1 then Mr. Jordan is entitled to a verdict of not guilty.

2 Now, a necessarily element of each crime is criminal
3 intent. The state must proof the element of criminal intent
4 beyond reasonable doubt. Criminal intent is always a matter
5 that must be determined by the jury from the circumstances
6 surrounding the situation. There's no way to prove intent
7 to a mathematical certainty. There's no way medical science
8 can dissect a person's brain and determine what he or she
9 had in mind. So our law states that criminal intent may be
10 inferred from the circumstances shown to have existed both
11 before and after the fact. You the jury must make a
12 determination as to whether or not this element requiring an
13 intent was present. Criminal intent is a state of mind that
14 operates jointly with an act or omission in the commission
15 of a crime. Criminal intent is a mental state of conscious
16 wrongdoing. So it's up to you, the jury, to determine what
17 the Defendant intended to do based upon the circumstances
18 shown to have existed, and the State must prove this element
19 of criminal intent beyond a reasonable doubt.

20 Now, with particularity, Mr. Jordan is charged with two
21 crimes. The first is murder. In order to sustain a
22 conviction for murder the State must prove beyond a
23 reasonable doubt that Mr. Jordan killed another person with
24 malice aforethought. Malice is hatred, ill-will or
25 hostility towards another person. It is the intentional

1 doing of a wrongful act without just cause or excuse. And
2 with an intent to inflict an injury or under circumstances
3 that the law will infer an evil intent. Malice aforethought
4 does not require that the malice exists for any particular
5 time before the act is committed. But malice must exist in
6 the mind of the Defendant just before and at the time of the
7 act is committed. Therefore, there must be a combination of
8 the previous evil intent and the act. Malice aforethought
9 may be either expressed or implied. If it is inferred, the
10 terms expressed and inferred do not mean different kinds of
11 malice but merely the manner in which the malice may be
12 shown to have existed. That is either by direct evidence or
13 by an inference from the facts and circumstances which are
14 proved. Expressed malice is shown when a person speaks a
15 word which expressed hatred or ill-will toward another on a
16 person prepared beforehand to do the act which was later
17 accomplished. For example, lying in wait for a person, or
18 any other acts of preparation going to show the deed which
19 was in the Defendant's mind would be an example of expressed
20 malice. Now, malice also may be inferred from conduct
21 showing a total disregard for human life.

22 Now, if you find the State has failed to prove beyond a
23 reasonable doubt that the Defendant committed the offense of
24 murder you may also consider whether the State's proved
25 beyond a reasonable doubt that the Defendant, Mr. Jordan,

1 committed the act or crime of voluntarily manslaughter. To
2 prove voluntary manslaughter the State must prove beyond a
3 reasonable doubt that Mr. Jordan took the life of another in
4 a sudden heat of passion based on sufficient legal
5 provocation. Both heat of passion and sufficient legal
6 provocation must be present at the time of the killing to
7 constitute voluntary manslaughter. Sudden heat of passion
8 may, for a time, affect a person's self-control and
9 temporarily disturb a person's reason. The sudden heat of
10 passion must be the type that would make an ordinary person
11 unable to coolly reflect on his actions and would produce an
12 uncontrollable impulse to do violence. Sufficient legal
13 provocation must be the type that would make a person of
14 ordinary reason and caution become enraged and to lose
15 control temporarily. The provocation needed for voluntary
16 manslaughter must come from some act of or related to the
17 victim. Words alone, however, or however vulgar and
18 insulting are not enough to be legal provocation. Where
19 death is caused by the use of a deadly weapon, the words
20 must be accompanied some overt or threatening act which
21 could produce the heat of passion. The exercise of a legal
22 right, no matter how offensive it is to another, is never
23 sufficient legal provocation for voluntary manslaughter. If
24 the heat of passion had cooled off, or if there was enough
25 time between the provocation, if any, and the killing or the

1 passion of a reasonable person to cool, the killing would
2 not be voluntary manslaughter. In deciding whether a
3 reasonable person would have had enough time to cool off you
4 should consider all of the circumstances surrounding the
5 killing. You may consider the nature of the provocation, if
6 any. The Defendant's mental and physical state, and the
7 circumstances and relationships between the parties.

8 Again I tell you that the charge of murder, and the
9 lesser charge of voluntarily manslaughter, stands
10 independent of the other charge and you must consider it in
11 whichever order the jury deems appropriate in your
12 deliberations.

