Appellate Case NO. 2015-001903

OCT 20 2015

SC Court of Appeals

Dear South Carolina court of Appeals

I am submitting this letter do to the fact of technicality as well along with the other matter at hand.

I was charge with receiving stolen goods and that charge code for that A/W # 16-13-180

On my sentence sheet the Fairfield county did not put the right charge A/W# which were 16-11-180 that charge ~~A/W~~ # fall under Negligently allow fire to spread to land or property. Second Fairfield County did not follow guard lines of the rules of my rights and South Carolina law of grounds.

I have been sentence to ten years Confin. Receiving goods value \$2000 or less must be fine not less than thousand dollar or imprisoned not more than three years if the value of the Property more than two thousand dollars but less than ten thousand dollars. (16-13-180 code 1976)

I also do not understand why on my sentence sheet A/W # scratch off and got written Direct Indictment.

①

My other two sentence sheet doesn't have
A/W# Scratch off.

I need everything concerning my rights and wrong
in my case to be investigated.

I do not know anything about the law but I
read law book to understand a little of the
Law.

I have faith that court of appeal will be
so help to me so I could get my freedom
and move forward with my life with all
respect I thank you all for taking my case

and concern of other matter in consideration
advance

Respectful, Marvin Workman
