaint refers only to an easement executed in 1931 by the Governor of South Carolina to the federal government. There is no allegation or authority cited to indicate that the Governor’s conveyance was from a “predecessor- in- interest” within the chain of title, or that a Governor’s grant takes a super priority over the owner in a chain of title. Thus STGC believes that the Governor’s conveyance was outside the chain of title, no title examiner should be expected to find it, and that its findings and factual conclusion is erroneous.

Notwithstanding its analysis, the court’s fundamental error was in determining that the zoning coverage was invoked at all. The Lyons wanted to replace a mobile home with a site built home. Nothing prohibited the Lyons from using the property for a single family residence. They simply had to replace their admittedly existing mobile home with another mobile home, thus there was no

defect in their title, merely a restriction on the use of the property.

Title insurance indemnifies against loss from defects, liens, or encumbrances affecting title. The asserted refusal of Horry County to issue plaintiff a building permit is not a matter affecting title. *Elysian Inv. Group, LLC vs. Stewart Title Guar. Co.*, 105 Cal. App. 4th 315, 129 Cal. Rptr. 2d 372 (2002). In *Elysian*, recorded on the public land records was a notice from the Department of Building and safety to the affect the premises located on the property was substandard and subject to forced removal. There was no exception in the title policy for this notice. The court nevertheless granted the title insurance company summary judgment holding the notice did not affect title to the property, only its use. See also *Haw River Land & Timber Co., Inc. vs. Lawyers Title Ins. Corp.*, 152 F.3d 275, 278 (4th Cir. 1998)(applying North Carolina law, and cited with approval in *Shea Homes, LLC vs. Old Republic Nat. Title Ins. Co.*, 2007 WL 3334210 (W.D. N.C. 2007) (“...[T]itle to property does not characterize the property as valuable, merchantable or even usable....”); *McMaster vs. Strickland*, 305 S.C. 527, 530, 409 S.E.2d 440, 442 (Ct. App. 1991) (“While the purchaser may not be able to use the property for the purpose for which he sought [because of a wetlands determination], such does not mean the sellers cannot deliver marketable title.”). The same analysis applies here-the asserted refusal of Horry County to issue plaintiffs a building permit does not affect their title to the property, only its use.

II- As stated in the Order (p. 4), the policy does not define “single-family residence”. The parties dispute whether a mobile home, **a permitted use on this particular property**, is a “single-family residence” as the term is used in the policy. The Court found that Covered Title Risk 13 provides coverage because Plaintiffs cannot use the land as a single-family residence due to the existing zoning law preventing them from building a site-built home on the property. Security respectfully submits that the Court’s interpretation is too restrictive.

United States Census records for 2011 indicate that 6.8 percent of all Americans live in mobile homes (Copy attached and incorporated herein by reference.) In 1992 the South Carolina Legislature established the South Carolina State Energy Office. One of its purposes was to “promote energy efficiency in manufactured housing”. (See S.C. Code Ann. §48-52-420 (7) (Revised 1987)). The South Carolina Legislature adopted the Energy Efficient Manufactured Homes Program (S.C. Code Ann. § 48-52-870, et seq. (Revised 1987)) relying in part on recommendations submitted by The South Carolina Energy Office. The Energy Office recognized as far back as 2009 that approximately twenty percent of South Carolinians reside in mobile homes. (Energy Office Report attached and incorporated herein by reference.) United States Census records for 2008 indicate that 17.9 percent of total housing units in South Carolina are mobile homes. (Copy

of State Rankings for percentage of mobile homes of total housing units is attached and incorporated herein by reference). Thus, the Court's interpretation of the policy term "single family residence" rejecting STGC's argument that a mobile home is a single family residence fails to account for contradictory empirical data that mobile homes are currently being utilized as single-family residences for a significant number of South Carolinians. Most importantly, the court's interpretation of the policy opens Pandora's box for every title insurer in the state.

Using the court's interpretation, "single family residence" excludes mobile homes. The mere method of construction should not determine whether a structure can be used as a single family residence.

Our legislature has recognized that mobile homes can be affixed to real estate, rendering the home a fixture, by simply removing the wheels, axles, and towing hitch and filing certain documents with the Clerk of Court. (S.C. Code Ann. § 56-19-510 (A) (Revised 2008)). De-titled mobile homes can be re-titled, and under certain conditions must be re-titled if the home is sold. (See generally S.C. Code Ann. § 56-19-500 et. seq. and S.C. Code Ann. § 56-19-210) (Revised 2008)). In circumstances where mobile homes may not be replaced by site-built homes, one could claim proceeds from a title insurance policy by merely purporting to build a site-built home in a prohibited location forcing an insurer to pay a policy holder's fabricated damages simply because of the method of construction. Notably, a

mobile home was located on the property when the Plaintiffs purchased it, and Horry County would have approved a permit to replace the mobile home with another one pursuant to the no-build resolution. Nothing would prevent the Plaintiffs from using a mobile home as a single family residence and any such use does not affect title to the property. Therefore the method of construction should have no bearing on title to the property and the court's should reconsider its interpretation of the terms.

III – Mr. Lyons stated during his deposition that he determined his property to be useless after learning that he could not build a site built home on the property. The Plaintiffs also admitted his rejecting an offer to sell the property at a profit of \$135,000.00. As this court noted in its Order, “[I]t is well settled law that “a party injured by the acts of another is required to do those things a person of ordinary prudence would do under the circumstances, but the law does not require him to exert himself unreasonably or incur substantial expense to avoid damages.” The court justified its denial of Defendants’ defense by stating that “it cannot be said that after the discovery of an easement held by the United States that prevents construction of a dock, the law requires one to sell the entire property or be thwarted from bringing suit against his title insurance company at a later date; such a requirement would call for a party to exert himself unreasonably”. STGC believes that accepting a \$135,000.00 profit on the sale of property that the

Plaintiff deemed “useless” would not be an unreasonable exertion. Thus the court should reconsider this ruling.

IV- The Order does not address STGC’s argument that the no build resolution does not affect title to the property. STGC believes that this defense is essential to the issue of coverage under the policy and should therefore be addressed by the Court. STGC submitted this fact to the court during the summary judgment hearing, and believes that the property has not been rendered useless by virtue of the no build resolution. Our Court of Appeals has stated that “While a purchaser may not be able to use the property for the purpose for which he sought [because of a wetlands determination], such does not mean the sellers cannot deliver marketable title”. *McMaster v. Strickland*, 305 S.C. 527, 530, 409 W.E. 2d 440, 442 (Ct. App. 1991). Thus a ruling on this point is absolutely necessary in this case.

V - The order does not address STGC's argument that the matter is excluded from coverage as a matter created, suffered, assumed or agreed to by the insured claimant in that the insured demolished the existing home on the property. The home that was on the property was a mobile home to which numerous additions had been built-on over the years.

VI - The court did not address STGC's affirmative defense concerning the statute of limitations. The court did not fully address the issues surrounding

whether the mere affixation of a corporate seal made the document a document under seal. On March 15, 2013, Fidelity and Security Title served a subpoena by mail the United States Army Corps. of Engineers (COE) seeking documents related to the subject property. The COE responded by e-mail on April 9, 2013, producing a number of documents related to the subject property. Two of the documents produced indicate plaintiffs knew or should have known the property was the subject of a spoils easement in favor of the COE as early as October 20, 2006. In particular, document entitled "Joint Public Notice" which was issued in conjunction with plaintiffs' application to construct a dock on their property says " [i]t is understood that this work will be conducted on/or adjacent to an area subject to a prism and/or disposal easement held by the United States." Further, in a letter dated March 19, 2007, addressed to the Lyons, in the care of the company doing the dock design work, the COE said, " ... [i]t is recognized that this structure is to be constructed on/or adjacent to an area subject to a prism and/or disposal easement held by the United States in perpetuity in conjunction with a Congressionally authorized project for the maintenance and improvement of the Atlantic Intracoastal Waterway . . . ,"" (A copy of the COE documents are attached to Defendants' motion for Summary Judgment filed with the Horry County Clerk of Court on May 7, 2013)

S.C. Code Ann. § 15-3-530(1) provides a 3 year limitations period for contract actions. This limitations period begins to run when "the injured party either knows or should have known by the exercise of reasonable diligence that a cause of action arises from wrongful conduct." *Martin v. Companion Healthcare Corp.*, 357 S.C. 570, 575-576, 593 S.E.2d 624, 627 (Ct. App. 2004) (citations omitted). Here, plaintiffs knew or should have known of the spoils easement as early as October 2006, more than 3 years before this action was filed. Further, any knowledge plaintiffs' agent (the company plaintiffs' engaged for their dock design) had concerning the spoil easement, would be imputed to the plaintiffs. *Crystal Ice Co. of Cola., Inc. v. The First Colonial Corp.*, 273 S.C. 306, 257 S.E.2d 496 (1979).

