

The South Carolina Court of Appeals

Goldie Grier Reeves, Appellant,

v.

Dr. Rogers C. Reeves, Individually and as Trustee of the
Reeves Family Trust, Respondent.

Appellate Case No. 2013-002082

ORDER

On October 15, 2015, this court notified Appellant that her initial brief and designation of matter contained several deficiencies and required Appellant to correct the deficiencies within fifteen days. Appellant has now filed an amended initial brief and designation of matter; however, Appellant has failed to sign her brief and designation of matter and she failed to provide this court with proof of service. Within ten days of this order, Appellant shall serve and file signed copies of her brief and designation of matter and provide this court with proof that she served Respondent with her brief and designation of matter.

We are returning Appellant's record on appeal because it was prematurely filed. *See* Rule 210, SCACR (providing that the record on appeal shall include all matters designated by the appellant and the respondent, the appellant shall serve the record on appeal within thirty days of the last brief, and the appellant shall file the record on appeal no later than the date her final brief is due).

Appellant has also filed correspondence, which we construe as a motion to compel Respondent to provide Appellant with documents. Because this court is unable to discern which documents Appellant is requesting, Appellant's motion is denied.
