

# The South Carolina Court of Appeals

The State, Respondent,

v.

James C. Williams, Appellant.

Appellate Case No. 2013-001849

---

## ORDER

---

This is an appeal from the circuit court's order dismissing Appellant's motion for a new trial based on after discovered evidence. Appellant has now filed a motion, which we construe as a motion to relax the appellate court filing requirements. We grant the motion to the extent that Appellant is permitted to file only one copy of his final briefs and the record on appeal. Appellant, however, is also required to serve Respondent with copies of all filings, including his final briefs and the record on appeal.