The Honorable Carmen T. Mullen, Circuit Judge, concluded that the 3 year statute of limitations defense applied in a case captioned *Segars v. Fidelity Nat. Title Ins. Co.*, Civil Action Number 2011-CP-07-0093. (A copy of Judge Mullen's order is attached and it is noted that the ruling is on appeal with the South Carolina Court of Appeals.) The statute of limitations defenses establish more than a scintilla of evidence and, therefore, plaintiffs' motion should have been denied. If not, then the court should elaborate on its ruling.

Under section 15-3-530(1), "an action upon a contract, obligation, or liability, express or implied, excepting those provided for in Section 15-3- 520" must be

commenced within three years. S.C. Code Ann. § 15-3-530(1). Section 15-3-520(b) provides that, within twenty years, an action must be commenced "upon a sealed instrument, other than a sealed note and personal bond for the payment of money only whereon the period of limitation is the same as prescribed in Section 15-3-530, except that a sealed contract for sale or an offer to buy or sell goods whereon the period of limitation is the same as prescribed in Section 36-2-725." S.C. Code Ann. § 15-3-520(b).

The Policy being litigated in this case is a standard 1987 American Land Title Association ("ALTA") Owners Policy Form. (A complete copy of the Policy is attached hereto.) As is evident from the Policy, the Policy is only valid if the jacket and Schedule B are countersigned by an authorized officer or agent of STGC. Thus, the standard ALTA forms are generated, provided to agents of a title insurance company. and the agents of the title insurance company complete and sign the policy jacket and Schedule B thereby affording coverage. Here, the Policy appears to contain the seal of STGC beside what appears to be pre-printed signatures of the President and Secretary of STGC. Above the signature of these preprinted signatures, the Policy states it is "not complete without Schedules A and B". However, there is no seal on either Schedule as opposed to the pre-printed signatures of the President and Secretary of STGC. *Cf O'Cain v. O'Cain*, 32 S.C.L. 402, 1 Strob. 402, 1847 WL 2133 (1847) (holding where a note has been signed

and sealed by one person, and another signs his name under that of the first signer, but not opposite to his seal, making no seal of his own, and nothing being on the face of the paper sufficiently indicative of the intention to seal, and there being no evidence of an intent to seal, the seal of the second person cannot be inferred from his signature alone.) The purpose of the seal in this instance is to show that it is the act of the corporation. Am. Jur. *Corporations* § 255 (2009) ("The attachment of the corporate seal to an instrument signed by corporate officers generally shows prima facie that it is the act of the corporation."). Furthermore, the purpose of the seal on the Policy is to show that the company's agent is authorized to complete the policy Schedules to make the Policy valid. In essence, this language confers authority on STGC's agent to complete the blank form ALTA Policy by completing the Schedules. "The mere affixation of a corporate seal to a document does not automatically raise it to the status of an instrument under seal." *id.* "The seal of a corporation is not, in itself, conclusive of an intent to make a specialty. It is equally appropriate as a means of evidencing the assent of a corporation to be bound by a simple contract as by a specialty." *Central Nat. Bank v. Charlotte, C. & A. R. Co.*, 5 S.C. 156, 1874 WL 5344 (1874). In fact, in *Republic Contracting Corp. v. South Carolina Dep't of Highways & Pub. Trans.*, 332 S.C. 197, 503 S.E.2d 761 (Ct. App. 1998), the Court found the mere fact that an engineer's seal was attached to plans did not result in a sealed instrument. *id.*; see also *Aronow Roofing Company*

v. *Gilbane Building Co.*, 902 F.2d 1127 (3rd Cir.1990) ("The mere existence of the corporate seal and the use of the word 'seal' in a contract do not make the document a [sealed instrument]....") *Consolidated Rail Corp. v. Liberty Mut. Ins.*, 2002 WL 32080503 (Del. Super. 2002) (finding "the weight of the cases in this area favors the conclusion that the absence of even a symbolic seal precludes invoking the exception to [the general breach of contract limitations period], while the mere presence of a seal and a testimonium clause are not enough to create a sealed instrument. Except where mortgages are concerned, the simple use of formalities and boilerplate unaccompanied by substantive evidence of the parties' intent to seal it is not enough to turn an ordinary contract into a [sealed instrument]."). Our Court of Appeals in *Carolina Marine Handling, Inc. v. Lasch*, 363 S.C. 169, 609 S.E.2d 548 (Ct. App. 2005), stated that "[w]e adhere to our general three-year statute of limitations for most contract actions and acknowledge the availability of the twenty-year limitations period where the contract clearly evidences an intent to create a sealed instrument." *Id.* at 175, 609 S.E.2d at 552. There is no case in South Carolina finding that an insurance contract containing a seal is a sealed instrument for the purposes of section 15-3-520(b). If the 20-year time limitations period applicable to sealed instruments applies in this case, then the Lyons could have waited until the year 2026 to file this action on a policy issued in 2005 when the Lyons knew or had reason to know to file a claim in 2007. After all, "statutes of

limitations embody important public policy considerations in that they stimulate activity, punish negligence, and promote repose by giving security and stability to human affairs." *Moates v. Bobb*, 322 S.C. 172, 176, 470 S.E.2d 402, 404 (Ct. App. 1996). The cornerstone policy consideration underlying statutes of limitations is the laudable goal of law to promote and achieve finality in litigation. *See Webb v. Greenwood County*, 229 S.C. 267, 276, 92 S.E.2d 688, 691 (1956); *City of Myrtle Beach v. Lewis-Davis*, 360 S.C. 225, 231, 599 S.E.2d 462, 464 (Ct. App. 2004).

Significantly, "[s]tatutes of limitations provide potential defendants with certainty that after a set period of time, they will not be hailed [sic] into court to defend time-barred claims." *In re Elkay Indus., Inc.*, 167 404, 408 (D.S.C. 1994), "Moreover, limitations periods discourage plaintiffs from sitting on their rights," *Id.* at 408 - 09. Statutes of limitations are, indeed, fundamental to our judicial system. *Carolina Marine Handling*, 363 S.C. at 176, 609 S.E.2d at 552. In that regard, the Court should reject plaintiffs' attempt to an ordinary breach of contract claim into a claim under a sealed instrument.

VII - The Order, citing *Whitlock v. Stewart Title Guaranty Co.*, 399 S.C. 610, 732 S.E.2d 626 (2012) states that the "damages are to be calculated based on the diminution in value caused by the title defects, measured from the date the property was purchased". STGC believes that the loss should be calculated based on the diminution in value measured from the date the property was purchased

until the date it received the claim since STGC limited its liability in Section 6 of the policy to that particular period of time. (Copy of Conditions of Policy attached and incorporated herein by reference.)

