People should not let the color of
some one skin and thing that happen
rather black or white are male or female.
I think it was wrong the way she
done me in that way there it had a lot
to do with it, but money I know you
can not violate for money and I know
that, she done this for other reason
I know it and God know, and now
I am here at McCormick they have
refuse me my Pain medication I have
been hurting day and night see in Nov.
25, 2015. I think that is a bit much
for one person to have to do. I got no
time for being on probation for 18 months
and I should have never been revoked
I need to get out and see my doctor
and get back on my medication and
my lawyer to sign paper for my
disability. I would like Miss Tina Scott
there.

Thank you.

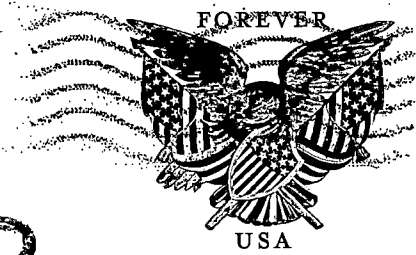

God Bless
