

PETITION FOR REHEARING AND TO RECALL THE REMITTER

The Honorable Jenny Abbott Kitchings

Clerk of the S.C. Court of Appeals

1205 Pendleton Street

Columbia, SC 29211

September 9, 2014

Case No. 2014-001030

George Christodal, Jr. v. Kathryn Dawson

Dear Honorable Jenny Abbott Kitchings,

I respectfully ask this court for forgiveness with regard to my late or inadequate petition for rehearing.

I am trying to work PRO SE at this point because I have incurred expenses in excess of \$10,000 with this case and have exhausted my funds all together. Your office has been very helpful with the format and timing, and I wish I had realized before that I had such a resource available to me by phone, it would have never been late. I thought that I needed to file as I did and to wait for a date and then I was required to send in the brief, etc. I am asking that this court grant me this necessary petition in this matter. Time has never seemed to be of the essence in this case, there was an almost 2 year wait for the ruling in the first trial and for the appeal it was also a very long time.

If I had known that timing was so sensitive with this petition I certainly would have done so within the required time. I now have the web site that you gave to me and with your very willing to help office staff to assist me by phone if needed.

Therefore, I ask this court to grant me this tolerance and an adequate amount of time to submit my brief.

Sincerely,

George Christodal, Jr.
