Re: Appellate cases: (1) 2014-001093; (2) 2014-001094; &
(3) 2014-001096

Dear Clerk:

My light has still not been fixed. There's no way I can file Designations of Matters and Initial Briefs in 3 cases without light. That's why I filed motions to Reinstate but Close and Not Dismiss - because I wanted you to close the cases until I got my light fixed. They should be fixing it soon. They are still waiting on the parts. Please grant my motions to Reinstate and Close but Not Dismiss. The Designations of Matters and Initial Briefs will get filed as soon as my light gets fixed. I can't help that they got me in a dark room & are taking so long to fix my light. Please understand. I have no control over my light.

Thank you.

Sincerely,

Perry Gilmore
