Re: Gertrude Shiver v. Palmetto Health Richland
Appellate Case No. 2013-000887

Dear Deputy Allen:

I received a letter from you prior to January 29, 2015, where I had ten (10) days to pay a filing fee for a prior Amended Designation of Matter that was submitted before the one of January 29, 2015. The twenty five dollars filing fee was for the prior Amended Designation of Matter before the one that was submitted on January 29, 2015.

After I received the letter from Attorney Sammataro notifying me of the errors that Office Depot had made and the need to renumber the volume and to take out some pages, I submitted the Amended Designation of Matter of January 29, 2015, where I had renumbered some of the pages and taken out the three pages that he wanted me to take out and the renumbering of the volumes, but I didn't thought that I had to submit another motion and another fee since I was correcting the errors and straightened out my Records on Appeal.

Presently, I am in the process of having Office Depot insert the pages that they inadvertently left out and renumbered the volumes since I had paid them to do a complete job and they didn't after they told me that they could.

I have gotten off of schedule because I am sick which has slowed me down. After I have straightened out the individuals volumes, I have to straighten out and reorganized the unbound copies at the Court of Appeals to reflect the numbering of the individual volumes and the taking out of the unnecessary pages. I also have to make sure that all of the pages have been included in the unbound copies. I didn't know that I had to submit a motion each time that I try to correct the Records on Appeal. Each time that I have submitted a motion, I have sent a Proof of Service to each attorney.

Very truly,

Gertrude Shiver
