Subject: State v. Michael BEATY - Direct Appeal - 2015-000718

Charles and Rauch –

Mr. Wise and Mr. Grose -

As a follow-up to the extension request of November 30, 2015 and my conversation with Charles in court this week, please be advised that any future requests should be brought to my attention. Since this is an appeal from a murder conviction, I am the assigned attorney rather than other members of the office.

Of course I do not oppose your reasonable request for what appears to be a fourth extension in this matter until December 29, 2015. However, I note that in reviewing the on-line docket of the Court of Appeals this date, it reflects as its last entry the extension order of October 15, 2015 allowing an extension to October 29, 2015 on the second request.
