1 VIRGINIA ROGERS, having been duly sworn, deposes and
2 testifies as follows:

3 **MS. ROGERS - EXAMINATION BY MR. NICKLES:**

4 Q: Ms. Rogers, my name is Al Nickles. We just
5 met.

6 A: Okay.

7 Q: I'm here this morning with Susan Fittipaldi and
8 we are representing Ms. Laura Toney in a matter
9 pending before the Lee County Board of
10 Education. I've asked you to be here this
11 morning to provide answers to questions in a
12 deposition. Have you had your deposition taken
13 before on any other occasions?

14 A: No, sir.

15 Q: In this deposition I'm going to try to ask
16 questions that are clear to you. Sometimes I
17 don't succeed in doing that, and if I don't
18 it's your duty to tell me that you don't
19 understand. Will you do that?

20 A: I will.

21 Q: Okay. If at any time you need to take a break
22 or anything, let me know. I don't think we'll
23 be very long here this morning.

24 A: Okay.

25 Q: And I apologize. Sometimes people get nervous

2 the dentist. The worry about it is much
3 greater than the actual event. So if I say
4 anything to you that you have a concern about,
5 let me know.

6 A: Okay.

7 Q: Will you do that?

8 A: I will.

9 Q: Okay. Are you aware of any condition this
10 morning that would interfere with your ability

RE: Comprehensive Health

I am writing this letter in reference to Comprehensive Health that I was instructed to teach here at Lee Central High School.

I have researched the South Carolina Code of Laws concerning the implementation of this course in the classroom. I just wanted to make certain that we are adhering to the regulations regarding this course to avoid any legal consequences.

Section 59-32-50, NOTICE TO PARENTS; RIGHT TO HAVE CHILD EXEMPTED FROM COMPREHENSIVE HEALTH EDUCATION PROGRAM CLASSES. This statute states "Pursuant to policies and guidelines adopted by the local school board, public school principals shall develop a method of notifying parents of students in the relevant grades of the instructional material concerning reproductive health, family life, pregnancy prevention, and of their child concerning reproductive health, family life, pregnancy prevention, and of their option to exempt their child from this instruction, and sexually transmitted diseases if instruction in the diseases is presented as a separate component. Notice must be provided sufficiently in advance of a student's enrollment in courses using these instructional materials to allow parents and legal guardians the opportunity to preview the materials and exempt their children."

"A public school principal, upon receipt of a statement signed by a student's parent or legal guardian stating that participation by the student in the health education program conflicts with the family's beliefs, shall exempt that student from any portion or all of the units on reproductive health, family life, and pregnancy prevention where any conflicts occur. No students must be penalized as a result of an exemption. School districts shall use procedures to ensure that students exempted from the program by their parents or guardians are not embarrassed by the exemption."

At the beginning of the school year 2011-2012, I submitted a Course Syllabus to Mrs. Howard for approval. The Course Syllabus was never approved and returned to me for distribution to the students. I have consulted with several teachers and was informed that they did not get their Course Syllabi approved either.

I feel that the teaching of this course is in violation of South Carolina Code of Law because I was not provided with any staff development as mandated by Section 59-32-40 and as aforementioned Section 59-32-50 has not been adhered to according to South Carolina Code of law.

I wanted to make you aware of these violations. I also want to be given some directive as to how to continue with the teaching of Comprehensive Health. I also feel that the students' due process was violated as well as the parents' by not giving them the option to decide whether or not they wanted their children to be taught this course.

Please provide some directive for me.

Ms. Toney:

I observed your class on 9/13/13 during 3rd block. I noticed the students were well-behaved and on task; however I have several question about the lesson for that day. I observed several things that I would like you to clarify:

- *the essential question was not posted
- *students were working on a different standard than the standard posted on the board
- *several students commented that this was work that they already completed
- *you remained behind you desk for the duration of the observation, except to make a comment to me about my performance of the observation

Please address these concerns and let me know your method of assessing student comprehension of material throughout the lesson and as they complete activities from that stand point.

Thanks for all that you do and your support of our students, lets work together to make sure their needs are met. I may have some additional resources other than the power points, lesson plans and primary documents I gave you in the beginning of the year.

Good Morning,

Again, I am requesting an ink cartridge. In the past school years, we received ink cartridges at the beginning of the school year. After communicating with some teachers, they have gotten them. To this date, I still have not received one. I have requested one several times from Mrs. Addison. Today, I had some very important Instructional Information I was unable to copy because of the denial for me secure an ink cartridge.

Please provide me with one so that I might be able to effectively carry out instruction.

Dear Mrs. Laura Toney,

I hope all is well. You are receiving this letter as a reminder to make sure you always conduct yourself in a professional manner. During the parent conference on February 11, 2013 at around 10:40 in the conference room, you allowed yourself to become irate with the parent. I do understand at times certain situations can cause tempers to flare but always remember to conduct your self as professional educator. The student has been transferred out of your class as well per parent request and a suggestion by you.

Respectfully,

Ron Webb
Principal of LCHS

Subject: Re: Observation-9/13/13

Good Morning,

I would like to respond to your observation analysis of my class.

1. There were several essential questions posted on the white board. They were are follows:

1. What were the major land acquisitions?
2. How did Western expansion caused conflict between North and South?
3. Who were the "big three" congressmen of sectionalism?
4. What sectional conflicts occurred under President Jackson?
5. How many slave compromises came with expansion?
6. How were Native Americans affected?

I find it very difficult for you not to see these (6) essential questions that were written on the white board. My students will verify the fact that every day there are Essential Questions written on the white board. For you to include this in your report in erroneous and dishonest not to mention libelous.

2. The students were working on Standard 2. Standard 2 was written on the white board. I also had Test and Rebest written on the white board. You should know as a teacher that sometimes you have to monitor and adjust. I was giving students this work to help supplement their Test grades.

3. Only (1) student commented that we had gone over this before in order to exempt work. As a classroom teacher, you should know that students will say things that are not correct.

4. Yes, I made a comment about an administrative assistant doing observation, but I was giving you a compliment for being in my class. I have never been observed by an administrative assistant, and I thought this was positive. I'm sorry you misinterpreted what I said.

My methods of assessing students are written in my lesson plans. As you know, you only stayed about (10) minutes.

Again, I would like to know whether it is mandatory to write the Standards and Essential questions each day on the white board since you teach in you office daily with no white board. How do you address these issues in your office?

Again, I feel that your interpretation of my classroom instruction was dishonest and libelous since you have place this in writing. I will be addressing these issues further.

Thank you for your visit to my classroom and lets all work together for the betterment of the students.

>>> Kara Fowler 9/16/2013 4:55 PM >>>

Ms. Toney:

I observed your class on 9/13/13 during 3rd block. I noticed the students were well-behaved and on task, however I have several question about the lesson for that day. I observed several things that I would like you to clarify:

- *the essential question was not posted
- *students were working on a different standard than the standard posted on the board
- *several students commented that this was work that they already completed
- *you remained behind you desk for the duration of the observation, except to make a comment to me

about my performance of the observation:

Please address these concerns and let me know your method of assessing student comprehension of material throughout the lesson and as they complete activities from that stand point.

Thanks for all that you do and your support of our students, lets work together to make sure their needs are met. I may have some additional resources other than the power points, lesson plans and primary documents I gave you in the beginning of the year.

Ms. Laura Toney

Dear Ms. Toney:

This letter is to follow-up on my letter to you, dated October, 29, 2013, in which I advised you of my decision to recommend the immediate termination of your employment with the Lee County School District. By this letter, I am hereby amending the grounds for my recommendation.