VIII - Finally, the Court granted summary judgment in the face of conflicting evidence on many material issues as stated above. In such an instance, the Court may not grant summary judgment. *See Shirley's Iron Work, Inc. vs. City of Union*, 387 S.C. 389, 397, 693 S.E. 2d 1, 4 (Ct. App. 2010)

Therefore, Security believes that the Court should reconsider its order granting partial summary judgment to the Plaintiffs because:

- 1- The spoilage easement and Horry County "no-build" resolution are not public records and would not be found by an examination of the public records as defined in the policy, and zoning issues are not a matter of title coverage;
- 2- The Court's policy interpretation of "single family dwelling is too restrictive and excludes a significant number of homes used as single-family dwellings in South Carolina simply because of their method of construction;
- 3- The plaintiffs failed to mitigate their damages;
- 4- The Order does not address STGC's argument that the no build resolution does not affect title to the property;

- 5- The Order does not address STGC's argument that the matter is excluded from coverage as a matter created, suffered, assumed or agreed to by the insured;
 - 6- The Order does not adequately address STGC's affirmative defense concerning the statute of limitations;
 - 7- The Order is unclear concerning the dates to be used to calculate plaintiffs' damages; and,
-
- 8- The circuit court judge granted summary judgment based on disputed material facts.

PHYSICAL HOUSING CHARACTERISTICS FOR OCCUPIED HOUSING UNITS
 2011 American Community Survey 1-Year Estimates

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.

Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the Data and Documentation section.

Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the Methodology section.

Explanation of Symbols:

An "*" entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.

An "-" entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.

An "-" following a median estimate means the median falls in the lowest interval of an open-ended distribution.

An "+" following a median estimate means the median falls in the upper interval of an open-ended distribution.

An "*" entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.

An "*****" entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.

An "N" entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.

An "(X)" means that the estimate is not applicable or not available.

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

The percent imputed for units in structure, year structure built, rooms, bedrooms, plumbing facilities, and kitchen facilities is based on all housing units (both occupied and vacant housing units) instead of occupied housing units only.

The 2009, 2010, and 2011 plumbing data for Puerto Rico will not be shown. Research indicates that the questions on plumbing facilities that were introduced in 2008 in the statewide American Community Survey and the 2008 Puerto Rico Community Survey may not have been appropriate for Puerto Rico.

The imputation rates for some items - Units in Structure, Year Structure Built, Rooms, Bedrooms, Plumbing Facilities, and Kitchen Facilities - are calculated using the number of imputations in total housing units in the numerator but using total occupied housing units in the denominator. This results in artificially inflated imputation rates for all areas, but particularly in areas where there are unusually high percentages of vacant housing units.

While the 2011 American Community Survey (ACS) data generally reflect the December 2009 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas, in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB definitions due to differences in the effective dates of the geographic entities.

Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2000 data. Boundaries for urban areas have not been updated since Census 2000. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.

**ANNUAL REPORT ON THE
IMPLEMENTATION OF ENERGY EFFICIENT MANUFACTURED HOMES
INCENTIVE PROGRAM**

SECTION 48-52-870, CODE OF LAWS OF SOUTH CAROLINA

SC ENERGY OFFICE

SC BUDGET AND CONTROL BOARD

**Prepared by the South Carolina Energy Office
Submitted to the South Carolina General Assembly
December 31, 2009**

The South Carolina Energy Office submits this report in accordance with Section 48-52-870, Code of Laws of South Carolina.

South Carolina Energy Office

The 1992 South Carolina Energy Conservation and Efficiency Act established the South Carolina Energy Office (SCEO) within the SC Budget and Control Board in order to address energy issues in a consistent and professional manner. The SCEO carries out the state policy and program mandates of the Act and also administers the State Energy Program funded by the United States Department of Energy. Additionally, the office is responsible for substantial functions related to radioactive waste disposal mandated by legislation passed by the General Assembly in 2000. The mission of the South Carolina SCEO is to increase energy efficiency and diversity, enhance environmental quality and save energy dollars for South Carolina. As part of this mission, the SCEO administers the Energy Efficient Manufactured Homes Incentive Program.

Background

Twenty percent of South Carolinians live in manufactured housing, the highest percentage in the nation. Older manufactured homes, built before 1980, consume an average of 53 percent more energy per square foot compared to all other types of homes. Fifty-five percent of these households have incomes below 150 percent of the federal poverty level (Environmental and Energy Study Institute fact sheet, June 2009). These low to moderate income residents can not afford higher than average energy bills. Indeed, anecdotal evidence from utilities and other organizations suggest that some residents have lost their homes not because they cannot afford to pay the mortgage, but because they cannot afford to pay the utility bill. Therefore, any measures that reduce energy use, and thus energy bills, for residents of manufactured housing will contribute significantly to the overall economic well-being of the 20 percent of South Carolina residents who live in manufactured homes.

In 1992 legislation established South Carolina-specific criteria for energy efficient manufactured homes. Manufacturers constructing homes that meet the criteria order labels from the S.C. SCEO and affix them to the more energy efficient homes. Individuals who purchase these energy efficient homes pay no more than \$300 in sales tax. When the program began in 1998, approximately 16 percent of all manufactured homes sold met the more stringent energy efficiency criteria. After 11 years of program implementation, between 70 percent and 80 percent of homes meet the South Carolina energy efficiency criteria (Manufactured Housing Institute of S.C., 2008.) We estimate that these energy efficiency standards have saved South Carolinians as much as \$122,454,016 over the expected life of homes purchased, based on an estimated annual savings of \$152 for a standard manufactured home and \$252 in annual savings for a doublewide home. During this period more than 50,000 labels have been distributed to manufacturers, peaking in 2003 with 11,229 labels distributed and falling to a low of 2385 for 2008, the last full year for which statistics are available. We view the program

as a great success in that it spurred change during a period when little attention was paid to energy efficiency in manufactured housing.

New legislation enacted in 2008 was designed to create more significant incentives for ENERGY STAR labeled homes, which are even more energy efficient than the state-specific energy efficient criteria from 1992. These incentives include the elimination of all sales tax on ENERGY STAR manufactured homes and a \$750 nonrefundable state income tax credit for eligible home buyers. These credits are offered in addition to, not in place of, the older energy efficiency sales tax incentive.

Current Program

Manufactured housing has been regulated by the U.S. Department of Housing and Urban Development (HUD) since 1976 under the Federal Manufactured Housing and Construction Standards (24 CFR 3280.) Recently, the U.S. Department of Energy and the U.S. Environmental Protection Agency created standards for ENERGY STAR manufactured homes, which are at least 15 percent more energy efficient than homes meeting the minimum energy code. In general, ENERGY STAR qualified homes include features and appliances that make them as much as 30 percent more efficient than most recently constructed manufactured or site-built homes. Factors contributing to increased efficiency include:

- Effective insulation in walls and floors
- High performance windows, including protective coatings and improved frame assemblies
- Tight construction and ducts so that cracks and holes are sealed to reduce drafts, dust and moisture problems
- High efficiency heating and cooling equipment
- ENERGY STAR qualified lighting and appliances

Section 48-52-870 creates the Energy Efficient Manufactured Homes Incentive Program. It was established by S. 1141 and introduced by Senators McConnell, Rankin, Martin, Leventis, Peeler, Alexander, Hayes, Setzler, Hutto and Ceips in 2008. The law was enacted to provide financial incentives for the purchase and installation of energy efficient manufactured homes in South Carolina in order to save money for low income residents and to reduce energy use across the state.

This program compliments federal incentives, which offer \$1000 tax credits to manufacturers of ENERGY STAR rated homes, and incentives offered by one utility (Progress Energy) to retailers who sell ENERGY STAR homes. Progress Energy will pay manufactured home producers and retailers, or modular home builders, a \$400 rebate for each new ENERGY STAR home equipped with a minimum of 14 SEER cooling equipment sold to customers of Progress Energy in North Carolina or South Carolina. Homes with 15 SEER cooling equipment are eligible for a \$700 rebate. Both Progress Energy and Duke Energy offer ENERGY STAR homeowners a five percent bill discount.

