Motion for Permission to Order Transcript

The appellee, Don Surri Chisolm, moves this Honorable Court pursuant to Rule 207 of the SCRAC for permission to order the transcript of the lower Court decision outside of the filing deadlines. The appellee is an indigent inmate in SC and needed additional time to acquire the Court reporters contact information through the mail. The appellee also was attempting to ascertain all relevant info concerning indigent inmates ordering transcripts. At present the appellee has determined how to properly address these concerns and therefore requests permission to now proceed forward with the appeal process by ordering the transcript in question.

Respectfully submitted,

D. Surri
