Hi Mr. Kasen - Sorry I missed your call - I was out of the office yesterday afternoon. Regarding the filing of notification of the date you received the case documents, please just send a brief letter stating you received all case documents on the particular date. Appellate Defense notified us that they mailed all case documents including transcripts to you on October 2nd, so we would assume you would have received this within a reasonable period of time following that date.

There is no need for anything more formal than that. In fact, if you wish, you can provide this information by way a return email.

If you have any other questions, please let me know.

~Janet