Implementation

As required by law, the SCEO created retailer instructions (Appendix A) and an application form (Appendix B) for the new \$750 tax credit. The SCEO worked with the S.C. Department of Revenue and the Manufactured Housing Institute of South Carolina to develop instructions for retailers and a form to certify the purchase which would be simple for home buyers to complete.

Retailers who sell an ENERGY STAR manufactured home are required to certify that they have installed the home in accordance with guidelines. That certification is returned to the home's manufacturer, who in turn files it with the national entity tracking ENERGY STAR home sales on behalf of the EPA and DOE. When a retailer sells an ENERGY STAR home, he/she supplies the buyer with a form to fill out and mail to the S.C. Energy Office.

The SCEO reviews the form, ensures that the home buyer has received his/her ENERGY STAR certification from the retailer, and signs and returns the approval form to the home buyer. The home buyer then attaches the certification to his/her tax form if filing a paper form, or retains it with other records if filing electronically.

Results

According to the Manufactured Housing Institute of South Carolina, an average of 140 homes per month were shipped from manufacturers to dealers in the state, meaning that approximately 700 have been shipped from the inception of the program July 1, 2009 to November 30, 2009, the last date for which data are available. According to the national database that manufacturers use to report ENERGY STAR homes produced and installed, 74 ENERGY STAR homes have been installed on-site in accordance with ENERGY STAR standards (hence certified) since July 1, 2009. Eight additional homes have been sold to SC homebuyers this year for which the site work hasn't been completed or the site completion paperwork hasn't been filed. In total, there are 82 homes that should be eligible for the tax credit. Energy efficient ENERGY STAR homes represent approximately 12% of the manufactured homes sold in South Carolina for the five months the program has been active, which represents a major success and significant savings for homeowners.

In addition to the ENERGY STAR homes that have been sold to date, national database records indicate that there are 113 ENERGY STAR homes placed in production since July 1, 2009 and sold to SC dealers, but for which no homeowner information has been provided. Many of these homes are recent sales and many are stock or display units. And half of these homes have been placed in production in just the past two months. Once installed on-site in accordance with ENERGY STAR requirements, these homes should also be eligible for the tax credit.

To date, only three households in South Carolina have submitted approval forms to the S.C. Energy Office. The first home buyer to receive approval was featured in an article in the SCEO newsletter (see Appendix B). While energy savings for this first year are

S.C. Energy Office ENERGY STAR Manufactured Housing Report

minimal, we expect more significant results in subsequent years and plan to use a format similar to the table below to report future results.

Location	Approximate square feet	Approved	Expected Annual Energy Savings (MMBTU)	Equivalent CO2 Reduction (lbs.)
Easley	2255	10/09/09	15.35	5,831
Sellers	2255	12/17/09	15.35	5,831
Summerton	1600	12/30/09	14.07	5,347
Total			44.77	17,009

Calculations are based on the most recent U. S. Energy Information Agency data (2005) for residential energy use based on square footage of homes. The SCEO made the very conservative assumption that the ENERGY STAR home would save only 15 percent of the energy used by the average home of approximately the same square footage.

It is our understanding that dealers expect home buyers to file their request for ENERGY STAR certification tax credit approval when they get ready to file their 2009 tax forms. We are working with the Manufactured Housing Institute of S.C. to be sure dealers explain to customers that waiting until the last minute could result in delays in filing for the tax credit

ENERGY STAR Incentives for Manufactured Homebuyers and Dealers

Customer's \$750 Income Tax Credit

In order for your customers to claim the \$750 non-refundable* tax credit on their state tax returns, the following items must be completed:

- Step 1.** Provide the customer with a copy of the ENERGY STAR Tax Credit Application Form (available on the web at either www.energy.sc.gov or www.mhisc.com).
- Step 2.** Verify that the *Site Installation Checklist* provided by the manufacturer and shipped with the home is completed and signed (the gray ENERGY STAR quality assurance label affixed inside the home should also be signed). Return a copy of the signed *Site Installation Checklist* to the manufacturer.
- Step 3.** Give the customer two copies of the bill of sale (clearly showing date of sale) and two copies of the signed *Site Installation Checklist* (must include customer's name and home address). The customer must forward one copy of each of these documents to the State Energy Office along with the ENERGY STAR Tax Credit Application Form. The address is on the application form.
- Step 4.** The State Energy Office will approve the request and return the form to the customer. The customer must retain the form along with other income tax records, and must include a copy with his/her income tax filing if filing a paper form.

*Non-refundable tax credits can not reduce the tax owed to less than zero.

Sales Tax Elimination

South Carolina law eliminates sales tax on homes meeting ENERGY STAR requirements. State law requires retailers to maintain records on each ENERGY STAR manufactured home sold. In lieu of a special form, the State Energy Office will require that retailers simply retain copies of the *Site Installation Checklist*, which must include the customer's name and home address. By law, these records must be retained for three years and must be made available for inspection upon request of the Department of Consumer Affairs or the State Energy Office.

Retailer's Rebate

Retailers that sell Home Advantage ENERGY STAR homes that are connected to Progress Energy Carolina's service will receive a rebate for each home sold (check with the home manufacturer on the amount of the rebate). To receive the rebate, complete the rebate claim form available on the web at www.research-alliance.org and fax it, along with copies of the signed *Site Installation Checklist* and cooling equipment invoice, to the number shown on the form.

(article)

Energy Connection, Winter, 2009

ENERGY STAR manufactured home makes debut in Upstate

The South Carolina Energy Office recently received its first request for approval of documentation for the state's new \$750 income tax credit for an ENERGY STAR® manufactured home. Purchased at gallery of Homes of the Upstate, the home belongs to Phillip and Jessica Spradling of Easley.

An ENERGY STAR-qualified manufactured home is generally 30 percent more energy efficient in its heating, cooling, and water heating than a comparable standard code home. This increased level of energy efficiency can be met using standard technologies and manufacturing practices by successfully integrating three key home components:

- An energy-efficient building envelope (e.g., effective insulation, tight construction, and high-performance windows).
- Energy-efficient air distribution (e.g., airtight, well-insulated ducts).
- Energy-efficient equipment (e.g., space heating, space cooling, and hot water heating).

And unlike a site-built home, an ENERGY STAR manufactured home enjoys the benefits of factory-controlled conditions and third-party verification. The ENERGY STAR program is a joint effort between the U.S. Department of Energy and the Environmental Protection Agency.

Mr. Spradling said the economic benefits played a large role in why he and his wife chose to purchase an ENERGY STAR home.

"We've always been focused on conservation, on saving energy and money, especially in a recession," he said.

Mark Dillard, Director of the Manufactured Housing Institute of South Carolina agrees. "Homes remain in use longer than any other consumer product. It makes sense to focus energy efficiency incentives on housing because the payoff is year after year," Dillard said.

Utility companies state-wide are also encouraging this effort.

"Energy efficiency not only saves money for the homeowner, but saves money for the utility in the long run by delaying the need for new power supplies," Joel Ledbetter, General Manager of Easley Combined Utilities, said. "We think the tax credit is a great way to encourage people to invest in ENERGY STAR homes."

The tax incentives do not apply to modular homes. Manufactured homes are built to a national building code and modular homes are built to a state building code. The builder, developer or retailer selling the home can tell you whether the home you are interested in is a manufactured or modular home.

Regulatory Division

Thomas and Desiree Lyons
c/o Reid Hilliard
11861 Highway 707
Murrells Inlet, South Carolina 29576

Dear Mr. and Ms. Lyons:

This letter is in response to a Pre-Construction Notification (PCN) dated September 25, 2006. By submittal of the PCN, you requested verification that the proposed project is authorized by Department of the Army General Permit # 2006-10-001.

