RE: Rescind Decision

Mr. Mendelsohn,

After leaving the mediation on October 22, 2015, I decided that it would not be in my best interest to have settled this case in mediation. I would like to rescind my decision and whatever documents that were signed by me while in mediation on October 22, 2015.

Due to current health issues, I feel as if, I am not able now to make sound business decisions. Therefore, I have asked my brother Anthony Dayse, to be my temporary Power of Attorney for my Finances and to discuss all business related issues.

However, I would like to put the proper closure to this matter. I have pursued other legal assistance in this matter. You will be notified of the attorney, once I officially hire representation.

Please feel free to submit a copy of this letter to the attorney that represents Eva Lyons and with the Family/probate/ court system in Charleston, South Carolina, if need be.

Respectfully,

Deborah Dayse Winston