My recommendation is based on you engaging in behavior and conduct which caused unnecessary disruption in the workplace, as evidenced by your discussing a faculty member's personal information with other employees, even after being directed by an administrator to leave the matter alone. Additionally, a review of your personnel file reveals that you have been involved in other incidents of unprofessional conduct. Given the urgent need of the District to improve the academic performance of our students, there is simply no tolerance for persons who put their personal agenda above the need to work in a cooperative fashion with the administration for the good of all students. The adverse effect of your poor judgment and unacceptable behavior is exacerbated by your lack of candor during our investigation into your conduct. Your judgment and behavior with respect to this incident and generally towards the administration are unacceptable and justify the immediate termination of your employment under S.C. Code Ann. §§ 59-25-430 and 59-25-440.

As provided by S.C. Code Ann. § 59-25-470, you have a right to a hearing on this matter before the Board, provided your request is made in writing and received within fifteen (15) days of your receipt of this notice. You may serve upon the Board Chair or me, a written request for a hearing before the Board on the merits of this matter. If a request for a hearing is not received within fifteen (15) days of your receipt of this notice, I will ask the Board to enter an order terminating your employment.

Should you have any questions, please feel free to contact me directly.

Sincerely,

Dr. Wanda Andrews
Superintendent

Mrs. Laura Toney
Post Office 722
Bishopville, South Carolina 29010

Dear Mrs. Toney:

Thank you for meeting with me in my office on Tuesday, January 17, 2006 along with Ms. Patricia Solomon, Assistant Principal. The following concerns were addressed:

- Refusal to follow the policies of the school relative to discipline referrals
- Disrespect toward the administrative staff (Ms. Solomon and I)
- Leaving your class unattended during instructional time

During a conference on Friday, January 13, 2006 you reported that Ms. Solomon would not handle discipline referrals you submitted. I received a letter from you, written to Ms. Solomon, regarding this matter. During this conference you admitted that some of your referrals may have been simple and could have been handled in the classroom. To gather an understanding of your concerns, a second conference was held on Tuesday, January 17, 2006 with Ms. Solomon. As a result, I learned that Ms. Solomon followed the procedures of the school and that she tried to explain this to you. I also learned that you were not receptive of her request, became angry, and questioned her. Furthermore, you addressed her a second time on the hallway and a third time you left your class during instructional time to come to her office to discuss the matter again. Your behavior and attitude in the conference were argumentative, unprofessional and unacceptable.

During the conference you made a disturbing allegation against your co-worker, [REDACTED]. You stated, "I wasn't going to say anything, but [REDACTED] called a student a nigger." You further stated a student, [REDACTED], "came to me in tears" on Thursday, January 12, 2006, and share this with you. I asked why you did not report this earlier if the student was distraught. Your response was, "I told the student to come tell you". This concerns me since you were aware that I was not at the school on Thursday. You called me at home on the morning of Wednesday, January 20, 2006 to tell me that you did not want to say anything about [REDACTED] calling the student a nigger because the student told you that she had reported the matter to me already and that I did not do anything.

After an investigation of this matter, I found that your allegations were unsubstantiated. As opposed to gathering information in support of your allegations, I found evidence of possible poor classroom management, inappropriate use of instructional time and inappropriate questioning/probing of students unrelated to instruction - this includes your inquiry of students regarding my investigation. Your allegation against [REDACTED] was unprofessional, demeaning and hurtful, dangerously threatens the effectiveness your team and the schools culture, unacceptable and will not be tolerated.

The Lee County School District offers equal opportunity in providing educational and employment opportunities without regard to race, religion, color disability, sex, age, national origin, immigrant status or English-speaking status, or marital status.

This is not the type of behavior that we want to exhibit to our students and does not uphold our mission of *Respect, Responsibility, Relationships*. This behavior cannot be tolerated and is in direct violation of our district policy. It is important that we comply with the *Lee County School District Board Policy GBBB* as it states: "The board reaffirms one of the oldest beliefs in education: One of the best methods of instruction is that of setting a good example." and "The board expects the staff of the district to strive to set the kind of example for students that will serve them well in their own conduct and behavior and subsequently contribute to an appropriate school atmosphere." (See attachment).

It is imperative that we work together and follow the policies of the school, the district, and the state. Sarcasms and demeaning statements towards/about students made in general in the classroom will not be tolerated. In compliance *the Lee County School District Board Policy GBBB*, I will recommend to the district that you be suspended with possible termination if violations of this policy continue.

Please feel free to contact me should you have any questions and/or concerns regarding this matter.

Dear Ms. Toney:

This letter is to advise you of my intent to recommend to the Lee County School District Board of Trustees, at the November 18, 2013 board meeting, that your employment with the District be terminated, effective immediately.

My recommendation is based on you engaging in behavior and conduct which caused unnecessary disruption in the workplace, as evidenced by your discussing a faculty member's personal information with other employees and students, even after being directed by an administrator to leave the matter alone. You further involved students by using a student's cellular phone to access another employee's social media account, and instructed a student to refuse to cooperate with the administration's investigation. Additionally, a review of your personnel file reveals that, you have been involved in other incidents of unprofessional conduct. Given the urgent need of the District to improve the academic performance of our students, there is simply no tolerance for persons who put their personal agenda above the need to work in a cooperative fashion with the administration for the good of all students. State the action you feel was in error and what board policies and administrative procedures, rules and regulations were violated, misapplied or misinterpreted. (Use the back of this form, if necessary.)

On September 27, 2013, Mrs. Laura Toney presented private information about my private life in an open forum. In doing so, she demonstrated malice, ill-intent, and violations of statements in Board Policy GBE. Mrs. Toney has NOT:

- "Carried out assigned responsibilities with conscientious concern."
- "Care and protection of school policy."
- shown "Concern and attention toward their own and the boards legal responsibility for the safety and welfare of students."

Also, from Board Policy GBE:

"In their association with students, all school employees through their manner, dress, courtesousness, industry, and attitude establish themselves as role models who influence the development of young people. The board expects its staff members to be exemplary models, as well as promote exemplary instruction."

Mrs. Toney sharing private details of my life has demonstrated that she is not a role model for students and has done harm to me that could keep me from performing the duties the board has assigned to me. This is a blatant attack of my character and the "harassment substantially interleres with an employee's work performance or creates an intimidating, hostile, or offensive work environment" (Board Policy GBAA).

State why you feel the action was in error:

On Friday, September 27, 2013, Mrs. Laura Toney revealed information she had obtained about my private life to my co workers during a social studies department meeting and to students who may have been in the hall during and after the meeting. Mrs. Toney has somehow obtained information about my sexual orientation and the fact that I had lost a partner in 2007 to cancer. I have never shared this information with Mrs. Toney, or with others, at LCHS. However, she somehow was able to obtain this information and in a very unprofessional manner, has taken some of the most private details of my life and used them with malice to impugn my reputation with coworkers and students, seriously impacting my job. Her intention was to do harm to me through delamation of my character. This delamation could lead to my losing my job, losing the positive working relationship with my co workers, and the teaching relationship I have made with my students. Her revealing private information of my personal life about my sexual orientation could cause me to suffer mentally and emotionally due to ridicule and difficulties created by her statements.

Mrs. Toney's unprofessional actions is oral delamation, a malicious act of spreading statements about me in a way intended to do harm. She repeated these statements twice during the meeting and repeated them while walking down the hall for numerous others to hear. The more people she could get to hear the private details of my life, the greater harm she is likely to do to me, my reputation, and my character.

THE SCHOOL DISTRICT OF LEE COUNTY
CONTRACT FOR PROFESSIONAL SERVICES

This agreement is entered into by and between the Lee County Board of Trustees, hereafter referred to as the Employer, and Laura Toney, hereafter referred to as the Employee. This contract is issued as Continuing/GBE contract under the provisions of Section 59-26-40 of the Code of Laws of South Carolina.

The Employer hereby notifies the Employee of his/her appointment to a professional position in the School District of Lee County for the academic year 2009-2010. The number of days if more or less than 190 is (185). This number includes five (5) days of in-service training. The Employee's position assignment for the 2009-2010 contract term is Teacher. Subject to any special conditions set forth below, the Employee agrees to discharge faithfully for the term of this agreement all the duties imposed on a Teacher by the laws of South Carolina. The employee is tentatively assigned to Lee Central Middle School. However, it is understood that all assignments are tentative and may be changed by the administration upon notice to and consultation with the Employee in accordance with Board policy. All personnel assignments are the responsibility of the administration and may be changed without affecting the validity of the contract. If, for reasons of financial exigency or budgetary constraint, the number of working days for the year is reduced below the number prescribed in this contract, no payment will be due or made to the employee for the days lost due to reduction.

