1 APPELLANT'S STATEMENT OF ISSUES
2 ON APPEAL
3

4 Genuine issues of material facts exists as
5 to whether or not the defendant's, (respondents)
6 actions of harassment, humiliation,
7 disparagement, and other conduct was
8 proximate cause of Plaintiff's mental
9 anguish, stress and harm.

10 Genuine issues of material fact exists as
11 to whether or not the defendant employee,
12 an administrative assistant, created an
13 intolerable patient care environment when
14 this female employee patted Plaintiff on
15 his buttocks at Dialysis center and said,
16 "I have moves," gyrating her body, in the
17 presence of others was sexual harassment.

18 Genuine issues of material fact exists as to
19 whether or not an RN'S' comments lowered
20 Plaintiff in the esteem of the community,
21 during dialysis, when the dialysis RN
22 stated, "You're not a drug dealer..." "You
23 have drugs in your body now"... when a
24 girl sits in front of you with her legs
25 wide apart... she's trying to get money
26 out of you." Whether or not it is
27 slander per se and is injury to his
28 reputation.

1 Genuine issues of material fact exists as to
2 whether or not the facility's social workers'
3 comments, in her "Patients (Comments) Progress
4 Notes" were fabricated regarding statements
5 made by Plaintiff's daughter to support
6 her affidavit as a defendant employee.
7 Plaintiff produced controverting pleadings
8 and affidavits to dispute.

9 Genuine issues of material fact exists as to
10 whether or not the Plaintiff's/Appellants'
11 affidavits, evidence, opposition pleadings
12 and deposition controverted defendants'
13 (Respondents) summary judgment as to
14 the totality of his record.

15 Genuine issues of material facts exists
16 as to whether or not defendant's
17 conduct was so outrageous, reprehensible,
18 unreasonable, abusive and severe that
19 no reasonable person could endure it.

20 Genuine issues of material fact exists as to
21 whether or not an RN (registered) nurse and
22 a Nephrologist made false representations
23 with knowledge of its falsity to induce
24 reliance thereon.

25 Genuine issues of material facts exists as to
26 whether or not there was an abuse of discretion
27 by trial Court Judge when there was a glaring
28 departure from the "Standard of Review."

STATEMENT OF THE CASE

1
2
3 The Plaintiff/Appellant, Benjamin L. Anderson,
4 an inactive Registered Respiratory Therapist (RRT)
5 started dialysis at Davita Upstate Dialysis
6 Center in Greenville, South Carolina approximately
7 January, 2013. The Plaintiff began to notice
8 how the Davita staff of dialysis technicians,
9 and RN'S (registered nurses) began to make
10 disparaging statements about him during
11 dialysis. Some of the statements were of
12 personal harassment, humiliation as well as
13 embarrassment. The Appellant alleges this became
14 unbearable on October 31st, November 2, 5, 12,
15 16, 19 and 23rd, 2013. The Appellant wrote
16 a letter of complaint to the Davita headquarters
17 in Irvine, California to no avail. The Plaintiff
18 requested a transfer out to another dialysis
19 facility in Greenville. Subsequently, The Appellant
20 filed suit in the Court of Common Pleas,
21 Greenville on November 5, 2014. Prior to his
22 transfer out, he did have to go to the E.R.
23 department on November, 19, 2013 after an
24 egregious dialysis session for treatment of harm
25 suffered. The Appellant noticed how the facilities
26 social worker, charge nurse, staff nurse, 1
27 including the dietitian adjusted their "patient
28 progress notes", to cover their actions.

1 STATEMENT OF THE CASE CONT.

2 After Plaintiff filed his original complaint,
3 The Defendants/ Respondents filed their motion
4 to dismiss his complaint. Defendant's motion
5 to dismiss was denied as to all of his
6 causes of action. The parties engaged in
7 discovery process. During this, Plaintiff filed,
8 a motion compelling discovery from Defendants.
9 Very little discovery was allowed by the
10 Court or the Defendants for a Pro Se.

11 The Plaintiff moved the Court to allow him
12 to amend his complaint and it was
13 granted. The Defendants moved the Court
14 for summary judgment on August 4, 2015.
15 Judgment was granted and an order
16 signed on September 11, 2015 by Presiding
17 Judge, Miller. The Plaintiff/Appellant
18 filed his Appeal on September, 4 (APP. CT.)
19 and an amended Appeal on September 21, 2015.
20 A transcript was ordered and finally obtained,
21 after Appellant filed a request to extend
22 time get transcript. Appeals court notified
23 of receipt of transcript.