The PCN contains the following identifying information for this project. The work affecting navigable waters of the United States is part of an overall project known as Lyons Dock as shown on drawing sheets 1-5 of 5 titled "Lyons Dock" and dated May 24, 2006. The work specifically consists of joining an existing 10' X 12' dock to the proposed 11' X 15' covered fixed pierhead by an irregularly shaped 56 square foot pierhead. The fixed pierhead will be partially covered by a 12' X 16' roof. A 10' X 12.5' boatlift will be constructed downstream of the pierhead. A 150' linear bulkhead will be constructed above mean high water (MHW). The project is located on Atlantic Intracoastal Waterway at lot adjacent to and east of 2340 John Henry Lane, Horry County, South Carolina.

Based on a review of the information provided, it has been determined that the proposed activity will result in minimal individual and cumulative adverse environmental effects and is not contrary to the public interest. Furthermore, it appears that the activity meets the terms and conditions of Department of the Army General Permit #2006-10-001.

For this authorization to remain valid, the project must comply with the terms and conditions listed in the enclosed copy of the General Permit, and the following special conditions:

1. That prior to beginning the authorized work the permittee must obtain all appropriate state certifications and/or authorizations (i.e. 401 Water Quality Certification, Coastal Zone Management Consistency Determination, State Navigable Waters Permit).
2. That the structure(s) do not exceed the dimensions specified in the above mentioned PCN, including any supplemental information or revised permit drawings that were submitted to the Corps by the permittee;
3. That the permittee shall submit a signed letter to the Corps within 60 days following completion of the project stating that the authorized work was completed in accordance with this General Permit.

4. That the permittee agrees to provide, as a part of the completion notification, as-built drawings which indicate all dimensions of the structure as well as the distance between the centerline of the federal channel, and the waterward edge of the authorized structure. These drawings must be prepared by a registered land surveyor and submitted within sixty (60) days of the completion of the structure. Failure to provide these drawings will result in non-compliance with the General Permit and further enforcement action will be taken.

5. It is recognized that this structure is to be constructed on/or adjacent to an area subject to a prism and/or disposal easement held by the United States in perpetuity in conjunction with a Congressionally authorized project for the maintenance and improvement of the Atlantic Intracoastal Waterway. This authorization does not convey any property rights either in real estate or material or any exclusive use privileges; nor does it relinquish any right the United States has for the use of its easement or the maintenance and future widening or deepening of the Atlantic Intracoastal Waterway pursuant to its easement rights.

6. It is understood and agreed that if the District Engineer determines this structure shall in any way in the future conflict with the improvement, operation, maintenance and widening or deepening of the federal channel, the owners themselves, their heirs, successors and assigns will remove said structure within 45 days from the date that written notice is given by the District Engineer, and there shall be no entitlement to compensation from the United States for damage or injury.

7. Conveyance of this permit applies only to the structure authorized and does not authorize the construction of any permanent structure or any structure suitable for habitation or any utility leading either to permanent structures suitable for habitation or to permanent structures within the bounds of areas on which the Corps of Engineers enjoys easement rights.

8. That permittee agrees that no permanent structures, beyond those authorized by this document, will be placed on the prism easement or on any adjacent disposal easement without written approval of the District Engineer.

9. That the Secretary of the Army, representing the United States of America, hereby consents to the herein authorized facilities or structures to be located on or across easement lands vested in the United States of America for the construction and operation of the federal channel. The permittee shall not engage in any act which may interfere with or abridge the easement interests of the United States, except those specifically authorized herein.

10. That any Corps of Engineers Waterway Control Monument can not be disturbed without first notifying this office 30 days in advance. After coordination with this office, a decision will be made as to the proper steps to be taken with regard to removing and relocating the monuments(s).

In all future correspondence concerning this matter, please refer to our file number SAC 2006-2458-3GT. A copy of this letter is being forwarded to certain State and/or Federal agencies for their information. If you have any questions concerning this matter, please contact Jay M. from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of constructing a bulkhead, a partially covered fixed pierhead, and a boatlift. In detail, the work consists of joining an existing 10' X 12' dock to the proposed 11' X 15' covered fixed pierhead by an irregularly shaped 56 square foot pierhead. The fixed pierhead will be partially covered by a 12' X 16' roof. A 10' X 12.5' boatlift will be constructed downstream of the pierhead. A 150 linear foot bulkhead will be constructed above MHW. It is understood that this work will be conducted on/or adjacent to an area subject to a prism and/or disposal easement held by the United States. If a permit is issued, appropriate provisions will be included to ensure the interests of the Federal Government are understood. The purpose of the project is for the owner's private recreational use.

STATE OF SOUTH CAROLINA

COUNTY OF BEAUFORT

THADDEUS F. SEGARS,

Plaintiff,

vs.

FIDELITY NATIONAL TITLE INSURANCE
COMPANY,

Defendant.

IN THE COURT OF COMMON PLEAS
FOURTEENTH JUDICIAL CIRCUIT

Civil Action No. 2011-CP-07-0093

2012 MAY 24 AM 10:25
J. ANN RUSSELL
BEAUFORT COUNTY
CLERK OF COURT

ORDER GRANTING DEFENDANT'S
MOTION TO DISMISS

THIS MATTER CAME ON FOR HEARING before the Honorable Carmen T. Mullen, Judge presiding over the April 25, 2012 Session of the Beaufort County Common Pleas Court upon the motion of Defendant Fidelity National Title Insurance Company to dismiss Plaintiff's Complaint pursuant to Rules 12(b)(2), 12(b)(4), 12(b)(5), and 12(b)(6).

Attorney Michael Mogil entered an appearance on behalf of Plaintiff, and attorney Amy Hunt appeared on behalf of Defendant. The Court reviewed and considered the Complaint, Motions to Dismiss, authorities presented, and arguments of counsel; and the Court makes the following findings of fact and conclusions of law:

1. The title insurance policies at issue in this lawsuit were issued on June 23, 2004 (the Lot 2 Policy) and August 9, 2004 (the Lot 3 Policy).
2. The restrictions and plats of which Plaintiff complains were matters of public record prior to the issuance of the title insurance policies and are specifically referenced in the policies.
3. Plaintiff filed two prior actions against the same Defendant on July 16, 2008 (Beaufort County Case Number 2008-CP-07-2579) and August 4, 2008 (Beaufort County Case

Number 2008-CP-07-2741). In these prior actions, the claims against Defendant were substantially the same as in the present action.

4. A Stipulation of Dismissal without prejudice was filed as to both of the prior actions on February 19, 2010.

5. The present action was filed on February 24, 2011.

6. The Court finds that Plaintiff discovered or should have discovered the facts underlying his Complaint at the time of the issuance of the title insurance policies, because the matters of which he now complains were matters of public record at that time. Plaintiff is not a bona fide purchaser because sufficient record notice was available as of the date of the issuance of the policies to charge him with a duty to inquire, which if pursued with due diligence, would have supplied him with knowledge of the restrictions and plats.

7. Accordingly, the Court finds that Defendant's Motion to Dismiss should be allowed, because Plaintiff's claims are all barred by the applicable statute of limitations under S.C. Code. Ann. § 15-3-530(1).

IT IS HEREBY ORDERED that the motion to dismiss is allowed as to all claims in the Complaint.

AND IT IS SO ORDERED.

9. Others have rights arising out of leases, contracts, or options.
10. Someone else has an easement on your land.
11. Your title is unmarketable, which allows another person to refuse to perform a contract to purchase, to lease or to make a mortgage loan.
12. You are forced to remove your existing structure-other than a boundary wall or fence-because:
 - it extends on to adjoining land or on to any easement
 - it violates a restriction shown in Schedule B

13. You cannot use the land because use as a single-family residence violates a restriction shown in Schedule B or an existing zoning law.
14. Other defects, liens, or encumbrances.

COMPANY'S DUTY TO DEFEND AGAINST COURT CASES

We will defend your title in any court case as to that part of the case that is based on a Covered Title Risk insured against by this Policy. We will pay the costs, attorneys' fees, and expenses we incur in that defense.

4. Failure to pay value for your title.
5. Lack of a right:

We are required to repay you only for those settlement costs, attorneys' fees and expenses that we approve in advance.

