Appellate Case # 2015-001062

Motion for Time Extension

Here comes the Petitioner in the above mentioned matter, requesting the court to grant a Motion for Time Extension for a Writ of Certiorari submission. For the following reasons:

1. The Petitioner is an inmate currently incarcerated and has limited access to the legal facilities (one day a week) and to properly prepare a complete petition will require more time.
2. The Courts ordered the Appellate Defense to assist with transcripts and copies, to allow them ample time to make copies and send in to the courts I will need more time.
3. This motion is requested under Rule 240(A) and Rule 243(D) of SCRAP and I would be thankful if the 30 day extension is granted.

Thank you for your consideration of this matter.
