

THE STATE OF SOUTH CAROLINA

In The Court of Appeals
[In The Supreme Court]

APPEAL FROM Horry COUNTY
COURT of COMMON PLEAS

LARRY B. HYMAN JR. Circuit Court Judge

Case No. 2014-CP-26-01684

Archie Howell,

Respondent,

v.

Christopher Chabot

Appellant,

DBA Autoworks,

RESPONSE MOTION TO DISMISS

The Appellant sent in his request from on May 26, 2015 well within the legal time limit. Also the Appellant requested transcripts from the transcriptionist. He in addition sent in his appeal to the Court of Appeals and a copy to the Respondents legal counsel. A letter dated June 10, 2015 the South Carolina Court of Appeals requested additional information and requested the format of his appeal to be changed. The Appellant complied with the South Carolina Court of Appeals by sending in the correct format and information. Furthermore the Appellant reserved the Respondents another copy of the newly formatted appeal. The Respondents were first notified of the Appellants appeal in May of 2015. The respondents were served and notified within the thirty days as required by law.

The Appellant has been in touch with the court transcriptionist and is calmly waiting their arrival in the meantime the Appellant has begun his brief and index. The Appellant believes this will be a short straight forward brief and will not require oral arguments.

The Respondents legal counsel is trying to have the Appellants appeal based on a technicality but they had known in May the Appellant had filed an appeal and thus his motion to dismiss should be denied.