The Employee will possess throughout the term of this agreement a valid and appropriate certificate to teach in the schools of the State of South Carolina. Proof of these qualifications shall be filed by Employee in the Superintendent's Office by **July 1, 2009**, or within **fifteen (15) days** of the Employee signing this contract whichever occurs later.

In consideration of this agreement, and pursuant to the salary schedule adopted by the Board, the Employer promises to pay the above-named Employee for professional services rendered during the life of this contract the sum to which (s)he is entitled under local, state and federal allotments or any combination of these. The Employer represents that said schedule will be adopted and published as soon as practical.

Loss or reduction in any amount of anticipated appropriated state, local or federal funding may, at the discretion of the District, require a pro-rata reduction of salary, a reduction in the term of this contract (and pro-rata reduction of salary), or a termination of this agreement. Furthermore, any decline in student enrollment, elimination or change in course programming, financial exigency or temporary closing of school or District operations because of emergency circumstances may require a pro-rata reduction in salary. Any such reduction will take place only upon the approval of the Superintendent after reasonable notice has been provided to the affected parties. Recommendations to reduce salary or to terminate contracts will be made only after all other remedies have been considered. Any compensation reduction will be made on an equitable basis and in accordance with state and local law governing such reduction. Any position eliminations will be handled in accordance with Board policy. No payment will be due or made to the Employee for days lost for such reduction.

The Employee agrees to render acceptable service for 180 teaching days and 5 days of in-service in addition to regular staff development programs carried on in the individual schools and at the district or area levels during the year. If, for reasons of financial exigency or budgetary constraint, the number of teaching and/or in-service days for the year is reduced below the number prescribed herein, no payment will be due or made to the Employee for days lost due to such a reduction. If a reduction in force is required, pursuant to conditions stated above, the order of separation of teachers shall be administered according to Board policy. If a reduction in salary is required, in accordance with the terms stated above, said reduction shall be applied uniformly to all professional personnel in the District.

In the event it becomes necessary to close schools temporarily because of severe weather conditions or on account of an epidemic disease or for any other reason, and the termination of the Employee's services occurs before the days lost are made-up, no payment will be due or made to the Employee for the days lost on account of the closing of the school to which the Employee is assigned.

The administration may assign reasonable extra-curricular activities to teachers. The assignment of such activities (including all coaching assignments) shall be for the school year for which the assignment is made and for that year only. No expectations are created concerning such assignments for future years. All extra-curricular assignments are discretionary with the administration. Accordingly, notice and opportunity for hearing shall not be required to terminate these assignments.

All personnel are expected to participate in professional development and in-service training as assigned and in accordance with Board policy. All personnel are covered under sick leave policy, vacations leave and personnel leave as defined by their term of contract, etc. (9, 10, 11, or 12-month contract)

Special Covenants: **August 12, 2009-June 3, 2010**

This offer of employment is subject to receipt of a criminal record history report from the South Carolina Law Enforcement Division, which reveals no good and just cause for its withdrawal.

This contract is not valid unless authorized by the Board of Trustees and signed by the Superintendent. The Employer's offer shall remain open through **May 26, 2009**. This offer may be accepted by signing and depositing the original in the Office of the Superintendent or his designated agent, on or before **May 26, 2009**.

The Employer hereby notifies the Employee of his/her appointment to a professional position in the School District of Lee County for the academic year 2007-2008. The number of days if more or less than 190 is (190). This number includes ten (10) days of in-service training. The Employee's position assignment for the 2007-2008 contract term is Teacher. Subject to any special conditions set forth below, the Employee agrees to discharge faithfully for the term of this agreement all the duties imposed on a Teacher by the laws of South Carolina. The employee is tentatively assigned to Dennis Middle. However, it is understood that all assignments are tentative and may be changed by the administration upon notice to and consultation with the Employee in accordance with Board policy. All personnel assignments are the responsibility of the administration and may be changed without affecting the validity of the contract. The Employee agrees to render acceptable service for 180 teaching days and 10 days of in-service in addition to regular staff development programs carried on in the individual schools and at the district or area levels during the year. If, for reasons of financial exigency or budgetary constraint, the number of teaching and/or in-service days for the year is reduced below the number prescribed herein, no payment will be due or made to the Employee for days lost due to such a reduction. If a reduction in force is required, pursuant to conditions stated above, the order of separation of teachers shall be administered according to Board policy. If a reduction in salary is required, in accordance with the terms stated above, said reduction shall be applied uniformly to all professional personnel in the District.

In the event it becomes necessary to close schools temporarily because of severe weather conditions or on account of an epidemic disease or for any other reason, and the termination of the Employee's services occurs before the days lost are made-up, no payment will be due or made to the Employee for the days lost on account of the closing of the school to which the Employee is assigned.

The administration may assign reasonable extra-curricular activities to teachers. The assignment of such activities (including all coaching assignments) shall be for the school year for which the assignment is made and for that year only. No expectations are created concerning such assignments for future years. All extra-curricular assignments are discretionary with the administration. January 25, 2006

Mrs. Laura Toney

Dear Mrs. Toney:

Thank you for meeting with me in my office on Tuesday, January 17, 2006 along with Ms. Patricia Solomon, Assistant Principal. The following concerns were addressed:

- Refusal to follow the policies of the school relative to discipline referrals
- Disrespect toward the administrative staff (Ms. Solomon and I)
- Leaving your class unattended during instructional time

During a conference on Friday, January 13, 2006 you reported that Ms. Solomon would not handle discipline referrals you submitted. I received a letter from you, written to Ms. Solomon, regarding this matter. During this conference you admitted that some of your referrals may have been simple and could have been handled in the classroom. To gather an understanding of your concerns, a second conference was held on Tuesday, January 17, 2006 with Ms. Solomon. As a result, I learned that Ms. Solomon followed the procedures of the school and that she tried to explain this to you. I also learned that you were not receptive of her request, became angry, and questioned her. Furthermore, you addressed her a second time on the hallway and a third time you left your class during instructional time to come to her office to discuss the matter again. Your behavior and attitude in the conference were argumentative, unprofessional and unacceptable.

During the conference you made a disturbing allegation against your co-worker, [REDACTED]. You stated, "I wasn't going to say anything, but [REDACTED] called a student a nigger." You further stated a student, [REDACTED], "came to me in tears" on Thursday, January 12, 2006, and share this with you. I asked why you did not report this earlier if the student was distraught. Your response was, "I told the student to come tell you". This concerns me since you were aware that I was not at the school on Thursday. You called me at home on the morning of Wednesday, January 20, 2006 to tell me that you did not want to say anything about [REDACTED] calling the student a nigger because the student told you that she had reported the matter to me already and that I did not do anything.

After an investigation of this matter, I found that your allegations were unsubstantiated. As opposed to gathering information in support of your allegations, I found evidence of possible poor classroom management, inappropriate use of instructional time and inappropriate questioning/probing of students unrelated to instruction – this includes your inquiry of students regarding my investigation. Your allegation against [REDACTED] was unprofessional, demeaning and hurtful, dangerously threatens the effectiveness your team and the schools culture, unacceptable and will not be tolerated.

This is not the type of behavior that we want to exhibit to our students and does not uphold our mission of *Respect, Responsibility, Relationships*. This behavior cannot be tolerated and is in direct violation of our district policy. It is important that we comply with the *Lee County School District Board Policy GBEB* as it states: "*The board reaffirms one of the oldest beliefs in education: One of the best methods of instruction is that of setting a good example.*" and "*The board expects the staff of the district to strive to set the kind of example for students that will serve them well in their own conduct and behavior and subsequently contribute to an appropriate school atmosphere.*" (See attachment).