- the cause of the claim is removed; or
- we settle your claim

c. The Policy Amount will be reduced by all payments made under this policy - except for costs, attorneys' fees and expenses.

d. The Policy Amount will be reduced by any amount we pay to our insured holder of any mortgage shown in this Policy or a later mortgage given by you.

7. TRANSFER OF YOUR RIGHTS

When we settle a claim, we have all the rights you had against any person or property related to the claim. You must transfer these rights to us when we ask, and you must not do anything to affect these rights. You must let us use your name in enforcing these rights.

We will not be liable to you if we do not pursue these rights or if we do not recover any amount that might be recoverable.

With the money we recover from enforcing these rights, we will pay whatever part of your loss we have not paid. We have a right to keep what is left.

1 THE COURT: All right okay.

2 MR. HALLER: Good afternoon, Your Honor. May it
3 please the Court. I am David Haller attorney for Thomas
4 and Desiree Lyons, Mr. and Mrs. Lyons are in the back of
5 the courtroom. Your Honor, this is an action on a title
6 insurance policy. And my clients brought an action for
7 breach -- actually two policies for breach of contract
8 against Mr. Lang's clients, what is now Fidelity Title and
9 another company called Security Title. The background
10 story of this case is quite fascinating. Back in the
11 1930's when Congress authorized the creation of the
12 International Coastal Waterway, it directed the states to
13 go and acquire the property and to dig the waterway
14 through. And in doing so when the State of South Carolina
15 acquired the property and then deeded it back to the
16 Department of the Army. And at the same time the
17 Department of the Army retained on those lands, where it
18 dug through the intercoastal waterway, a spoilage easement
19 a dredge easement. So that when the Army -- so that when
20 the intercoastal waterway was dredged over time, it would
21 have a place to dump the property -- excuse me, dump the
22 dredge.

23 And over the course of years the responsibility from
24 management of that easement was turned over to Horry
25 County. And in 2003 Horry County enacted a resolution

1 saying that any properties within the spoilage easement
2 could not receive a building permit to build stick built
3 homes. You could receive permits to improve on existing
4 structures or if you had mobile homes on the property, you
5 could receive a permit to replace an existing mobile home
6 home.

7 In 2005 my clients bought an existing piece of
8 property on the intercoastal waterway. A beautiful piece
9 of property. And at the time there were two lots that
10 were purchased. There was the initial lot, which is
11 insured by Fidelity with a policy of \$240,000. And then
12 several months later they bought, what we in litigation
13 call, the sliver, which is about 100 foot strip of land
14 from a neighbor and those two parcels were combined. The
15 sliver is insured by Security Title for \$100,000. The
16 easement was not found in the title search and it is not
17 accepted in the title search. The resolution was not
18 found in the title search and it was not accepted in the
19 title search.

20 Fast forward to about six years when the Lyons
21 prepare to build their dream home on this lot, having gone
22 through the necessary of getting building plans and
23 architectural certificates. They go into the Horry County
24 building permits office with their building permit
25 application and are told, you can't have a building

1 permit. And they learn for the first time that there is
2 an easement on the property which essentially makes their
3 property useless. Because any time the Army Corp of
4 Engineers can come and put environmentally toxic sludge
5 right on their land. We then make claims against the
6 title insurance policies. One of them was flat denied and
7 the other of them was tacitly admitted and then nothing
8 was done with it. We made an offer to settle, the offer
9 to settle was ignored. We then brought this action for
10 breach of contract and also we brought a bad faith to pay
11 claims.

12 Now what makes this case kind of even more
13 interesting, in addition to the history behind it, is the
14 fact that an additional -- another case almost identical
15 to this case was litigated a year and a half ago in front
16 of Judge Harwell in Federal District Court. In fact the
17 land owner two lots over had the identical problem, tried
18 to get a building permit, found out there was an easement
19 from 1931, found out there was this resolution from 2003.
20 And she then brought an action against Stuart Title
21 interpreting essentially the identical policy that has
22 been approved by the Department of Insurance and issued by
23 Alta, the group that writes these policies for these
24 insurance companies.

25 In that litigation the questions, the identical

1 questions, which are present here, were raised. Earlier
2 this week I did email to your law clerk a copy of Judge
3 Harwell's order. I don't know if you have had an
4 opportunity to review it. In that case the carrier said
5 an exception to the -- within the policy excluding
6 covenants, and that exception is what has been referred to
7 as the police powers exception. And -- but Mrs. Whitlock,
8 the plaintiff, claimed that other policy provisions

9 specifically policy provisions one, ten and thirteen,
10 which says, that there is a covered risk if someone else
11 owns an interest in your title, someone else has an
12 easement in your land, and you cannot use the land because
13 use as a single family residence violates restrictions
14 shown in schedule B or an existing zoning line.

15 The exclusions that the defendants relied on is the
16 police power exclusion actually specifically says this
17 exclusion does not apply to the violations or the
18 enforcement of these matters which appear in the public
19 record as of policy date. And I would point out, Your
20 Honor, there is is no dispute what so ever, the easement
21 was in place, the easement covers my client's property,
22 the resolution was in place, the resolutions were in the
23 public record and that they are not excluded. Judge
24 Harwell found on those facts that the policy was ambiguous
25 as to whether or not a single family residence included a

1 mobile home. And having been not including a mobile home,
2 and since it was ambiguous, the ambiguity was read in
3 favor of insured and they were covered as is the law in
4 South Carolina. And further found that the resolution was
5 a public record, which being of public record was -- the
6 term public record was also ambiguous and resolution in
7 act of county counsel and something that could be found
8 within the public confines, that too was something that
9 was a covered issue. And he granted summary judgement
10 under the same policy the almost identical substantive
11 terms of the policies that are at issue here, with the
12 identical set of facts that are at issue here.

13 Then the issue got certified, the question of damages
14 and the date of evaluations got certified to the South
15 Carolina Supreme Court. And the Supreme Court, using the
16 same rules of contract interpretation and ambiguity,
17 determined that for purposes of this case, the contracts
18 was ambiguous as to what date was to be used for the
19 evaluation, since the property could not be used as a
20 single family residence, and that was the purpose for
21 which Mrs. Whitlock owned her property and the purpose for
22 which my client's brought their property. But since that
23 was then ambiguous, the date of evaluation is the date of
24 purchase.

25 In other words, for my clients set of facts that

1 means that the amount of money they are insured for on
2 their title, \$340,000 we contend is what they are due.
3 And unlike some title insurance policies, this is a policy
4 which actually ensures use. The policy specifically says
5 a covered -- one of the covered title risks is you cannot
6 use the land, because use as a single family residence
7 violates the restrictions. And that is exactly what has
8 happened here. That being the case, since that use is not
9 permitted the entire policy amount, we believe, is what is
10 due.

11 Your Honor, we moved for partial summary judgment
12 today on number one, liability, and number two, liability
13 under the contract, that is, that they have an obligation
14 to pay the amount of policy. And, number two, as the
15 payment -- an order requiring them to pay \$340,000 as
16 required by the policy. We are reserving our bad faith
17 claims. Thank you, Your Honor.

18 THE COURT: Counsel.

19 MR. LANG: May it please The Court. Louis Lang for
20 Fidelity National Title Insurance Company and Security
21 Title Insurance Title Guarantee Company of Baltimore.
22 Just as a house keeping matter, Your Honor, the caption in
23 The Court file names lawyers Title Insurance Cooperation
24 as the defendant and Lawyers Title has been merged into
25 Fidelity. And Fidelity is the real party in interest.

1 And it is might fault, I had a consent order amending the
2 caption sitting on my desk. I ask The Court to grant the
3 motion to amend the caption to reflect the proper
4 Defendant, that is Fidelity National Title Insurance
5 Company as successor by merger to Lawyers Title Insurance
6 Corporation.

