S.C. SUPREME COURT

Ferris Singky, Petitioner,

v
State of South Carolina, Respondent.

Appellate Case No.: 2014-002314

Motion for enlargement of time

The petitioner asks this Court for another 45 day extension due to him not having adequate time to prepare his pro-se briefs for the Johnson petition. The petitioner has not had time to get the case law together that supports his argument as to why the Court should grant the relief the petitioner seeks based on the issues to be addressed in the pro-se brief and case law is needed to support the argument of why the issues presented in the pro-se briefs.

The petitioner respectfully requests that the Court grant his motion for enlargement of time.
