v.

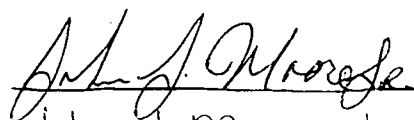

State of South Carolina, Respondent.

Appellate Case NO. 2014-000786

Motion for Page
Increase

Please accept this letter as a proper motion to the Supreme Court requesting a page increase for my Petition for Writ of Certiorari Brief. I am the named Petitioner in the above referenced P.C.R. appeal and as of March 10th, 2015 became a pro se litigant. The length of the previous brief submitted by attorney Tripp, now withdrawn, was a length of nineteen pages. This brief consisted of two presented issues. It will be briefing four issues. Due to the complexity of the issues and voluminous testimony and evidence introduced during trial and p.c.r. evidentiary hearing warrants a more in depth litigation on the issues which has resulted in a brief that is

more than twenty-five pages, but necessary for this pro se litigant to effectively inform this Court of his grievances. I ask that you consider all of the above and grant this motion for Page Increase.
