

# The South Carolina Court of Appeals

William Tobias and Elena Tobias, Respondents,

v.

Ruby Lee Rice, Appellant.

Appellate Case No. 2014-002349

---

## ORDER

---

Appellant has filed a motion to hold the appeal in abeyance, asserting Respondents have filed a "Motion to Dismiss and Vacate and/or Set Aside Judgment" with the circuit court that, if granted, would render the appeal moot. Respondents have filed a return stating they consent to holding the appeal in abeyance and requesting this court partially remand this case to the circuit court for the circuit court to consider the "Motion to Dismiss and Vacate and/or Set Aside Judgment." Appellant's motion is granted, and this case is partially remanded to the circuit court for consideration of Respondents' motion. This appeal will be held in abeyance pending the circuit court's ruling on Respondents' motion. Appellant shall provide this court a status report thirty days from the date of this order, and every thirty days thereafter until Respondents' motion is resolved.
