

RECEIVED

FEB 12 2016

SC Court of Appeals

Case number 2015-CP-10-29021

Court Official,

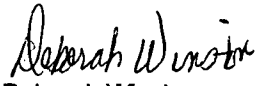

On February 6, 2016, I received document that grants the plaintiff's motion to enforce settlement agreement. It states that I am ordered to deed the house and property over to my deceased Aunt Ethel Frasier's Estate. Since October 22, 2015, I have not received any correspondence on this matter from any of the participants that signed this document. I wrote a letter to Attorney Joseph Mendelsohn, indicating that I was rescinding my decision and whatever documents that were signed by me while in mediation on October 22, 2015, I wanted null and void.

Attorney Mendelsohn left me to make the changes, he did not continue to help me resolve the ISSUES IN mediation for which he was employed by me. I felt INTIMIDATED and BETRAYED by my own attorney and did not feel as if I had proper AND APPROPRIATE representation during the mediation. Therefore, on October 22, 2015, I terminated my attorney because I felt he did not have my best interest in settling this case in mediation.

I am asking that I am granted an opportunity to appeal the decision ordered by Judge Maite Murphy, based on the following reasons:

1. I was not properly served. The letter indicated that several letters has been sent. I never received any notification of any hearing. No certified letters have been sent to 115 Marietta Drive, Goose Creek, South Carolina.
2. I was coerced into signing a document, which I was not aware of what I was signing. My attorney failed to explain this document and give me ample time to make an intelligent decision on a matter that would affect me for the rest of my life.
3. New evidence that needs to presented to the court to prove that the home was and is rightfully mine, and should not be deeded over to Ethel Frasier or her estate.
4. The mediation was unfair and justice was not served. There appeared to be collusion between my attorney and the arbitrating attorney, Bo Wilson. This mediation was one sided and neither party communicated with me since the mediation to inform me of any other court hearings or proceedings.
5. Ethel Frasier, plaintiff is deceased. She did not file this complaint because at the time the complaint was constructed, Ethel Frasier had previously been diagnosed with Dementia on, or around 2011.
6. I did not have competent representation. My attorney failed to advise me on my options. He did not give me proper time to make an intelligent decision. He informed me at that time, I had to make my decision right then because, "the other side came in from Tennessee and needed to return home".
7. I have never appeared before Judge Murphy. The judge made a decision that affected my life without me being present.

Therefore, I am asking the Court of Appeals to please hear this case and not let the decision of Judge Murphy be the final decision so that proper closure can be given to this matter And Justice can be served.

A handwritten signature in black ink that reads "Deborah Winston". The signature is written in a cursive style with a large initial 'D' and 'W'.
