

el. Shear-se

I am writing in regards to the letter I recieved from you asking for me to tell you how I felt that the lower courts failed to arrive at a just decision.

First off I would like to appologize for being late with this letter I am currently housed at cieber Correctional facility and have only been able to attend the law library for 8 days out of the 20 I was granted on my Dead line Due to the unit being Placed on lock down and security reasons. Per Policy GA 01. 03 - 7 I was told I could write and recieve materials from law library, this is not true by this policy. General population can not recieve materials from law library. I have wrote Mr Scott McNeish to reciev the following paper work to show you my diagnosis a letter from Pee Dee Mental health I have in closed it was in my records he has failed to return a letter from Dr Farish, Florence County School records, S.C. D.C Medical Records.

I have been denied access to law library and I have not had addaquat time to research my case I have several grievances on this matter I am requesting a extension of time for these reasons and again I appologize for any incovenence I have caused but it is out of my hands and I have had no control over matter so if you will I grant me a extension I would gratly appreciate your help and time in this matter

Per policy GA 103. According to the courts I am entitled to access to a library I can not research my case and I have a court case that expires Saturday Nov 1st my stuff has to be dated by Friday Oct 31st and I have already missed several and have not been able to research my case adequately and I only had 20 day dead end trial at 3000 bucks but then to work with them look at my case to be thrown out of court because I am not able to fulfill my deed because I can not research my case I would like to know how we are going to correct this
