Re: Julia Fludd v. Angel Dingle, Laverne Capers, Harold Capers, Jesse Dingle Jr. and Vivian Alston Case number 2014cp1003262

I am asking for permission to serve and file appellat brief on all of the defendants.

I, Julia Fludd want to ~~dismiss~~ this because of the following reason. I

I have known Mr Dingle for most of my life. I have talked to all of my professional friends who are elected officials, state representatives, former president of the United States, some mayors, governors, counselors, all of my good neighbors in Remelys Point Harbor, and friends from all over the globe. If I don't dismiss this case then I will break my record because all of these people that I mention in this case are professional people. They know my husband, Mr Samuel Fludd, my friend Half-man and I have helped to raise children and take care of the elderly. We have housed and fed and otherwise helped people in our home all of our lives.

So to Angela, known as Angie et al, I will always keep <sup>the</sup> transcripts to remember all of the lies that you all said. But you all have underestimated me, try to lower me in the courtroom but I am a professional and a nice woman. In life, in the future please stop judging people by their color race or creed. I never want anyone to spend this kind of money because the economy is too high. If Jesse Sr didn't know about this case I will take it to the supreme court. But he did know about the case because you had all him in court. So that is why I want this to be dismissed because of him only. Remember; think think think not to come on peoples property; not lie to the Mount Pleasant Police Department; mental health; post office; and your neighbors. Please remove my name from the door so he could be relieved and my professional friends. That's public embarrassment so you all could live with all these lies. One day I will leave the transcript in the library. Nobody in Remelys Point has called the cops on me but I knew conspiracy and jealousy. To me you all are nothing in my eyesight. You all don't have nothing, don't own anything so why would I put up with people like you all committing adultery? I will come to an end now, I want to thank the Hon. Judge Jeffrey Young to extend <sup>at time</sup> this case and also put it in the transcript. I made history when the judge knew I was telling the truth. But you all think you had it because of conspiracy but the judge made you all ashamed. Again I want to thank all of the supervisors clerks and deputy clerks to remind me of the date. I followed all of the rules I was told to myself. Thank you I will remain Julia Fludd. Attention Shelby; I will be at your wedding in November at the Citadel

P.S I Remember  
Serve one another  
in Love the entire Law  
is Commands Love  
your neighbour  
as you self.
