v.

Joel E. Johnson, D.M.D., Respondent

Appellate Case No. 2015 -000061

RECEIVED

SC Court of Appeals

Response to Order - 2-5-2016

⁴
motion

I, Brenda G. Harmon, hereby respond to the above numbered pending case. I, once again inform you that I am not a lawyer. However, it is apparent that my right to be (exist). My position to live within the norms of that existence before I went to Joel E. Johnson, D.M.D., has greatly changed from his carelessness to performing his profession. Having numerous of surgeries within the last five years have and will continue to change a behavior that was greatly shared with joy of living and giving smiles to others.

In compliance to this order, the date given that I was to respond is written for 8-12-14, however I was the right to have a trial from Judge A. Lee, therefore it makes no sense for me to respond to or on the date that you requested. The answers from the defendant filed August 12, 2014 in the Courts, was answered according to all denied Defenses. The Defendant would have you to believe that

another Dentist did this. His responsibility to me as a patient was to perform a normal task of placing crowns in my mouth, however for whatever reason he left me numerous of times in his surgical chair is A ?. Even when I, the plaintiff went to another Dentist, he began to conspire knowing that he did it.

As for my failure in stating the defendant wrong doing to me, it is something anyone can see. The defendant was careless and reckless to another's life showing no remorse or asking the appellant to forgive him. That makes his actions, to be intentional. With the Plaintiff being a black female, no way was the defendant going to say he was sorry. In this state, South Carolina the laws have changed but the actions of certain individuals express the same sentiments of slavery. Well, I am not a slave and I'm not giving the defendant the right to demolish my face, as he did. He must be held accountable for his actions. I'm sure that I am not the first victim to his work, and I won't be the last.

WHERE IS MY JUSTICE?

I, the above named plaintiff, hereby ask the Courts to 1. Settle this case by giving me the same right you are giving Dylan Roof, who took nine black lives in July/2015. 2.) Put this case back in arbitration, without trickery. Or 3.) You, the Court/Judges settle this case upon my asking 9.000.000.00. This dentist will never lie again on his patient, and he will do his job accordingly.
