Re: Attorney General's Office Scandalizing Personal Information

Dear Mrs. TOAL And Mr. Shearouse,

Here come some very important information that you may be interested in knowing about.

The Attorney General or it's personnel had mailed Inmate "Leon Richberg"; My Two (2) daughters And my Personal and Private information such as: our Social Security numbers, Driver's License numbers, Date of Birth, Home address, Phone Numbers and MY Whole life record to date.

Please tell me why am I are being Internationally so discriminated against?!

Just before I were transferred here at The "MacDougall facility" an Inmate were transferred to The "EVANS facility".

fortunately the Inmate were placed in my dormitory on the very same side I'd lived. When my name was call for mail, The Inmate who was transferred from Ridgeville (MacDougall) recognized my name and approached me with this discriminating information. I took the man as I didnt took them serious until he told me my social security number by heart!

MY sister son (Roland Linder) who was a security

Officer of MacDougal and did Confiscated the Papers from the Inmate who received the Personal documents from the attorney General's office, Officer Linder Rand a copy of the Papers and send it to me through mail.

But he gave the Inmate "Leon Richberg" back the Papers and Order him to turned the Papers in. Mr. Richberg turn the Papers in to the Classification Committee of MacDougal.

I wrote Mr. Shearouse when I initially came to MacDougal to notify this Court my change of institutions. I'd all ready learn what had happen to me and my children from the attorney General's defaults, but I had nothing to Reveal as evidence in case I would need to do so. But now I have the evidence. The way they throw me in Prison for crimes I never do and didn't do, has shown that injustice is Satan's work, He' will never be Right.

My Constitutional Rights State and Federal were violated. They put me away in Prison with out a "RULE 5' Motion Discovery".

The PCR Judge "D. Greig Brown" Denied my PCR after he found the Ineffective Counsel literally lied under oath!

I haven't Notify any other Party or my family about this Illegal invasion as of yet, I thought I should Contact this Court First,

Please Contact me at your earlies convenience.
And thank you for your Valuable Time,

Respectfully submitted: *Stanley Linder*