It is imperative that we work together and follow the policies of the school, the district, and the state. Sarcasms and demeaning statements towards/about students made in general in the classroom will not be tolerated. In compliance *the Lee County School District Board Policy GBEB*, I will recommend to the district that you be suspended with possible termination if violations of this policy continue.

Please feel free to contact me should you have any questions and/or concerns regarding this matter.

Sincerely,

Dear Mrs. Gary:

Thank you for meeting with me concerning some of the issues that I have. I would like to submit the following in writing:

A letter was hand delivered to my home by a substitute teacher on May 19, 2005, in an unsecured envelope informing me that I will be placed on the ADEPT for the 2005-06, school year. The letter did not specify the reasons for the decision neither was I informed before the May 15th deadline as mandated by state law.

I later received a letter dated May 13, 2005, informing me of the same, but the envelope in which the letter was mailed was postmarked May 17, 2005.

As communicated to you during our meeting, I also have other concerns about the manner in which my GBE was handled during the 2004-05 school year.

Thank you for your indulgence into this matter. I will await a response from you.

MEMORANDUM

TO: All Teachers in Lee County School District
FROM: Willie Townes, District Superintendent
DATE: April 15, 2005
RE: Teacher Responsibilities Under the "No Child Left Behind Act"

Enclosed with this memorandum is your contract of employment with the Lee County School District for the 2005-06 school year. As teachers previously have been advised through written communications, group and/or individual meetings, the federal "No Child Left Behind Act (NCLB)" requires that all teachers become "*highly qualified*" in their current teaching area(s) or assignment(s) **by the conclusion of the 2005-06 school year**. The determination of an individual teacher as being highly qualified is made in accordance with NCLB and with South Carolina State Board of Education Regulations.

While the District will assist teachers by answering general questions and providing available information about the highly qualified requirement, it is the **sole responsibility of each individual teacher to take the necessary steps to determine what she/he needs to do in order to ensure that she/he meets the highly qualified definition within the required time period.**

During the remainder of the current school year and continuing throughout the 2005-06 school year, those teachers who do not currently meet the highly qualified definition, based on their current teaching area(s) or assignment(s), are encouraged to work towards that requirement.

This memorandum should be signed, dated and returned along with the enclosed contract, indicating your understanding of your responsibilities under NCLB. Please make a copy to keep for yourself.

Goal For Instructional Methods, Assessment or Technology

Goal- In an effort to ensure that the Social Studies Department is preparing our students for standardized testing, the Social Studies Department will create an integrated list of Vocabulary Terms from the various history disciplines and ensure that our students achieve a mastery of these terms. These terms will entail the most basic concepts that each discipline deals with and are mostly likely to be addressed through standardized testing.

Strategies- 1) An ad hoc committee will compile a list of vocabulary words most frequently associated with the various history disciplines.

2) The list of words will be disseminated to each teacher in the history department who will in turn incorporate these terms into their curriculum.

3) The teacher will be responsible for ensuring the students mastery of these terms through various techniques such as defining the terms, spelling tests, creating sentences with the terms, discussing the terms in class, etc.

Criteria for Success- 1) Teachers will create tests which will be administered to students to test for mastery of understanding of the terms on the list.

2) 90% of students tested will show mastery of the terms on the vocabulary list.

3) Students will demonstrate a measurable gain on the standardized tests which are administered.

Supportive Evidence for Goal Completion- 1) Teachers will submit examples of the students work which show they have mastered the various vocabulary terms.

2) Teachers will submit test results from vocabulary tests which show that students have mastered the terms on the list.

STAFF CONDUCT

Code **GBEB** Issued **3/03**

Purpose: To establish the board's vision for appropriate staff conduct.

The board reaffirms one of the oldest beliefs in education: One of the best methods of instruction is that of setting a good example.

The board expects the staff of the district to strive to set the kind of example for students that will serve them well in their own conduct and behavior and subsequently contribute to an appropriate school atmosphere.

To that end, in dress, conduct and interpersonal relationships, all staff should recognize that they are being continuously observed by students and that their actions and demeanor will be reflected in the conduct of the students.

The personal life of an employee will be the concern of and warrant the attention of the board only as it may directly prevent the employee from effectively performing assigned functions during duty hours or as it violates local, state or federal law or contractual agreements.

Immoral conduct on the part of any employee will constitute grounds for immediate suspension. No employee will commit or attempt to induce students or others to commit an act or acts of immoral conduct which may be harmful to others or bring discredit to the district. If it appears an employee may have violated the law, the district will cooperate with law enforcement agencies.

Employees of the district, while on duty and in the presence of students, will not use profanity, will not use tobacco in any form, and will not consume or be under the influence of intoxicating beverages. They will not be involved in drug abuse or drug traffic.

Violations of this policy by employees will be grounds for immediate suspension and possible termination of employment. In such cases, an employee will be informed of his/her right to a hearing.

The following list includes some of the actions that are considered misconduct while on duty on or off district premises.

- possessing, using, manufacturing, distributing or dispensing any illegal drugs or alcohol while on duty or off district property
- fighting or deliberately harming another
- being absent without approval
- refusing to follow a supervisor's instructions and directions
- destroying school property intentionally
- using obscene language which is unsuitable in the school setting
- having any interaction/activity of a sexual nature or intent with a student
- possessing weapons on school property
- using school property without proper authorization
- behaving in any inappropriate manner to the extent of adversely affecting the employee's ability to perform his/her work

Dear Ms. Richardson:

I am writing this letter in response to your letter dated March 16, 2000.

On March 15, 2000, I reported to your office for a scheduled conference at 11:00 AM. After reporting to your office, I was informed by you that the TEAM was not ready for me so I went back into the main office where I remained for at least fifteen minutes while your secretary, [REDACTED] ran copies of my ADEPT results. After about fifteen minutes, I was instructed to enter your office.

You began the conference by stating, "We don't want to waste the evaluators' time. This statement raised a "red flag" for me because I thought the purpose of the conference was to ask questions and receive feedback from my TEAM members. During this time, one of the evaluators requested a copy of my ADEPT and you denied the request. You then gave me a copy and I began to read. When I got to PD10, I began to ask questions about the erroneous information that you included. You then became very defensive and stated that you were not going to talk about it in the presence of the TEAM. At no time during the conference did I exhibit a negative deposition or unprofessional behavior. The other two evaluators can attest to this.

At the conclusion of the conference, the administration did not give me any instructions or directives. The conference ended at approximately 11:40 AM. During this time, my students were in the cafeteria eating lunch. I did not desire lunch so I went to [REDACTED] room for only a few minutes. After my students completed eating lunch, [REDACTED] escorted my students to her room where she supervised them until 12:00. My students were then instructed to report to my room. I arrived to my room around 12:05, right at the tardy bell. My students were not left unattended for the amount of time that you stated in your letter. I have secured letters from my students verifying this information.

I did walk across the hall to asked [REDACTED] a question, but I was not out of my room for ten minutes and my students were not out of control or noisy. It is appalling that the administration would transmit false information about our students.

ROA_01113

On March 15, 2000, I did go to [REDACTED] room during second period, but this was during my planning time. [REDACTED] did not talk to me ten minutes outside of his classroom. I find it interesting that the administration would see this being that she was in a conference with [REDACTED] from 9:15 - 9:30. I also stopped by [REDACTED] room to inquire about the school's play.

In your letter, you also stated that the administration has repeatedly given me instructions in which I have defied. This is definitely a falsehood because I can't recall not one incident that I did not abide to a directive or instruction given to me by the administration. The only incident I can recall is the time the administration requested that I violate the procedures of the South Carolina Department of Education and Teacher Certification and teach music. I informed you that I did not have any certification in music and I did not feel comfortable with teaching music. I could see the disappointment when I responded to you. I did not know just how much you resented the fact that I had respect for policy and procedures until now.

