Mrs. Kitchings,

Please see attached the media request that we spoke about last week. You'll note that it includes a request to use a recorder that is part of an iPhone. Again, this is strictly to have audio for the purposes of accuracy. And of course, the phone itself would be silenced.

Also, please consider this email my request for a copy of the recording of the proceedings, preferably on the same day that the arguments occur.

Thank you for your time and assistance with this request.

Should you have concerns or need further information, my contact information is listed below.

Sincerely,

Nikie Mayo
