From. Branson Jamal Thompson

I'm writing on behalf of my court issues. A while back I was send a letter from supreme court. Stating that I had 45 Days to file a motion to exhaust my Grounds from P.C.R. I'm not all that knowledgeable in law. My comprehension level is low. I misunderstood the letter completely. I didn't know that I had to raise my grounds on my own. I thought my appointed Lawyer was the one who had to file my motion's for me. I just found out today. That it was my duty to file my motion's on my grounds for relief. Can I please get 45 more days. So I can exhaust my grounds for relief in Supreme court. I can't take another step without exhausting my grounds. Please help me out.

Thank you!
