Re: ~~Cartrette, B.J., v. GDC~~
Appellate Case No. 2015-000759

Clerk's letter of 1-5-16

Dear Chief Justice Few:

Cartrette is corresponding in reference to the letter which is set forth above herein; he notes the Court's position on the request for rehearing of the initial motion to remand to circuit court to determine or settle the correct or proper record on appeal which the Court interpreted as a response to respondent's first motion to strike; however, he takes the position that it is improper to consider respondent's second motion to strike when appellant has already submitted timely record on appeal according to Court's 12-30-15 Order.

Your attention is appreciated in the matter.

Respectfully submitted,

/s/ *Billy Joe Cartrette*