13 The second indictment charges Mr. Jordan with
14 possession of a weapon during the commission of a violent
15 crime. Now, in order for the State to sustain a conviction
16 of this charge, the State must prove beyond a reasonable
17 doubt that Mr. Jordan was in possession of a firearm or
18 visibly display what appeared to be a firearm during the
19 commission of a violent crime. A firearm means any machine
20 gun, rifle, revolver, pistol, or weapon which will or is
21 designed to expel a projectile. In order to find the
22 Defendant guilty of possession of weapons during the
23 commission of a violent crime you must first find the
24 Defendant guilty of either committing a violent crime or
25 attempting to commit a violent crime. I tell you that our

1 law classifies both the offense of murder and voluntary
2 manslaughter as examples of violent crimes. Now, the State
3 must prove beyond a reasonable doubt that the weapon further
4 advanced or helped in the commission of the crime.

5 Now, as I've told you, those two indictments stand
6 independent of one another. They can be considered
7 separately and your verdicts not be consistent. They can
8 stand independently. You must consider each separately and
9 each verdict on each indictment must be unanimous.

10 Now, lastly I instruct you and I emphasize that the
11 fact that Mr. Jordan decided to not testify is not a fact to
12 be considered by you the jury in any way during your
13 deliberations. In your consideration the question of guilt
14 or innocence of him, you must not consider his decision to
15 exercise his right to remain silent in any manner
16 whatsoever. Every person charged in our state has a
17 constitutional right to remain silent, and anyone's
18 assertion of this right must not be considered by the jury
19 in your deliberations. So I instruct you that under your
20 oath you're not to draw any conclusions whatsoever from the
21 fact that he chose to not testify. The very fact that he
22 did not testify should not even be discussed in the jury
23 room. The burden of proof is upon the State, and I state to
24 you that the Defendant is not required to prove his
25 innocence. The burden is upon the State to prove his case,

1 and the charges lodged against Mr. Jordan beyond a
2 reasonable doubt.

3 Now, Mr. Burton and ladies and gentlemen of the jury, I
4 wish to thank you and express the hope that each of you will
5 be mindful of the importance of your service here this week.
6 You're not called very often to serve as jurors. It is my
7 job, presiding over each trial that I have this week, to
8 make certain that my rulings are fair and just in accordance
9 with the laws of South Carolina. It is my job to make
10 certain everyone who appears in front of me receives fair
11 and impartial justice. I wish to emphasize to you that it
12 is also your job under your oath to reach a unanimous
13 verdict, and to reach a fair verdict in this case.

14 Now, you are the sole judges of the fact. I'm not
15 going to try to influence you or tell you what I think about
16 this case, because that would be highly improper for me to
17 do so. But I want you as a group to confine your
18 deliberations to the testimony presented from this witness
19 stand, the evidence introduced at the trial, accepting the
20 law as I've instructed to you today in reaching a unanimous
21 verdict. You have no enemies to punish, no friends to
22 reward. Your verdict must be fair. And I wish to tell you
23 and emphasize the importance that you're acting for the
24 community and your verdict must be fair and just.

25 Now, those are my instructions. I tell you this now.

1 That I'm going to let you step back to the jury room. That
2 I have a couple of things to discuss with the attorneys.

3 First, before I do that, let me show you the verdict
4 form. The verdict form has been typed up and it has two
5 numbers on it. One representing each of the indictments.
6 The charge is murder for you to consider. Read the
7 instructions. You may consider either indictment first,
8 even indictment second. There's no right order nor wrong
9 order to consider or start your deliberations or your
10 discussions, but your verdicts must be unanimous.

11 Now, I'm going to discuss with the lawyers and the
12 court reporter the inventory, I'm going to call it, of the
13 exhibits which have been introduced in the case, and once
14 we've agreed as to the evidence which is in we will compile
15 it with the verdict form and send it to you. And I'll have
16 the Bailiff bring it to you, Mr. Burton. Upon receiving
17 this verdict form, that's when you begin your deliberations.

18 Now, if after we've had this conversation about the
19 exhibits, the State and the Defense are also allowed to make
20 suggestions to me that my instructions were -- I'm going to
21 say incomplete on one area or complete in another area.
22 They have an opportunity to call me on my instructions and
23 say, Judge, we think you need to instruct more further on
24 this area of the law or that area of the law. And I get to
25 hear those arguments and they get to make a record in the

1 court reporter's record. If I have neglected or omitted
2 some particular area of law I'll bring you back out here and
3 say I omitted. It's my mistake. Because that's part of
4 what I do. So they get to take notes and, Judge, please
5 instruct the jury on this area, and I can consider those
6 things.

