Appellate CASE: 2014-001366

RE: Appeal

Dear Honorable Judge Fews, or whom ever this may concern,

Here find a copy of your order, what you order the Appellate Defense to represent me during the Appeal process. Now, since receiving this order I made a couple attempts to reach them through the telephone, what they acted as they did not know what I was talking about. One time when I did call them, they told me to read out the order to them, and told me that my case was dealing with a guilty plea, and it will take a little longer, because they only deal with cases that went to trial. I realize that's how they office work, but, my question to you is that, will I have a fair chance with representation, because everytime I reach out to them about the status on my case, I am being accuse of stealing someone else's pin number, when the only thing I am doing is going to the law desk book here in the law library and using the telephone number from there. They are also telling me my case is on hold. Now, I am please coming to you asking you to look into this matter, and to see that I get a fair representation, because I have some very ^{important} issues that needs to be heard in this court. At this time I thank you for your time and looking forward on hearing from you.
