And I would've won the case. If he would've shown them the doctors report. Also he left me on this yard with this man that brutally assaulted me sprayed gas down my throat and slammed my head into the floor "concrete". And punched me numerous times in my face and jumped down on my side with his knee bruising my ribs. Your Honor these people hear are corrupt. They gave me some medicine that almost killed me. I wrote and called my lawyer whom I sent the medicine to they said that his office forwarded the letter with statements from inmates that would've clearly prove intentions to harm Plaintiff. And they charged me your Honorable with a failed drug test for sending the medicine to my lawyers. They opened a legal letter to my lawyer without me being present.

And shipped everyone that wrote statements
or declarations for me in my case before
this honorable court. I grant him his
Release from my case. People are talking
about they would never let him handle
these case. Officers and inmates that
saw my condition. You he sprayed gas
down my throat. I had blisters on my tongue
throat and probably my stomach. For 6 six months
on lockup. I sent my lawyer the statements.
I seen my medical records ~~is~~ in there.
I still can't hardly taste my food. And
I still have sores on my tongue. Your
Honor I have never put my hands on
any officer. I had a cut on my eyeball
which I had to keep closing back to
see the eye doctor at Kinkland. And the
eye doctor said in front of S.C. Mickens
and sat. Locke that I was beaten on

Repeatedly search in my eye Your Honor

with my case. I'm probably doing the