7 Now, if my instructions were complete and they're okay
8 with it, you all get the evidence and you all start your
9 deliberations. Once you start the deliberations, if a
10 question comes up, Judge, we didn't quite understand your
11 instructions on some area. Please reinstruct us on the
12 definition of reasonable doubt. The particular law of
13 murder versus voluntary manslaughter. Whatever your
14 question is, write it down. Pass the note to the Bailiff.
15 He'll bring it to me. I'll discuss it with the lawyers.
16 We'll either bring you back in here and give you more
17 instructions or reinstruct you as I've already done.
18 Perhaps I can give it to you in writing. I don't know. It
19 depends on your question. If you have a question, write it
20 down.

21 Now, second, if you wish to hear testimony again, if
22 you all begin discussing testimony of some witness, whoever
23 it is, we want to hear it. Tell me who it was. Now, if you
24 can't remember their name, describe them. Who was the --
25 police officer who. We'll be able to figure it out, who you

1 all want to hear. So, we got a question about it, you wish
2 to hear testimony again, let me know and then Ms. Scott can
3 cue it up with her recorder and bring you back in here and
4 play that for you.

5 Now, I'll tell you this. There are some exhibits that
6 were testified to that were not introduced. If they weren't
7 introduced they won't go back to the jury room. They may
8 have been produced up on the screen. But if they're not in
9 evidence they won't come back to the jury room. So what you
10 get back there is what you get back there. So you all are
11 not allowed to say please bring these certain other
12 witnesses or show us something that didn't come back. It is
13 -- what was introduced is the record and what you can
14 consider.

15 Now, once you all being your deliberations -- it's
16 about 10:38, 10:40, my plan is to let you all deliberate for
17 a while. Once you all reach your verdict or you don't and
18 you wish to have a break, you're on your time. You want a
19 break, stop. I'm told is warm in there. If you want to
20 step out and cool off, if anybody wants to step out and stop
21 deliberations to cool off, step outside to get some fresh
22 air, one needs a break, everybody gets a break. Once it
23 gets close to lunchtime, if you all decide you want to go to
24 lunch let me know and I'll let you all go to lunch. However
25 you like, you know, 30 minutes, 45 minutes, whatever you --

1 whatever you all need. We're on your time. I've got
2 several matters that Greenwood County brought over here for
3 me to address some issues, so I've got some work to do.
4 We'll be out here in the courtroom hearing some other cases
5 that are not trials. They're just bonds or discovery
6 motions. I don't know what all we've got here. But I'm
7 going to be here while you all are here. And so, if you
8 want a break or you want to ask permission to please step
9 outside and smoke a cigarette. It is y'all's deliberation
10 and you can work as long and as hard as you want to. Take a
11 break. If you need something in the jury room, to cool off
12 out there, we'll do the best we can. Because that's a
13 separate -- I was told by Ms. McMahan that that's a separate
14 heating and air conditioning system out here. So I'll do
15 whatever I can, and I'm certain Ms. McMahan will do more
16 than that. But she'll make you all comfortable.

17 So if the 14 of you will step into the jury room until
18 I talk to the lawyers.

19 (Whereupon, the jury exited the courtroom.)

20 THE COURT: All right. Folks, any -- regarding the
21 instructions are they complete?

22 MS. BOLEN: Yes, sir.

23 MR. BROWN: Nothing from the State.

24 MS. BOLEN: Nothing from the Defense, Your Honor.

25 THE COURT: We're good. Okay.

1 MS. BOLEN: Done with instructions.

2 THE COURT: And you all have seen the verdict form?

3 MS. BOLEN: Yes, sir.

4 THE COURT: You all are okay with it?

5 MS. BOLEN: Yes, sir.

6 THE COURT: You all are okay with it?

7 MS. BOLEN: Yes, sir.

8 THE COURT: And y'all certify along with Ms. Scott the
9 evidence you all agree goes back. And we've off the record
10 now.

11 (Whereupon, jury began deliberations at 10:49 a.m.)

12 VERDICT

13 THE COURT: Do they have a verdict? Is that what you
14 said?

15 THE BAILIFF: Yes, sir.

16 THE COURT: All right. Ms. Bolen and Mr. Brown, before
17 I bring the jury back, I want to remind everybody -- and
18 everybody can be seated as I say this. This jury worked for
19 two hours and a half, a little better. They've worked very
20 hard. I don't want any showing of emotion, good, bad, sad,
21 anxiety. I understand this is a family situation. There
22 are no winners here. So I caution everybody, if they can't
23 maintain their composure now is a good opportunity to step
24 out. It won't change anything, but I'd rather you not be
25 here if you're going to show out and have an emotional

1 outburst. That would be very disrespectful to these jurors,
2 and so I don't really want that. So here's your chance.