ARGUMENT

STANDARD OF REVIEW

"In determining whether any triable issues of fact exist, the Court must view the evidence and all reasonable inferences that may be drawn from the evidence in the light most favorable to the nonmoving party."

Manning v. Quinn, 294 S.C. 383, 365 S.E.2d 24 (1988)

"Summary Judgment is a drastic remedy which should be cautiously invoked so that a litigant is not improperly deprived of a trial on disputed factual issues."

Baughman v. American Tel. & Tel. Co., 306 S.C. 101, 112, 410 S.E.2d 537, 543 (1991)

"On appeal from an order granting Summary Judgment, the Appellate court applies the same standard that governs the trial court. The Appellate court will review all ambiguities arising in and from the evidence in a light most favorable to the appellant, the nonmoving party." Osborne v. Adams, 346 S.C. 47, 550 S.E.2d 319, 321 (2001)

20 for the following: Plaintiff's discovery is
21 not yet complete. Notice of ADR preceded
22 motion for summary judgment, scheduled for
23 9-1-2015. Plaintiff's copy of his deposition not given.

24 STANDARD OF REVIEW

25 "Rule 56c, SCRCP in determining whether
26 any triable issue of fact exists, the Court
27 must view the evidence and all reasonable
28 inferences that may be drawn from it in the

1 light most favorable to the nonmoving party."

9 101, 112, 410 S.E2d 537, 543 (1991), "This

10 means, among other things, that summary
11 judgment must not be granted until
12 opposing party has had a full and fair
13 opportunity to complete discovery, id."

14 OTHER - STANDARD OF REVIEW

15
16
17 "Summary judgment is appropriate where
18 the pleadings, depositions, answers to
19 interrogatories, and admissions on file,
20 together with the affidavits, if any,
21 show there is no genuine issue as to
22 any material fact and the moving
23 party is entitled to a judgment as a
24 matter of law."

25 ARGUMENT

26
27 Pursuant to Rule 402, Plaintiff has submitted
28 evidence which is relevant to this action

1 He cites; Levy v. Outdoor Resorts of S.C.
2 304 S.C. 427, 405 S.E.2d 387 (1991)

3 Plaintiff has submitted pleadings, defendants'
4 admissions, answers to interrogatories,
5 affidavits, medical documentary evidence
6 as well as have filed, "genuine issues
7 of material facts."

8 Plaintiff's claims are not for medical
9 malpractice.

10
11 PROXIMATE CAUSE OF HARM/INJURY

12 Plaintiff checked in at local emergency room
13 on November 16, 2015. He has stated under oath
14 in his deposition taken on June 12, 2015
15 and in pleadings that he was harassed on
16 October 31, November 5, 12 and the 16th, which
17 dates culminated with stress and humiliation.
18 Plaintiff asserts there is a causal relation
19 from the time these actions occurred to
20 the point he could not physically take any
21 more and thus to the emergency room.
22 The Defendants failed to help the
23 patient (Plaintiff), who knew his blood
24 pressure was 236/126 immediately prior to
25 leaving the Davita facility; A Blatant
26 omission to act, according to standard
27 policy and procedure.

18 The Plaintiff in the above captioned case
 19 asserts to the Court that the summary
 20 judgment affidavits submitted by the
 21 defendants are all fabrications to thwart
 22 justice. The following affidavits are bogus:
 23 The affidavit of social worker Audrey Hartfield,
 24 is fabricated because she has an office
 25 outside of the patient dialysis area. As such
 26 Ms. Hartfield could not have possibly
 27 overheard any statements from other staff
 28 employees from her office. Ms. Hartfield

(1)

