SC Court of Appeals

Dear Ms. V CLAIRE ALLEN

I am writing you today because I need to know the status of my appeal, is it a direct appeal? or is it a belated appeal or am I in the PCR stage because I really don't know anything about my case or the appeal because I was told that the state was going forward with my direct appeal and that my case was going in front of the Judge in May and here it is July and I still hadn't heard anything from anybody about the case or the appeal. So any information you can give me will be surely appreciated. I haven't been appointed a lawyer "Appellate" neither so I humbly ask for your help in this matter. Thank you
