

The South Carolina Court of Appeals

The State, Respondent,

v.

Maria Moyao, Appellant.

Appellate Case No. 2014-002317

ORDER

Respondent has filed a motion to strike. After careful consideration of the parties' filings, the motion is granted in part and denied in part. As to the designation of matter, the motion to strike the photographs is granted, but the requests to strike the summary court pretrial conference and summary court jury trial docket items are denied. As to the initial brief, we deny the request to strike references to the trial docket and we note Appellant has consented to removing references to the second plea offer. Within twenty days of the date of this order, Appellant shall serve and file an amended brief and designation of matter.
