Vs.

THE STATE OF SOUTH CAROLINA

**PETITION FOR EXTENSION OF TIME**

I, Dameon Myers, am now timely petitioning the court for an extension of time to properly file my Writ of certiorari. I am respectfully petitioning for an extension of time to and including thirty (30) days after receipt of the records from the lower courts. In support of this petition I will show the following:

1. I have recently received a letter dated September 28, 2015 from the clerk of court in regards to the previous extension of time that I had requested and the applicable rules. I

timely and immediately petitioned the Court to proceed without costs and to have a copy of the records forwarded to the Court and myself. I must now wait on direction of the Court;

2. I currently have two matters pending in the Courts and must properly handle both matters with limited resources;
3. I am an incarcerated natural human being and have limited access to resources which places me in a substantial disadvantage;
4. This Writ concerns matters of substantive matters and issues of Constitutionality;
5. This petition for an extension is being made in good faith and not for the purposes of delay;
6. The extension of time is in the best interest of justice, and will allow me to furnish my Writ with a proper appendix and record;
7. This extension of time is necessary, and is for good cause as shown.

Therefore, I am respectfully demanding an extension of time based upon receipt of the records of the lower courts to and including thirty (30) days after receipt; and any all remedy and/or relief that is just and proper.