I also feel that you are beginning a campaign to destroy my teaching career because I revealed policy and procedural violations with my ADEPT. Also, I feel that the administration is retaliating against me for filing a formal grievance surrounding my ADEPT.

I truly hope that this is the last occurrence of this kind of harassment because I am here to teach the children, not to engage in childish and unprofessional games. I have requested that [REDACTED] and [REDACTED] submit letters about what happened on the morning of March 15, 2000.

Sincerely,

Laura Toney

Mrs. Laura Toney

Dear Mrs. Toney,

You were notified in writing that on March 15, 2000, the Final Team Conference meeting would take place tentatively at 11:00a.m.

During this conference, you showed a negative disposition about questioning the administrator's right to make comments concerning you, the employee. It is my duty as your immediate supervisor to document any unprofessional behavior. External evaluators are not present to see you and make appropriate judgments on a day by day basis.

The conference was closed by the administrator; for there were other matters that needed the administrator's attention. You were instructed to return to your duties; however, the conference ended at approximately 11:15a.m. Ms. McDowell, Teaching Assistant, was directed to hold your class only for the time the conference was in progress. You were instructed to return to your duties. You did not return to your duties until 12:05. Your students were left unsupervised. You were derelict again in your duties. Fleming Middle Staff Expectations clearly states that teachers are not to leave students unattended. You left students unattended from approximately 11:15 - 12:05.

During this time, you made calls to the Lee County School District Office concerning your evaluation.

Approximately 1:00 - 1:10, you left your class unsupervised again; the class was quite noisy and out of control. Your class was held by the administrator for approximately 10 minutes. You were observed walking through the door.

Also on March 15, 2000, approximately 9:10 - 9:30, you went to [REDACTED] class. He came out of his class to speak to you for approximately 10 minutes; after that visitation, you stopped and went in Ms. Jackson's class.

ROA_01115

The administrator has repeatedly given you instructions in which you defy verbal as well as written directives. You are chronically being insubordinate. Please be advised that your insubordination shall be documented. Once again, you must comply with administrative rules.

Dear Dr. Townes:

I am writing this letter to request a conference concerning the grievance that was filed with the Lee County School District concerning my ADEPT. As you know, I have written two letters to Ms. Richardson requesting a conference, but Ms. Richardson has refused to give me a date and time for this conference so a representative from the SCEA could be present. As a matter of fact, Ms. Richardson has informed me that a representative from the SCEA would not be allowed in the hearing. I feel that this is indeed a violation of my rights.

Ms. April Mackey, a representative from the SCEA would like to be in on the conference and has requested March 15 or March 16, 2000. If these dates are a conflict with your schedule, please inform me as to when you can meet with us.

Dr. Townes, Ms. Richardson's past refusal to conform to procedures and regulations has lead me to the realization that I cannot trust her. Please respond to me as soon as possible about when the conference can be scheduled with you.

Dear Mr. Burns:

I am writing this letter about an incident that occurred on Tuesday, February 22, 2000. On the above morning, [REDACTED] came to my classroom and said that she was there to do my interview and evaluation. I said to her that I hoped that she had call me before coming in to do the interview so I could have been more prepared. [REDACTED] replied that she did call Fleming Middle on Friday February 18, 2000, and left a message for them to tell me that she was coming to interview me. After I informed [REDACTED] that I had no knowledge of this, she asked me could she come back in about two hours for the interview. I said to her that I would do my very best to be ready at that particular time. [REDACTED] then left.

I then went to the office where [REDACTED] was using the telephone and asked [REDACTED] the secretary, why wasn't I informed or given [REDACTED] message on February 18, 2000. [REDACTED] replied by saying that [REDACTED]'s message was passed on to [REDACTED]. [REDACTED] then called the Primary School and informed me that she would be back later to interview me.

I then returned to my classroom to get everything organized before [REDACTED] return. I was shocked when [REDACTED] entered my classroom to evaluate me, knowing that I was preparing for [REDACTED] interview. I really feel that [REDACTED] purposely did not inform me [REDACTED] visit on February 18, 2000. I also feel that [REDACTED] came to my classroom to evaluate me during the time she knew that I was preparing for my interview with [REDACTED] in order to take away the time that [REDACTED] gave me to get prepared. I had planned to give my students some independent work to do while I prepare for my interview with [REDACTED].

[REDACTED], as you can see, [REDACTED] is still violating the procedures of the ADEPT. Why didn't [REDACTED] give me [REDACTED] message? Why did [REDACTED] give the message to [REDACTED] instead of passing the message directly to me? Why did [REDACTED] come into my classroom to evaluate me

ROA_01123

when she knew that I was preparing for an interview with [REDACTED] These are some of the questions I need an answer to. .

[REDACTED] returned on the same day to interview me and I did go through the interview with her, but as you can see, I did not receive fair notice. This was not [REDACTED] fault. [REDACTED] should have informed me of the interview before [REDACTED] visit.

Please let your records reflect the above incident.

Sincerely,

Dear Dr. Townes:

Once again, I am writing a letter concerning an incident at Fleming Middle School. As you know, I have been out of school on medical leave. I returned to school on February 14, 2000.

On February 15, 2000, [redacted] approached me and asked me to hold [redacted] class during my planning time. I informed [redacted] that I was just returning from five weeks of medical leave and I needed time to clean the classroom and get everything organized. I have several students' papers in my classroom that are not graded. I also have several graded papers left in my classroom by [redacted] the substitute teacher, that needed to be recorded in my grade book. [redacted] left my classroom without replying. A few minutes later, several students entered my classroom. I then instructed the students to leave not knowing whether [redacted] instructed these students to report to me. [redacted] then came back with the students and said in a very hostile and unprofessional manner that the students will remain in my classroom. This was done in the presence of the students which I feel was very unprofessional of [redacted].

My concern is why [redacted] insists that I hold another teacher's class each time she plans to evaluate me. The last time [redacted] evaluated me, I was instructed to hold [redacted] class which was on the other end of the building. There were two teachers right next to [redacted] class that could have held his class, but [redacted] insisted that I leave my classroom to hold this class during second period, knowing that she was going to evaluate me the same day during third period. I feel that this was intentional by [redacted] to take away my planning time.

Again, on February 15, 2000, [redacted] entered my classroom and told me that she owned the building and that if I plan to remain there, I had better do what she says. I was shocked when [redacted] made the above statement. I replied to her that the building was owned by the taxpayers. [redacted] went on to make several other inappropriate statements.

The next period, [redacted] came in to observe me. I informed [redacted] that I was sick and needed to go home. I find it very interesting that [redacted] knowing that she was going to evaluate me again took away some of my planning time. As mentioned, there were several staff members that could have held [redacted] class. I also feel that [redacted] should have given me the common courtesy of allowing me sufficient time to get organized before entering my classroom to evaluate me.

I also feel that this is a way of [redacted] retaliating against me for filing a grievance concerning procedural violations of my ADEPT. I really hope that there are no future occurrences of this nature from [redacted]. I cannot and will not tolerate any harassment or retribution from [redacted] because of the grievance filed.

Ms. Laura Toney

Dear Ms. Toney:

This is in response to the formal grievance filed and received by the district on February 9, 2000 and the status of your evaluation process this term.

Please recognize that the Lee County School District is very concerned with any possible violations of evaluation procedures. We will continue to monitor the implementation of procedures throughout this process, and at its completion. Please recognize that the evaluation team's compliance with procedures will be a critical issue when the district considers the final evaluation results for any teacher.

Please be advised that the district will continue with your evaluation process. It will be our intent to complete all activities according to the district timeline and procedures. We ask you to discuss your grievance concerns with the TEAM chairperson, Ms. Ruth Richardson. We believe that we have time in the process to resolve any issues which have arisen thus far. Again, the district's procedures provide for the TEAM Chairperson to be responsible for ensuring that all procedures are followed.

