**RE: Nathaniel Spann vs. Professional Systems and Travelers Indemnity Company of America**  
**WCC File No. 1023652**

I, Nathaniel Spann is writing this letter in reference to the file case listed above. I know that the status of limitation was barred, but I am filing because of situation and matter of the case. Someone enter into a public building and went into a restroom and poured blood all over the restroom. It was job to to clean the bathroom. At the time I had a cut on my finger.

I found out on August 15, 2010 by giving blood at the Red Cross that I had Hepatitis C. After giving blood I realize that this situation had to had happen the beginning of August 2010. I made a mistake and thought it was the month of September, which was a month later. I went to Dr. Dorgo in September and he sent me to Dr. Duffie for treatment. Dr. Duffie sent me to Tuomey Medical Center for a ultrasound. I was told that my liver and everything was find.

My employer, Ms. Cynthia in Human Resources called me and asked me if I wanted to file Workers Compensation. I told her to hold the workers compensation, until I could find out where the source came from. I went to my job, doing my own investigation, since the company did not know who did the crime and when it occurred in the bathroom. Sears did not do any investigation of the crime. I also told her, that I got a cut when I was incarnated and also received a cut on my finger when I was employed at Belks. This could not of happen at either one of these times, because this situation happen after the jailhouse and Belks.

The situation with my case with Sears is that they had Security Officers in the building and no one knows how it happen. I would like to know why there was no security camera showing who enter the restroom.

Sears waited until the limitation time ran out and then they fired me. They stated that I was not coming to work, but I was coming to work for two hours a day.

I am asking the courts to look into this situation for me and give me a chance to plea my case.

Signed:

  
Nathaniel Spann
