Good Morning:

We have also reached out to the Clerk's office seeking clarification regarding the Order. It was our position in the Appellant's Return to this Motion that the documents were not properly before the Court, and not necessary for appellate review of this case. In order to determine our next steps with respect to the Record on Appeal, we also inquire as to whether the documents have been excluded or should be filed unsealed.

Thank you for your assistance with this matter.

Sincerely,

Deidre D. Laws

Judge Cureton,

I represent the Respondent in the attached matter. I have been referred to you by the Clerk's office to request clarification of your ruling on the motion to file under seal. The authority cited in your opinion provided that the documents in issue did not qualify for seal and affirmed an order "unsealing."  
The documents identified for filing under seal were examined by Circuit Court. Certain of the documents (Facebook postings) are referenced in the order on appeal. Does your ruling mean that these items are subject to review by the Court without seal?

Thank you. I am copying other counsel with this correspondence.
