Subject: Wood V. State--Motion to Stay

After reviewing the materials submitted and considering the arguments of the parties (including the position of SC Commission of Indigent Defense), this court's opinion is that the State's motion to Dismiss and the Applicant's Motion to Stay need to be decided together. Therefore, the parties are instructed to prepare for oral arguments as to the State's motion to Dismiss.

My law clerk will be in touch with the attorneys about scheduling the hearing.

In advance, thank you all for your attention and cooperation.

Mark Hayes