We share your concerns that all PDs including PD 10 must reflect the consensus agreement of all evaluators. We will be addressing these concerns with your TEAM Chairperson, Ms. Ruth Richardson. However, please recognize that while the Self-Report is the primary vehicle for making determination for the competence of PD 10, it is appropriate for the team to consider other information collected outside of the self report.

Ms. Ruth Richardson will respond to the issues addressed in your grievance. It is our wish that you complete this evaluation process successfully.

Sincerely,

Dear Ms. Richardson:

This is to respond to the evaluation process for teachers [REDACTED] and Ms. Laura Toney. As communicated in correspondence to the teachers, the district will continue the evaluation process for the teachers, and will allow you the opportunity to respond to their grievance concerns. The evaluation process shall continue while you are addressing the teachers' grievance concerns.

As principal of Fleming Middle School and the TEAM Chairperson for the evaluation teams of Ms. Laura Toney and [REDACTED], we ask you to sit down with each of the teachers individually and provide them an opportunity to express these concerns. Avoid stating your opinions but make every effort to understand their viewpoints. Then, respond in writing to each concern addressed. Please contact the district if you need assistance in completing this task. You should then discuss your findings with the teachers in a very positive manner.

This is to alert you that the two of us do have some concerns relative to the information we have received relative to the evaluation process for Ms. Toney and [REDACTED].

In all PDs, the evaluation team must reach consensus agreement. For PDs 2 and 3, all evaluators must make the determination even when not all evaluators conducted the actual interview. For PD 10, while the principal submits the initial documentation to the team, the judgment made must be made by the team. As you know, the self report represents the primary vehicle for determining competence. However, the team may consider other information known by the principal. However, the decision made relative to competence must be made by all three evaluators. In addition, specific concerns relative to completion of tasks outside the classroom should be addressed by the principal at the specific time of occurrence, and should not be saved for the judgment meeting.

In addition, district procedures state that all evaluators should attend the preliminary and final conferences. While it is not required that all three attend, it is preferred and should occur. We have reason to believe that the TEAM evaluators were not encouraged to attend the preliminary conference meetings with [REDACTED] and Ms. Toney. Please make every effort for all three team members to be present at the final conference for both teachers. Due to the concerns expressed in this area, it is our advice to you to have a minimum of two evaluators present at the final conference. Again, all three evaluators should be present.

It is very important the the evaluation teams operate as a team and not unilaterally. Please contact both evaluators and communicate to them that we will continue the process, and express the district's appreciation for their commitment and hard work. Pledge to them that you will work together to make consensus judgements in all PDs. Please make every effort to ensure that all TEAM members complete all procedures according to district and state guidelines. Please do not hesitate contacting us if you have any questions.

It is also very important for both teachers to perceive that you are being fair in your

interactions with them. It is critical that you interact with these teachers in a very positive, warm manner. Be sensitive to their concerns and give them every opportunity to be successful. It is our suggestion that you should give Ms. Toney a few days to get adjusted again to being back in the classroom.

Dear Mr. Burns:

With this letter be advised I am filing a formal grievance around the ADEPT TEAM evaluation I received December 1999. AS you know, I have been out of school. Please forward me any specific paperwork or form that I need to complete.

The areas of concern have been noted in my letter dated January 2000, as well as in a verbal conversation with you. I have shared my concerns and requested a change in evaluation status.

These concerns are:

- 1) No peer teacher on my evaluation team.
- 2) The building principal is a member of my evaluation team. This is a conflict of interest since she generated the Instructional Improvement Plan.
- 3) An error notation on the P.E.S.S. indicated a Needs Improvement on PD#10 which was not consensual.
- 4) PDs#1&2 are planned in accordance with the Lee County School District and Fleming Middle School Expectations. If there are omissions, the building principal needed to address them at the beginning of school. PDs 1&2 are made in conjunction with the building principal. They are to be approved by the building principal prior to being implemented, not determined to be lacking by December.
- 5) PD#1's notation of "no provision for ordering" is not an area within my venue. The building principal makes those decisions.
- 6) PD#10 reflects inaccurate information as well as a subjective determination by the evaluator. The evaluator's

- 6) responsibility is to observe, note and document...not request a change in lesson plans for his/her convenience. The evaluator has the option of scheduling according to the lesson plans.
- 7) The Instructional Improvement Plan does not reflect areas of identified "Needs Improvement."

To address these concerns, I request the following:

- 1) No retribution by the building principal nor the evaluators because of this grievance.
- 2) A change in my evaluation team incorporating a peer evaluator and deleting the building principal.
- 3) The completion of the Instructional Plan completes all concerns noted as "Needs Improvement" and that those areas be listed as "Competent."
- 4) PD#10 "Needs Improvement" be appropriately changed to "Competent."

Please arrange a meeting with me as soon as possible to address these concerns.

Dear Mrs. Toney,

Dr. Townes has authorized me to respond to your request for (FMLA) family medical leave due to your husband's current medical condition. As always, we wish your husband a speedy recovery.

According to our payroll records, last year you used all of your sick leave which caused you not to have any days carried over this school term (See attachment). Moreover, as of December 15, 1999, our records indicate that you have already used all of your sick leave and personal days for this school term (12 days).

Since you do not have any accrued sick leave, you may be granted FMLA leave without pay, provided that you have the enclosed forms completed by your husband's physician and returned to this office as soon as possible. Since all extended medical leave must be approved by the Lee County Board of Trustees, I would like to have this information completed and returned before our next school board meeting (Tuesday, January 18, 2000). If it is not possible to have all of the forms completed by then, please ask the attending physician to fax in or mail a letter verifying your husband's need to have you with him during his recuperation (January 7 - February 8).

Again, we wish you the best during this difficult time.

Dear Ms. Toney:

This is in response to your letters of January 4, 2000.

Please be advised that an error was made on your Preliminary Evaluation Summary Sheet. With three performance dimensions identified as needing improvement, the preliminary overall evaluation judgment should have been Needing Improvement rather than Unsatisfactory.

As I discussed with you on January 4, 2000, all judgments made during the TEAM evaluation process must be consensus. The individual documentation notes are not part of the record, and should be destroyed by the evaluators after the judgments have been made. As stated in my letter to you on January 3, 2000, the formal documents are the Preliminary Evaluation Summary Sheet, the Consensus Evaluation Sheets and the Individual Assistance Plan. Consensus judgments do not mean that all evaluators had to observe the same thing, but rather all agree that the individual performance dimension does not meet the standard as described in the Competent Performance Description.

It is my belief and expectations that the three evaluators assigned to your team, Ms. Ruth Richardson, Mr. Sam McDonald and Gayle Hyatt will carry out the Spring Data Collection process according to written procedures. Again, please do not hesitate contacting me if you believe procedural violations exist.

Again, please be advised that the evaluation process will continue as designed. Your concerns have been received and will be included as part of your evaluation record. We wish you success as this evaluation process is continued.

In closing, I urge you to focus upon what you can do to become a more effective teacher. Again, we wish you the very best.

Sincerely,

Dear Dr. Townes:

I am writing this letter concerning an incident on January 4, 2000. As you know, my husband is very ill. I went to Ms. Richardson to ask whether or not I could leave at 2:00 to take my husband to the doctor. Ms. Richardson began to question me about other family members. I felt that this was very inappropriate. Ms. Richardson responded by saying that she would get back with me. Around 1:45 when I realized that she wasn't going to get back with me as she promised, I went to her office to inquire about whether it was ok for me to leave at 2:00. Ms. Richardson was in her office with the door shut. I informed [REDACTED] that I really needed to speak with Ms. Richardson. When [REDACTED] went into Ms. Richardson's office to ask whether or not I could speak to her, Ms. Richardson refused. Ms. Richardson informed [REDACTED] to tell me that I could leave at 1:45, but I needed to bring a doctor's note back on the next day to verify that I took my husband to the doctor. This was very unprofessional of Ms. Richardson to communicate this to her secretary.

On yesterday, January 3, 2000, I experienced the same unprofessional behavior when Ms. Richardson instructed [REDACTED] to sit in on a conference about my ADEPT.

