

Hello my name is Ernest Gilyard. Why should I be grated  
an appeal. Misrepresentation. As my attorney mis Hinds did not  
look into my case like she should have. Mis Hinds over looked  
important things that was key proof and facts to my case. They forced  
me to take the plea. By telling me they had matching DNA, and they  
did not. I told them over and over there was no way it could  
be. I knew it was not so but, some how they showed me paper work  
showing that my DNA match what they had. They told me that if  
I don't take the plea that they assure me that I would get thirty years.  
I don't have a criminal record, don't get in no trouble I get along  
with ever one. All I know is work and home. I think I deserve  
an appeal because what she done was not right and I think I  
deserve to make this all right to clear my name. They made me  
wrong when I know I was right. Mis Hinds never showed me my  
motion of discovery. I didn't know what it was until I went to talk to  
another attorney. I would hire another one but was told it was  
to late. Before court that morning Miss Hinds called me and asked me  
if I could met her there early so I did. When I got there we went in  
a back room where I was told what to say and not to say.  
When I got in front of the judge, when she asked me the first  
question to the end I was not telling the truth because of what  
I was told by mis Hinds. This is why I deserve an appeal, mis repre-  
sentation, and lack of evidence do to the fact that mis Hinds with  
held information of negative DNA results from me.  
I would like my sentence over turned.