7 THE COURT: You join in their motion?

8 MR. HALLER: Yes, sir.

9 THE COURT: All right, motion granted.

10 MR. LANG: Thank you, Your Honor. Judge, I was the
11 lawyer for the case that counsel refers to that had
12 proceedings in both federal court and our State Supreme
13 Court. So I guess there has never been a case that I
14 tried or settled that I didn't think I could do better.
15 So I guess I get a do over, essentially, on this case. I
16 suggest to The Court the facts in this case are
17 significantly different than the *Stewart Title* case. But
18 I think I am compelled to discuss the *Stewart Title* case
19 in terms of its posture both in Federal Court and State
20 Court. I apologize, this will take me some time for me to
21 do. So with that in mind let me first talk about damages.
22 Counsel, has indicated that based upon his reading of
23 the *Stewart Title* case certified question in the Supreme
24 Court that somehow because the federal district judge in
25 *Stewart title* in federal court granted partial summary

1 judgement on liability and that he is now entitled to the
2 policy limits. That is not either what Judge Harwell said
3 in Federal Court or what the Supreme Court said in the
4 certified question.

5 And in that regard, Your Honor, I would suggest a
6 number of things. The case that the -- the issue that was
7 certified by Judge Harwell was the date of evaluation.
8 The dispute as to that date before Judge Harwell was when
9 you had the partial failure of title. In other words, not
10 a complete or total failure of title, but rather partial
11 failure of title. When do you value that loss? Do you
12 value it at the time of the purchase of the property or at
13 the time you discover the defect. That's the issue that
14 went up before the Supreme Court. And the Supreme Court
15 said the value at the date of purchase, because there is
16 nothing in the title policy that said you value at the
17 date of the discovery. That is the question, and we would
18 suggest to The Court, with regard to damages, there is
19 clearly a genuine issue of material of fact, in this case,
20 as to the damages, if there is liability, that might be
21 owed under either of these two policies.

22 In that regard, Your Honor, if I could approach the
23 bench. I have somewhat of an initial submission. Copy of
24 which I've already provided to Mr. Haller. In that
25 regard, Your Honor, a number of things. First off and --

1 first and for most is we have diminution in value of
2 appraisal. Done by Henry Beckham in Horry County. What
3 Mr. Beckham did was value the insured property without the
4 spoilage easement. And he took that value and then valued
5 the insured property value with the spoilage easement and
6 subtracted it without value -- or subtracted with value
7 and then without value and came to his diminution value
8 conclusion. That diminution value conclusion was
9 \$185,000. Mr. Beckham, and a copy of his appraisal
10 with -- a portion of which has been previously filed, and
11 the complete appraisal is before the court in my initial
12 submissions. Mr. Beckham said the value of the property
13 at the time of the purchase, and he valued that date as
14 October 2005, which is the date of the last purchase by
15 the Lyons of the 3520 foot strip as \$295,000 without the
16 spoilage easement, with the spoilage easement \$110,000,
17 and that difference is 185,000.

18 Now that method of evaluation was adopted by the
19 South Carolina Supreme Court in both certified question of
20 *Whitlock vs Stewart Title* as well as the prior Supreme
21 Court case of *Stanley versus Atlantic Title Insurance*
22 *Company* where that evaluation method was one that the
23 Supreme Court said was appropriate for a partial failure
24 title.

25 So in this circumstance, Your Honor, I would suggest

1 there is clearly much more than a scintilla of evidence in
2 regard to the damages issues. And of course The Court
3 will recall what Judge Harwell did he granted summary
4 judgement only on liability. He did not grant summary
5 judgement on liability damages. Although he thought he
6 could at one point in time after the certified question
7 was answered, under the Federal Rule 56, a District Judge
8 can actually, on his own motion, grant summary judgement

9 as long as he gives the other side the opportunity to
10 respond. Judge Harwell thought he could do that. He gave
11 us time to respond. We sent in our diminution of value
12 appraisals to Judge Harwell, and Judge Harwell decided was
13 a genuine issue of material of fact, even under the
14 federal standard. Which is quite different than the state
15 standard.

16 So in that regard, Your Honor, I would suggest there
17 is clearly genuine issue of material fact. In addition,
18 Your Honor, I've submitted with my additional submittal
19 the tax assessed value of the property as of 2005. It had
20 a tax accessed value is \$83,200. I've also and will
21 invite The Court's attention and will submit an excerpt
22 from the deposition of the prior owner Bobby Martin. And
23 what Mr. Martin says is, of course, he lived on the
24 property from 1972 to 2005, that is page 13 lines 9
25 through 14. And, of course, there is value to the

1 property, and it may not be able to be used as Lyons
2 believe it should be used, and they wanted it to be used.
3 But it is clearly something that can be used.

4 On the issue of liability, Judge, I would suggest to
5 The Court again there are a number of matters I would like
6 to address and I will be brief. The property is not
7 useless. It has been used by Mr. Lyons as a residence for
8 many years. The title insurance does not insure use
9 generally. Now, in this circumstance, and I get to
10 exclusion one in a moment. But, in this circumstance, it
11 doesn't show the use as a single family residence, but no
12 other use. We would suggest to The Court that at the time
13 Mr. Martin sold the property it was being used as a single
14 family residence. And I have cited a number of cases that
15 support that Judge. And, in particular *Masters versus*
16 *Strickland*, which is South Carolina Court of Appeals, not
17 a title insurance case, but it does talk about a specific
18 performance case in which the property, after the contract
19 of purchase was signed, was determined to have been
20 incumbent by wetlands. So the developer could not develop
21 as he thought he could, he therefore did not close on the
22 transaction, saying the seller could not deliver
23 marketable title. The Supreme Court said the title was
24 marketable, you just can't use it for what you want to use
25 it for. I would suggest that is the circumstance here.

1 But, Your Honor, we suggested to The Court that there
2 certainly is more than scintilla of evidence to indicate
3 that exclusion number one, which, counsel for the
4 plaintiff has quoted, excludes coverage in this
5 circumstance. And that exclusion, Your Honor, excludes
6 loss, cost, attorney fees, expenses resulting from
7 government police powers and existence of violation of any
8 law or government regulation.

9 The problem, in this circumstance, Your Honor, is not
10 the spoilage easement. The deposition testimony of Bobby
11 Martin on page 15 lines 16 through page 19 and lines 10.
12 He talks about all the other houses and permanent
13 buildings that surround his residence that were built
14 prior to 2011. There is nothing in the spoilage easement,
15 Your Honor, that precludes building on this property. The
16 problem is this resolution. In that regard, Your Honor,
17 we suggest that again there is more than scintilla of
18 evidence as to the exclusion.

19 Now, Judge Harwell did find that the resolution was a
20 matter of public record for purposes as that phrase is
21 defined in the title policies. And he found, for some
22 reason, that a public record would include county
23 resolutions. Your Honor, with due respect to Judge
24 Harwell, I just think he is wrong on that. There is no
25 title examiner in which, I'm aware, in this state, that

1 goes and examines the county resolutions when they are
2 examining titles. They go to the RDR office, they go to
3 the Clerk of Court's office. They don't go to the County
4 Clerk's Office or the county council or the municipality
5 of which the property may be located to look at
6 resolutions or ordinances and things of that nature. And
7 I would suggest again Judge Harwell, again with all due
8 respect was simply wrong in that regard.

9 I also invite The Court's attention to the affidavit,
10 which is in the court record, from Pat Daily. And
11 Mr. Daily is a Baltimore -- he is a Security Title
12 Individual. He is the claims attorney who denied coverage
13 under the \$100,000 policy. He has been licensed in the
14 State of Maryland since 1998 as a lawyer; he has been
15 involved with title issues and title claims since 2003.
16 His interpretation of the policy and his view of the
17 policy is that the ordinance or resolution is not a matter
18 of public record as that is defined in the policy. Of
19 course the policy defined public record as those things
20 that provide constructive notice in accordance with the
21 statute of the state in which the property is located. We
22 know constructive notice is, I think, *Spence versus Spence*
23 and those are those things recorded at the courthouse
24 either at RMD office or the clerk's office. So, again, I
25 am suggesting to The Court that the resolution is not a

1 public record.

