Re: FM Haynie v. Paul Cash and Carole Cash  
2009-CP-40-64

Dear Mr. Truslow:

It has come to my attention that portions of the subject case file are missing. In particular, the documents referred to in *Defendants' Supplemental Answers to Plaintiffs First Set of Interrogatories of 4/26/10* and the transcript of the defendant's depositions and related documents (held 7/14/10). Please provide for delivery of such to my home, 1469 Florawood Dr., Columbia, SC.

Also, included in the documents received and attached to your settlement offer transmittal, 2/16/11, was a copy of the receipt for my Forest Acres 2009 business license as well as the electrical specifications for Milano's Pizza on Covenant Rd. These would be unrelated documents received from Forest Acres. Can you explain their existence in my case file?

Sincerely,

FM Haynie
