Julie, I've found the motion hearing on my hard drive. It looks to be untranscribed. The estimate for the transcript would be \$200 and I would require payment before I begin the work. It will take a couple of weeks to produce if, in fact, there's no file corruption problems or software glitches. I'm working without a net, so to speak, since I have no software support any longer. Also it will take me some time to get my groove back with the technical end, since I don't do court reporting anymore. I'm also planning on going out of town some, but will try to get this done before that time.

You can send a check to Bernadette Leland

Please don't send payment to the Master's Office as, obviously, I'm not there anymore. I'll try to do some work on the file by tomorrow and if there are any problems I'll get right back to you. I don't foresee any, however.

Have a great day.