Exhibit C

1 rarely visited patients in the dialysis
2 area. The affidavit of Jacqueline Frederick
3 is also fabricated for the same reason.
4 Ms Frederick makes her patients rounds
5 approximately once to twice per week.
6 She would not be able to overhear any
7 statements from those employees per Plaintiff's
8 allegations. Hence these two would not
9 have any first-hand knowledge of the facts.
10 Further, Audrey Hartfield made disparaging
11 remarks in the "patient progress" notes,
12 which also were defamatory. As with
13 Ms Frederick, Dietitians - made remarks in the
14 medical records of Plaintiff under "Physician
15 Patient notes" entered on 11-11-2013 at 10:44:19.
16 The affidavit of Peggy Roper, RN was a blatant
17 fabrication because she was one of the employees
18 that actively harassed and brought the Plaintiff
19 to mental anguish and agitation of 11-16-2013.
20 The affidavit of Savannah Gaines is another
21 blatant fabrication because ^{she} made a sexually
22 explicit comment regarding Plaintiff's penis,
23 among other remarks while Plaintiff was on
24 dialysis. The other affidavits of the
25 defendant employees merely stated that "they"
26 did overhear any negative or derogatory"
27 statements about Mr Anderson (Plaintiff).

Sadie called SW back this AM. Pt's blood pressure was discussed as well as him not coming for tx today and not answering his phone. Sadie agreed to call pt and discuss makeup tx tomorrow and need for BP meds. SW received a call back from Sadie after she had spoken with pt. Sadie and her brother were on the phone and informed SW that pt has a hx of "thinking everything is a conspiracy." Their only suggestion was to "minimize triggers" but could not give specific triggers other than politics and news. SW informed them that pt has control of his own tv during ICHD txs. They have a supision that pt has dx of Schizophrenia but have never gotten info from his doctor. Per Sadie, pt "moved from CA to SC due to thinking their was a conspiracy against him there." Pt's children assist him financially each month and plan to try to monitor whether he is taking BP and psych meds. SW suggested that they contact local VAMC clinic in Greenville to get pt seen since he has problems paying for his meds. Sadie stated about pt "he has never been violent when he is going through the conspiracy episode." Sadie agreed to maintain contact with pt to monitor his ability to get and take meds. SW agreed to be available for pt in clinic and via phone as needs arise. Sw will continue to monitor pts beahvior in clinic. Sadie informed SW that pt will need his valium to calm his nerves. SW in formed Sadie that pt has not been seen by PCP in over a year, so MD will not refill any meds until pt is seen in office. Sadie is going to work with pt to get him seen at VAMC or by his PCP to get meds refilled. SW will monitor.

RE. BENJAMIN ANDERSON

I have known Ben Anderson for
14 months. He lived in my rental
near Traverso City, M. all that time.

Ben paid his rent on time and
followed all of the rules that were
required. He left the unit clean
when he left this area.

He was a very polite person and
trustworthy, pleasant to be around.

Hope to see you again.

This is a letter of recommendation for Ben Anderson RT. I've had the pleasure working with Ben over the past year at Munson Medical Center in Traverse City Michigan.

I can attest to Mr. Anderson's professionalism and competency as I worked with him mostly during night shift when we shared in the care of several critically ill patients together. He has excellent judgment, a strong work ethic, and I found him very easy to work with. I give Ben my highest recommendation without reservation.

Please do not hesitate to call me if I can give you any further further information on this excellent respiratory therapist. 231 935-5000.

RE: Letter of Reference
Benjamin L. Anderson, RRT

I have had the opportunity of working under Ben Anderson for 6 months. Within this short period of time he has brought the Cardiac Department up 3 to 4 grades higher on the scale. He brought with him modern ideas, and teaching skills that we at St. Mary's Hospital will definitely miss. Ben Anderson is a good leader + boss and will be missed by us all.

RE: BEN ANDERSON

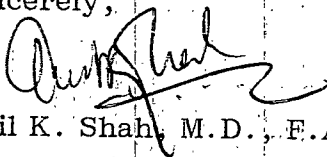

To Whom It May Concern:

It gives me great pleasure to write a letter of recommendation on behalf of Mr. Ben Anderson.

Ben joined St. Mary's Hospital, Leonardtown, MD in March 1997 as Director of Pulmonary and Electroencephalography Department. Being a cardiologist and working in the department on a daily basis with Ben, I had the opportunity to observe and experience first hand the impact of his skills with the department. There was significant improvement in the overall working environment of the department and boost in the employee morale because of his leadership ability. He developed an excellent rapport with the employees and was well liked by everyone. I am confident that Ben will excel at whatever he undertakes.

Please let me know if I can be of any further assistance.

Sincerely,

Anil K. Shah, M.D., F.A.C.C.
