This letter is being sent to you pursuant to South Carolina Code Section 36-9-614. Founders Federal Credit Union ("Founders") has the 2005 Ford F250 because you broke promises in your agreement with Founders.

The above-listed collateral will be sold at a private sale after October 23, 2015.

A sale could include a lease or license. The money we receive from the sale (after paying our costs) will reduce the amount you owe. If we get less money than you owe, you will owe us the difference. If more money is received than you owe, you will be issued the difference (unless we are required to pay it to another lien holder or we apply the funds to another Founders debt you are obligated to repay).

You can get the property back at any time before we sell it by paying us the full amount you owe (not just the past due payments), any expenses involved in securing the collateral, and any past due balances on other loans secured by this collateral with Founders. You may call me at (803) 540-2168 for the exact amount you must pay.

If you desire a written explanation and calculation of the total due, you may call, e-mail or write me using the contact information included in this letter. Founders will charge \$25.00 for a written explanation given a second time within six months.
