Re: Jack Powell v. MUSC
Appellate Case No. 2015-001331

Dear Mr. Powell:

Upon reviewing your title page for the appellant's initial brief, the following deficiency has been noted under the South Carolina Appellate Court Rules (SCACR), and must be corrected when filing the appellant's final brief:

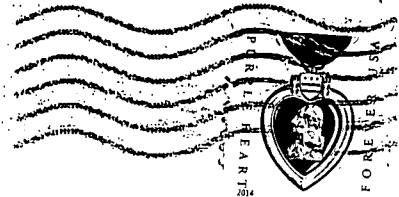

- The Court sent a letter to you explaining that the caption/title on your appellant's initial brief does not comply with Rule 267(a), SCACR. We asked you to correct the caption. The caption on the title page of the appellant's initial brief received in this office May 2, 2016, has not been corrected. *included*
- The proof of service filed with your designation of matter shows a service date of April 30, 2016. You must serve and file a motion asking the Court to accept late service of your designation of matter. Failure to file this motion may result in the dismissal of this appeal.
- Service of the respondent's initial brief and designation of matter will be calculated from the date of service of the appellant's designation of matter.