I can no longer tolerate Ms. Richardson's lack of respect for the privacy of my personal concerns. My Improvement Plans were even given to me through [REDACTED]. This is indeed a violation of my right to the privacy of my personal records.

Ms. Richardson's failure to respond to me on January 4, 2000, concerning my request to leave early shows that Ms. Richardson is retaliating against me for inquiring about the manner in which she conducted my ADEPT. This tells me that Ms. Richardson can not be fair. Does she require that all employees who leave early to bring back verification? Some employees leave early for less serious reasons and are approved by her without having to verify anything.

ROA_01143

Dr. Townes, I am requesting an immediate transfer from Fleming Middle School. I am definitely requesting that Ms. Richardson be taken off of my TEAM. I can no longer trust Ms. Richardson to be fair.

I really enjoy my work with my children, but in order to be the very best that I can be for my students, I can't waste time everyday writing letters about Ms. Richardson's behavior towards me. We are all there for the children.

I feel that I would be more effective under the administration of someone else. Please consider my request very seriously. I will be awaiting a response from you.

Dear Mr. Burns:

It is again with the very deepest regret that I have to write this letter. The purpose of this letter is to again request a conference with all of my Team members and also to address some concerns about the manner in which procedures were followed by Ms. Richardson. My concerns are:

1. On December 16, 1999, I attended a conference with Ms. Richardson and [REDACTED] concerning ADEPT. [REDACTED] was not present at this conference. I was not notified of a conference on that particular day by Ms. Richardson. I saw [REDACTED] in the teacher's lounge and assumed that he was there for the conference. This was about 3:15PM and I was about to leave for the day. After seeing [REDACTED] I went to the office to inquire about whether I should remain for a conference. After several attempts to talk to Ms. Richardson, she finally informed me that I should remain for a conference. I feel that it was Ms. Richardson's responsibility to inform me of a conference earlier that day being that she is the chairperson.
2. During the conference, [REDACTED] was not given the opportunity to offer any feedback. The entire conference was monopolized by Ms. Richardson. There were concerns that Ms. Richardson informed me that [REDACTED] has, but [REDACTED] was not there to offer any feedback. I was given a statement that looks like Ms. Richardson's handwriting addressing [REDACTED]'s concerns. The statement stated that on the day [REDACTED] came by the school, I stated that I was afraid of my evaluations because of my students' terrible behavior. It also stated that I began to cry. These are not accurate statements. At no time during the meeting with [REDACTED] did I cry or communicate to her that my students' behavior was terrible. I am really amazed that Ms. Richardson has accuse me of not having high expectations for my students when she has already targeted the fifth graders as discipline problems by calling a special meeting with the fifth grade parents to talk about discipline. Ms. Richardson has even

ROA_01146

recommended mental health evaluation for some of the fifth graders. Maybe it's Ms. Richardson who does not have high expectations for our students. Please let this letter reflect the fact that I do have high expectations for all of my students, and I have very few problems with classroom management or discipline.

3. Another concern I have is [redacted]'s misunderstanding of the day she came to my classroom to observe me and I was showing a video. [redacted] asked me to show the video another day and let her observe me teaching. I informed [redacted] that the video was my lesson for that particular day and she was welcomed to stay and view the video because we were going to be discussing the video afterwards. The video that I was showing my students was given to me by the guidance department. I was informed that it was mandatory for all social studies teachers to show the video and let the students do the worksheets and test that came with the video. This was Fire Prevention Week. It was stated that this was not a part of the curriculum, but I was instructed to teach fire prevention. What amazes me is that Ms. Richardson knew all about Fire Prevention Week, but still allowed [redacted] to get the wrong impression of that particular day. It was Ms. Richardson's responsibility to clarify this misunderstanding with [redacted] instead allowing this to be included into my ADEPT and labeling me as not being cooperative. Also in the Teacher Evaluation information that was given to us during orientation specifically states that if a video is being viewed or a test is being administered, the evaluator is free to leave and conduct the observation on another occasion. I should have never been asked to show the video on another day by [redacted].
4. During the conference held on December 16, 1999, [redacted] was excused by Ms. Richardson. He did not ask to be excused. This was very suspicious. After [redacted] was told to leave, Ms. Richardson gave me copy of an Improvement Plan. Why did Ms. Richardson excuse [redacted] before going over my Improvement plans with me? Why did Ms. Richardson sign [redacted] name? Why did Ms. Richardson not allow him the opportunity to offer any feedback? These are just some of the concerns I need an answer to.
5. On the same day, I questioned Ms. Richardson about being given Need Improvement for PD10. I reminded her of all the activities that I was involved in outside of the classroom. She then took my Improvement Plans away and told me that she would reconsider and maybe give me credit for PD10. The following morning, I asked Ms. Richardson about my Improvement Plans and she told me that she did not want to talk to me. I then informed her that she needs to give me the plans so I would know exactly what is expected of me. She then became very upset and informed me if I continue to ask her about any Improvement Plans that she would consider it as not following her

directive. I then walked away and telephoned [REDACTED]. I communicated some of my concerns about the way my ADEPT was carried out, but [REDACTED] advised me to put everything in writing.

After about fifteen minutes after talking to [REDACTED] I was told by [REDACTED] the Library Aide, that [REDACTED], the secretary had something for me. I immediately went to the office. I was shocked when my Improvement Plans were given to me by [REDACTED]. I feel that this information should have been confidential. I felt very embarrassed.

6. Another concern that I have is the negative statements in my ADEPT. Were these statements a consensus of the TEAM or Ms. Richardson's personal opinions.

7. I was given unsatisfactory when Ms. Richardson has documented that I only missed three PDs.

8. I was able to secure a copy of my evaluation from [REDACTED] and was surprised of the evaluation that he gave me. On Pd2, only Ms. Richardson and [REDACTED] did the oral interviews. [REDACTED] pointed out one weakness with my oral interview. This would have been cleared up only if Ms. Richardson had given him the opportunity to offer any feedback. [REDACTED] evaluation stated that only 50% of students were performing at standard and no adjustments were made to my SRP to reign in those that are behind. If Ms. Richardson had given him the opportunity to offer feedback, I would have told him that adjustments were made through giving the students the opportunity re-submit assignments for extra credit. PD2 was not a consensus based on my conference with [REDACTED]. I was also shocked to find out from [REDACTED] that Ms. Richardson did not give him the opportunity to evaluate PD10, but she submitted the results as a consensus of the group. I am enclosing a copy of [REDACTED] evaluation. I wonder how many other PDs were just Ms. Richardson's personal opinions. I am submitting a copy of my PD10. I really feel that it is sufficient.

Mr. Burns, as you can see, there are several concerns that need to be addressed. Mr. McDonald is willing to attend a conference and verify the enclosed evaluation. I am hoping for these concerns to be resolved within the district. As you can see, several violations have been committed.

Please inform me of your decision.

Dear Mr. Burns:

I am writing this letter to inform you of an incident that happened on January 3, 2000.

I was instructed by Ms. Richardson to report to her office to discuss the letters submitted to her on January 3, 2000. When I reported to Ms. Richardson's office, I was shocked when [REDACTED], a guidance counselor, came in to sit in on the conference. I informed Ms. Richardson that I was not going to talk about my ADEPT with [REDACTED] present. I am quite certain that [REDACTED] was just following Ms. Richardson's instructions.

After I refused to continue the conference, [REDACTED] excused herself. I then asked Ms. Richardson the purpose of [REDACTED] presence in the conference, but she never responded.

I feel that this information should have been confidential. [REDACTED] is not an administrator nor is she a member of my TEAM.

Please let your records reflect this incident.

Sincerely,

Laura Toney

Dear Ms. Toney:

This is in response to your letter of January 3, 2000.

Please feel free to make an appointment with me for the purpose of submitting your concerns relative to the TEAM evaluation process. In addition, you may submit these concerns in writing if you wish.

