RE: APPENDIX, and what you (left-out)  
of it for my writ of CERTIORARI

Dear MR. Pachak,

While I'm confident of  
getting a new P.C.R. via § through  
your labours of love dealing with  
my case, I am still yet mystified  
at your neglect of one of my main  
(the # 1 issues) which you left  
completely out of my writ, and  
that's dealing directly with the (FACTS)  
of my case, which shows via witnesses  
and police record from L.C.S.D. that  
I, a very mental ill man, was lured  
into becoming a undercover narcotic

II agent, AND while acting under  
the authority of the L.C.S.O. public  
(actual authority) on day of carjacking  
up till only a few hours till such,  
ON 6-10-09, such (exposure) to "toxic"  
chemicals used in creating meth/ICE  
etc. and greatly was cause of such  
crime having been committed against  
C.J. victim Toni Edwards on 6-10-09,  
etc. from which this appeal is now  
taking, etc. MR. Pachank you left  
out a lot of information / factual  
evidence which proves I've been  
diagnosed several time over the last  
20 years of paranoid schizophrenia,  
(all the way up to only days of  
trial / plea) but yet another  
in dependant examiner expert, etc.?

What gives, why did you  
neglect to include such info in
