SC Court of Appeals

Brenda G. Harmon,.....Appellate,

v.

Joel E. Johnson, D.M.D.,.....Respondent,

Notice to the Courts

I, Brenda G. Harmon, the above named Appellant, is notifying the Court of Appeals that I am scheduled for Surgery, to alleviate the pain stemming from the atrocity of 'Trigeminal Neuralgia,' that was forced upon me from above named Respondent. The pains have increased to a level where as higher dosages of medicine is option for treatment. My surgery is planned for 11-11-15, at MUSC Hospital in Charleston, South Carolina. The performing Neurologist/Surgeon, Dr. Sunil Patel, who agrees and confirms with Neurologist, Dr. Bahadori, findings that I, the above named Appellate that I do have 'Trigeminal Neuralgia.'

I have responded to questions asked from the Respondent/Representatives, which both are licensed by the state of South Carolina, where as the lather demonstrates a more knowledgeable understanding to their trade. Still, the Respondent demonstrates to me a lack of understanding to his profession. In this Notice, I am asking the Courts, 'WHERE'S MY JUSTICE.' I have complied to the rules, but I will not give-up my rights to end this without turning every avenue there is to turn. I do have that right.

I am not an attorney, however I know that my rights have been violated. As a society of people, we see what is happening here in South Carolina that clearly indicates racial-in-justice, for which I have mention before, we need to stop and set an example for other states to be proud to use South Carolina as an example.