Please be advised that the Preliminary Evaluation Summary Form, the Consensus Evaluation Sheets and the Individual Teacher Assistant Plan are the formal evaluation documents for the evaluation process. It is my understanding that you have the documentation as described. Consistent with State Department of Education ADEPT guidelines, the district does not provide the individual documentation notes to the teachers evaluated by the process.

Also, please be advised that the evaluation process will continue as designed. It is very important that you advise your TEAM chairperson and myself of all concerns you have relative to the implementation of this process.

We wish you success as this evaluation process is continued. Please do not hesitate contacting me.

Earlier this year, you sent in a written request to be considered for a transfer from Fleming Middle School. Upon receipt of this request, I discussed this matter with Dr. Townes, Ms. Richardson, and Mrs. Boston.

Based on the current vacancies and personnel needs of the district, your request to transfer to Bishopville Jr. High for the 1999-2000 school year has been denied. When the new school term begins in August, you will report to Fleming Middle School.

I am writing this letter to request a transfer for the upcoming school year of 1999-2000.

I would like to be considered for any available position at Bishopville Junior High or Bishopville High School in Social Studies. I also qualify for a permit to teach English and Science.

Because of my husband's health, it is necessary for me to be as close to home as possible.

I have enjoyed working with the children this past school year. I am also looking forward to many more rewarding years in Lee County Schools.

Any consideration given to me will be greatly appreciated. If additional information is needed, please contact me at Fleming Middle School.

This agreement is entered into by and between Lee County Board of Trustees, here after referred to as the employer, and Toney, Laura A. here after referred to as the employee.

The employee will possess throughout the term of this agreement a valid and appropriate certificate to teach in the schools of the state of South Carolina. Proof of these qualifications shall be filed by employee in the Superintendent's Office.

Subject to any special conditions set forth below, the employee agrees to discharge faithfully for the term of this agreement all the duties imposed on a Teacher by the laws of South Carolina.

In consideration of this agreement, and pursuant to the salary schedule adopted by the Board, the employer promises to pay the above-named employee for professional services rendered during the life of this contract the sum to which (s)he is entitled under local, state and federal allotments or any combination of these. The employer represents that said schedule will be adopted and published as soon as practical.

Loss or reduction in any amount of these funding sources shall, at the discretion of the employing school district, result in the termination of this contract or the pro-rata reduction of the payment made for services rendered under this contract.

The employee will discharge acceptable service for 180 teaching days and 10 days of in-service in addition to regular staff development programs carried on in the individual schools and at the district or area levels during the year. If, for reasons of financial exigency or budgetary constraint, the number of teaching and/or in-service days for the year is reduced below the number prescribed herein, no payment will be due or made to the employee for days lost due to such a reduction.

In the event it becomes necessary to close schools temporarily because of severe weather conditions or on account of an epidemic disease or for any other reason, and the termination of the employee's services occurs before the days lost are made-up, no payment will be due or made to the employee for the days lost on account of the closing of the school to which the employee is assigned.

All personnel assignments are the responsibility of the administration and may be changed without affecting the validity of the contract.

The administration may assign reasonable extra-curricular activities to teachers. The assignment of such activities (including all coaching assignments) shall be for the school year for which the assignment is made and for that year only. No expectations are created concerning such assignments for future years. All extra-curricular assignments are discretionary with the administration. VIEWPOINT

Please use this space to express in your own handwriting your views on a current development or issue in education or in your specific subject field.

The most current development that I have had to privilege of implementing in the classroom is encouraging Collaborative Skills. I feel that incorporating Collaborative skills into your weekly lesson plans will help students to become successful leaders, effective followers, and also motivate them to make productive contributions to a group.

After successfully completing a course in Collaborative skills, I was very impressed with this method because it gives students a strong sense of identity with group goals. It also develops in students the ability to respect the rights and opinions of other group members. Effective group members are also able to communicate successfully and to compromise and negotiate.

Finally, I feel that it is imperative for students to develop these skills in order to be good followers as well as good leaders.

I hereby affirm that the information given by me in this application is true and complete to the best of my knowledge and belief. This contract is issued as Continuing contract under the provisions of Section 59-26-40 of the Code of Laws of South Carolina.

The Employer hereby notifies the Employee of his/her appointment to a professional position in the School District of Lee County for the academic year 2013-2014. The number of days if more or less than 190 is (190). This number includes ten (10) days of in-service training. The Employee's position assignment for the 2013-2014 contract term is Teacher. The employee is tentatively assigned to Lee Central High School. However, it is understood that all assignments are tentative and may be changed by the administration upon notice to and consultation with the Employee in accordance with Board policy. All personnel assignments are the responsibility of the administration and may be changed without affecting the validity of the contract. The Employee will possess throughout the term of this agreement a valid and appropriate certificate to teach in the schools of the State of South Carolina. Proof of these qualifications shall be filed by Employee in the Superintendent's Office by July 1, 2013, or within fifteen (15) days of the Employee signing this contract whichever occurs later.

In consideration of this agreement, and pursuant to the salary schedule adopted by the Board, the Employer promises to pay the above-named Employee for professional services rendered during the life of this contract the sum to which (s)he is entitled under local, state and federal allotments or any combination of these. The Employer represents that said schedule will be adopted and published as soon as practical.

Loss or reduction in any amount of anticipated appropriated state, local or federal funding may, at the discretion of the District, require a pro-rata reduction of salary, a reduction in the term of this contract (and pro-rata reduction of salary), or a termination of this agreement. Furthermore, any decline in student enrollment, elimination or change in course programming, financial exigency or temporary closing of school or District operations because of emergency circumstances may require a pro-rata reduction in salary. Any such reduction will take place only upon the approval of the Superintendent after reasonable notice has been provided to the affected parties. Recommendations to reduce salary or to terminate contracts will be made only after all other remedies have been considered. Any compensation reduction will be made on an equitable basis and in accordance with state and local law governing such reduction. Any position eliminations will be handled in accordance with Board policy. No payment will be due or made to the Employee for days lost for such reduction.

STAFF CONDUCT

Code GBEB Issued 3/03

Purpose: To establish the board's vision for appropriate staff conduct.

The board reaffirms one of the oldest beliefs in education: One of the best methods of instruction is that of setting a good example.

The board expects the staff of the district to strive to set the kind of example for students that will serve them well in their own conduct and behavior and subsequently contribute to an appropriate school atmosphere.

To that end, in dress, conduct and interpersonal relationships, all staff should recognize that they are being continuously observed by students and that their actions and demeanor will be reflected in the conduct of the students.

The personal life of an employee will be the concern of and warrant the attention of the board only as it may directly prevent the employee from effectively performing assigned functions during duty hours or as it violates local, state or federal law or contractual agreements.

Immoral conduct on the part of any employee will constitute grounds for immediate suspension. No employee will commit or attempt to induce students or others to commit an act or acts of immoral conduct which may be harmful to others or bring discredit to the district. If it appears an employee may have violated the law, the district will cooperate with law enforcement agencies.

Employees of the district, while on duty and in the presence of students, will not use profanity, will not use tobacco in any form, and will not consume or be under the influence of intoxicating beverages. They will not be involved in drug abuse or drug traffic.

Violations of this policy by employees will be grounds for immediate suspension and possible termination of employment. In such cases, an employee will be informed of his/her right to a hearing.

The following list includes some of the actions that are considered misconduct while on duty on or off district premises.

- possessing, using, manufacturing, distributing or dispensing any illegal drugs or alcohol while on duty or off district property
- fighting or deliberately harming another
- being absent without approval
- refusing to follow a supervisor's instructions and directions
- destroying school property intentionally
- using obscene language which is unsuitable in the school setting
- having any interaction/activity of a sexual nature or intent with a student
- possessing weapons on school property
- using school property without proper authorization
- behaving in any inappropriate manner to the extent of adversely affecting the employee's ability to perform his/her work
- planning, directing, encouraging, assisting or engaging in any hazing activity or permitting, condoning or tolerating any form of hazing