2 Secondly, Your Honor, I would suggest to The Court
3 that the residence is a single family residence. And,
4 again, I would invite The Court's attention to Mr. Daily's
5 affidavit, in which he says a mobile home is a single
6 family residence, in accordance, as that term is used in
7 the title insurance policy.

8 Again, Your Honor, those things were not before Judge
9 Harwell. So I would suggest that those things indicate
10 that there is more than a scintilla of evidence to
11 establish that there is genuine issue of material fact.
12 In addition, Your Honor, I would invite The Court's
13 attention to the survey, which I've attached my most
14 recent submissions. It shows the property is, and it is
15 very hard to read, but it identifies the structure on the
16 property as a single story residence or single story, one
17 story. In addition, Your Honor, I attached a picture of
18 the property of the structure, which has been identified
19 as accurately depicting the structure itself. It is on
20 the last page of the submissions, Your Honor, and that
21 does not look like a mobile home to me. It looks like a
22 single family residence.

23 So again, Your Honor, I would suggest to The Court
24 that there is more than a scintilla of evidence in regard
25 to those issues and applicability of exclusion one to the

1 policy.

2 Finally Your Honor, we have raised a statute of
3 limitations defense and we have developed evidence in the
4 last several months that the Lyons applied for a dock
5 permit to construct a dock. Of course they are on the
6 intercoastal waterway. So they had to go to Corp of
7 Engineers. That application was done in 2006. I've
8 attached to my submissions, Your Honor, a letter from the
9 Corp as well public notice. The letter from the Corp is
10 dated, I think, in 2007. Public notice is dated 2006.
11 And in both of those documents, Your Honor, there is -- it
12 says and, I quote, it is understood that the structure,
13 meaning the dock, is to be constructed on or adjacent to
14 an area subject to the prior -- subject to a prism,
15 rather, and or disposal easement covered by the United
16 States perpetuity. So we would suggest that there is more
17 than scintilla of evidence as to the statute of
18 limitations defense.

19 Judge, I know I have taken up a lot of your time and
20 I appreciate The Court's patience in this regard. There
21 are a number of things that I've submitted to Your Honor
22 that are in The Court record. The last thing I will say
23 I'm confident for counsel for plaintiff will assert these
24 are sealed instruments and therefore the 3 year statute
25 does apply rather than the 20 year statute. I've

1 addressed those in my most recent submissions, Your Honor.
2 Thank you very much.

3 THE COURT: All right. Thank you.

4 MR. HALLER: Thank you, Your Honor, I will try to be
5 brief. First of all, let's go back to the very beginning
6 this is an issue of contract interpretation, which begins
7 as we all learned first year of law school, reading the
8 contract. So this Maryland lawyer's affidavit is

9 fascinating. The fact of the matter is, it is interpreted
10 in South Carolina about what the words are, by the
11 standard rules of statutory interpretation, that rests
12 with, Your Honor, and The Court, looking at the contract
13 and determining if it ambiguous or unambiguous. If it's
14 ambiguous, Your Honor, of course is obligated to enforce
15 it against the defendant. If it's ambiguous -- if it is
16 patently ambiguous, ambiguity that you need to look at and
17 see, which is what Judge Harwell found. The rules are
18 that contract of insurance are construed against the
19 insurer and in favor of coverage. That is exactly what
20 Judge Harwell did in Federal Court when applying South
21 Carolina law. The purpose of this, unlike a lot of other
22 set of title insurance policies, the purpose of this
23 policy is to protect the property for residential use. It
24 says so in the first lines of the policy. This is the
25 Lawyers Title Policy, it applies only to one to 4 family

1 residential lots. If your land is not in any of these,
2 contact us immediately. That is the only thing it shows.
3 It is the use as a residential lot. It's more than -- so
4 where as when they drafted the contract, they could have
5 drafted it in here to exclude certain things or include
6 certain things because they were exclusive drafter of the
7 contract. My clients didn't have any right of
8 negotiations as to the terms of this. They could have
9 put -- if you can use it for any reason what so ever,
10 we're not going to pay the claim. But, instead what they
11 said is, we're protecting you from residential use and you
12 can't -- and it specifically said, its coverage if you
13 can't use it for single family use. And that is what they
14 have contracted -- they took the blame. They enjoyed use
15 of the money. They contracted with my folks to pay the
16 benefit, and that is all we have asked for. So all this
17 other stuff about a mobile home, you know, that is nice
18 but the board of county says you can't do it.

19 Now, as to the the comment, the easement is not a
20 problem here. Well may be that is right. Except the day
21 that you built your home, and the next day the Army Corp
22 of Engineer man knocks on the door and says, Oh by the
23 way, we're coming here to dump something. You can't use
24 the property at all because the sledge that is going to
25 come out of there is going to be so toxic that now what

1 you own is a dump site. The entire property -- so the no
2 build may be technically today's problem is that the no
3 build resolution prohibits the plaintiffs from building.
4 But, the fact of the matter is at any time at all, in
5 perpetuity, the Army Corp of Engineers can dump sludge on
6 that piece of property. That makes it unusable as a
7 single family residence.

8 As to the argument that the resolution is not in the
9 public records. Well, again, if Lawyers Title or Security
10 Title wanted to put in there that if something a title
11 abstracter, in the normal course of their business, had
12 found, they could have written that in there. But,
13 instead they gave a very broad view and definition of what
14 a public record is. And the fact of the matter is,
15 everyone is presumed to know the law and that -- and had
16 they wanted to exclude that because the Lawyers Title and
17 Security Title were presumed to know of the no build rule,
18 if they wanted to exclude it, they could have put it into
19 the exclusions. But they didn't do it that; there is
20 coverage.

21 And last, Your Honor, I do want to speak as to the
22 statute of limitations. These are the two originals
23 contracts. And if Your Honor would like, I will hand them
24 up to you. But, I think you can see seals, including on
25 the Lawyers Title one, which actually used the word seal

1 on it. Now one of the arguments I saw that Mr. Lang made
2 was that this document here, the first piece of paper on
3 the Lawyers Title, is not part of the contract, it doesn't
4 have any legal effect. Except right under the seal is the
5 arbitration clause that is required by the state law, with
6 the bold print and the underline to.

7 Of course there is a statute on how to determine
8 whether an object or an instrument is a sealed object is
9 19-1-160. And it reads, when ever it shall appear from
10 the attestation clause for from any other part of any
11 instrument in writing, that it was the intention of party
12 or parties thereto that such instrument should be a sealed
13 instrument, that such instrument shall be construed to be
14 and shall have the effect of a sealed instrument.
15 Although no seal will actually be attached thereto. The
16 case law is you don't even have to have the seal on it.
17 If you put LS next to the signature line that is a legal
18 seal. If you put the word seal. So we would -- again,
19 interpreting the instrument, against the drafter, it has
20 two seals on it, we believe the 20 year statute of
21 limitations applies. So for those reasons, Your Honor, we
22 ask for judgment in our favor.

23 MR. LANG: Just very briefly, Judge, I did want --
24 Counsel is correct in terms of the Lawyers Title Policy it
25 says right on the first sheet. This sheet is not your

1 insurance policy. I don't see how it can be more clear
2 that whatever this first document is, it is not part of
3 the contract between the parties. It is not a seal
4 instrument. The Security Title, what counsel refers to as
5 a seal, doesn't use the word seal. It is just a stamp on
6 the first page of the document. So we would suggest
7 again, there is a gemination material fact as to whether
8 or not these documents or these policies are sealed
9 contracts, and whether the 20 year statute or 3 year
10 statute applies. That is all and I appreciate your
11 patience.

12 THE COURT: Thank y'all for your able argument.

13 All right want to give us a little time to look at this I
14 will invite proposed orders. Get them to me in 15 or 20
15 days. I would appreciate it..

16 MR. HALLER: Thank you, Your Honor.

17 MR. LANG: Thank you for The Court's time.
