RE: Appellate Case # 2014-002224

Dear Ms. Hudgins:

This letter is in reference to your recent letter concerning your representation of the above mentioned case, MY CASE!

The first issue I would like to bring to your attention is something you said in your letter about the decision on what issues is to be raised on the petition for the writ of certiorari is all yours.

According to my 10<sup>th</sup> amendment right of the United States Constitution which states the defendant shall "have the assistance of counsel for his defense".

I bring this up to let it be known that the decision on what issues should be raised on the petition for writ of certiorari is my decision, along with your assistance making it our decision on what the issue should be.

I'm not being disrespectful, but this is my life we are dealing with something I take very seriously, so I hope you understand my concerns.

I have not received my PCR transcript of the hearing held on April 15, 2014. This documentation is a much needed necessity that I need so we can start working together to find the best issues to submit on the writ of Certiorari Petition.

Whenever you obtain possession of this item please send me a copy immediately! So I can start working on my end, while you working you end. As the old saying goes "two heads are better than one".

Last concern, when is the deadline for us to submit our petition to the court?

Ms. Hudgins it's good to meet you and I'm looking forward to us working together - but until next time come may peace and blessings be upon you.

Respectfully Submitted
