Dear Mr. Shearouse,

NOV 07 2014

I'm writing you today in hopes to add understanding to the above cited (captioned case). I would like this letter to accompany my case if and when it goes before the panel of judges for examination.

The purpose of this letter is to make any clarification to any inquiries that the panel may have while reviewing my case.

To explain the presence of my blood at that facility, near the area where a television was removed, I'm a sufferer of Hypertension (High Blood Pressure) and I get frequent nose bleeds. I remember having one of those nose bleeds as I sat in that area with my portable DVD player connected to that same television. I thought that I cleaned all of the mess that I'd made, but it's evident that I didn't. I must've touched the wall at some point with blood from my nose on my hand, thereby leaving the two small droplets of blood in question.

To explain my fingerprint on the other tele-

vision, I frequented that community center on many occasions, and I utilized most of the televisions in that place as I connected my portable DVD player to those televisions to show potential customers the quality of the movies that I sold.

If any more information is necessary, please do not hesitate to contact me.

Hopefully this letter gives insight to some of the questions that the judges may have.

Thanks for both your time and your cooperation.

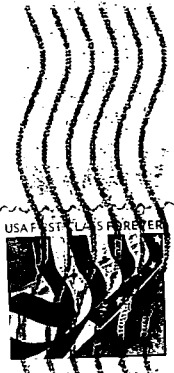

Sincerely,

Kevin Bennett #167238
