Columbia, South Carolina 29221-5000
Attn: Ms. Page Synder, Esq.

STATEMENT OF FACT

1. During calendar year 2014, Carlisle Medical, Inc. (Carlisle) provided medical equipment, products and services (the services) to Workers' Compensation patients/claimants (claimants) at or below the allowable payment rate(s) set forth by the South Carolina Workers' Compensation Commission (the Commission) for such services [Exhibit A: claimants, services and payment amount sought].
2. Such services were rendered in the treatment for work related injuries/illnesses, and were provided pursuant to the South Carolina Workers' Compensation Act.
3. At the time that the claimants received services from Carlisle, the South Carolina Uninsured Employer's Fund / South Carolina State Accident Fund (SAF) served as the Workers' Compensation insurance provider for claimants.

4. On 02/14/2015, having received either no payment or insufficient payment for the services during calendar year 2014, Carlisle submitted to the SAF documentation requesting payment for services rendered to claimants.
5. On 05/21/2015, having received either no payment or insufficient payment for the services following its 02/14/2015 request for payment, Carlisle directed a second request for payment to the SAF.
6. On 09/15/2015, having received either no payment or insufficient payment for the services following its 05/21/2015 second request for payment from the SAF, Carlisle petitioned the South Carolina Workers' Compensation Commission and, upon penalty of perjury, formally disputed an unpaid balance for the services rendered from January 6, 2014 through December 31, 2014; confirmed that no contractual relationship exists supporting a payment of less than the stated Maximum Allowable Payment as set forth by the South Carolina Workers' Compensation Commission; and affirmed that an unpaid balance of \$38,494 is due and payable.
7. On 10/15/2015, following a review of the documentation presented, the Medical Services Division of the South Carolina Workers' Compensation Commission issued a Notice of Dispute to the SAF requesting that SAF transmit its formal response concerning this matter to the Medical Services Division no later than 30 days following the date of the Notice of Dispute.
8. On 11/13/2015, the SAF issued correspondence to the Commission denying the SAF's responsibility to pay the services rendered in the amounts stated by Carlisle. The SAF further stated that it had not received sufficient information (as requested) from Carlisle, and therefore was unable to render a final response in the matter. The SAF requested an extension from the Commission to receive and review the information requested from Carlisle.
9. On 11/20/2015, the Commission issued correspondence to the SAF noting the SAF's acceptance of the requested information from Carlisle on 11/16/2015, and instructing the SAF to provide its formal response to the Commission on or before 12/07/2015.
10. On 12/04/2015, the SAF issued correspondence to the Commission denying the SAF's responsibility to pay for the services rendered in the amounts stated by Carlisle.

FINDING OF FACT

Based upon the evidence submitted to date, the South Carolina Workers' Compensation Commission Medical Services Division finds as follows:

Finding 1. Due Process Afforded Parties. The parties named in this dispute have been provided proper notice and afforded sufficient opportunity to present evidence for consideration by the Medical Services Division.

Finding 2. No Contractual Agreement. The Medical Services Division has been provided no evidence of the existence of a contractual agreement, the terms of which would otherwise materially mitigate or negate in their entirety these Findings of Fact.

Finding 3. Payment Not Remitted to Medical Service Provider Within Thirty (30) Days as Required Under South Carolina Code of Law 42-9-360. The initial payment for services was properly submitted to the SAF

during calendar year 2014 and early 2015. Subsequent requests for payment were submitted to the SAF on 02/14/2015 and 05/21/2015.

Finding 4. Payment Not Consistent with the Fee Schedules and Compensation Regulations Set Forth by the South Carolina Workers' Compensation Commission (South Carolina Code of Regulations 67-1302). The SAF has failed to provide payment to Carlisle in the amount of the Maximum Allowable Payment (or lessor amount as sought by Carlisle).

FINAL DECISION

Pursuant to the Finding of Fact stated above and South Carolina Code of Regulations 67-1305, it is the determination of the Medical Services Division that Carlisle Medical, Inc. is entitled to payment in the amount of \$38,494.00 by the SAF within twenty-one (21) days of the date of this Decision. Carlisle and SAF are further instructed to confirm payment and resolution of this matter to the Medical Services Division of the Commission on or before 1/11/2016.