3 Bring them in.

4 (Whereupon, the jury entered the courtroom at 1:22
5 p.m.)

6 THE COURT: Mr. Burton.

7 THE FOREMAN: Yes, sir.

8 THE COURT: Have y'all reached a verdict?

9 THE FOREMAN: Yes, sir, we have, Your Honor.

10 THE COURT: Was your verdict unanimous? Was it
11 unanimous?

12 THE FOREMAN: Yes, sir.

13 THE COURT: All right. Hand it to my bailiff, please.

14 (Whereupon, the Court receives the verdict form.)

15 THE COURT: All right. The verdict appears to be in
16 order, Ms. McMahan.

17 THE CLERK: The State of South Carolina, County of
18 Abbeville, State versus Tony Vernon Jordan, indictments
19 2014-GS-01-194, 2014-GS-01-195. As to the charge of murder,
20 we the jury find the Defendant guilty. As to the charge of
21 possession of a weapon during the commission of a violent
22 crime, we the jury find the Defendant guilty. I certify
23 that this decision was the unanimous decision of the jury,
24 Donald Burton, Foreperson, November 14th, 2014.

25 Mr. Foreman, ladies and gentlemen of the jury, is this

1 your verdict so say you all, please signify by raising your
2 right hand..

3 (Whereupon, all jury members raise their right hand.)

4 THE COURT: Ms. McMahan, hold those indictments, if we
5 could get Mr. Burton to sign them.

6 Any issues for the jury, Ms. Bolen?

7 MS. BOLEN: No, sir, Your Honor.

8 THE COURT: Folks, I appreciate your all's efforts.
9 You all can be seated. I would like to speak to you, but
10 I'd like to speak to you in the jury room. If you all
11 wouldn't mind sitting back there and waiting. I'd like to
12 talk to you all informally.

13 (Whereupon, the jury exited the courtroom at 1:24 p.m.
14 and a brief recess was taken.)

15 SENTENCING

16 THE COURT: Mr. Brown, are you all ready for
17 sentencing?

18 MR. BROWN: Yes, Your Honor.

19 THE COURT: And, Mr. Burton, you all may stay and
20 listen to sentencing or you all are free to go, either way
21 you want to do, but sentencing occurs immediately. Unless
22 there's a pre-sentence investigation requested and I don't
23 know that there will be.

24 MS. BOLEN: No, sir.

25 THE COURT: All right. We'll go ahead and do it right

1 now. So anybody that wants to leave you are free to go
2 right now, and you can talk about the case. If you want to
3 stay and watch this, you all may do that also. There's no
4 requirement that you all stay. You all are discharged from
5 your service, and thank you.

6 THE COURT: All right. Mr. Brown?

7 MR. BROWN: Yes, Your Honor. There's not much more to
8 add to what the court has already heard and what the jury
9 has heard in this case.

10 As been noted through testimony, Mr. Jordan does not
11 have much of a prior record. What he has on his record is
12 back in the 1980s. In 1981 a fraudulent check, 1986 a
13 fraudulent check. And that appears to be the extent of his
14 record.

15 Your Honor, as you've heard through the testimony, this
16 was a horrendous act, ill-will, to do that to your son and
17 to leave him out there on the bridge. And the State asks
18 that you sentence accordingly.

19 THE COURT: All right. Ms. Bolen, we'll hear from
20 you.

21 MS. BOLEN: Thank you, Your Honor. We are asking that
22 you consider showing Tony Jordan some mercy in sentencing.
23 It is true that he's not really had a record at all. He's
24 got some fraudulent check convictions which are very, very
25 minor lower court offenses, and even those are quite old. I

1 think you've heard through some of the testimony that Tony
2 was essentially a single dad and has family that's been here
3 all week supporting him. This is not something that's in
4 character with him at all. It's not something that --It's
5 not something that is who he is, and we're just asking that
6 you come in on the lower side of the sentencing range, Your
7 Honor.

8 And I don't know if any of his family wishes to speak
9 on the record or not, but if Your Honor would allow them to
10 talk. I don't think anyone does, Your Honor.

11 THE COURT: Mr. Jordan, would you like to say anything?

12 THE DEFENDANT: No.

13 THE COURT: All right. Considering what I've heard,
14 and Mr. Jordan's age, the sentence on the murder is 40
15 years. Possession of a weapon is five years. That is the
16 sentence on the possession of the weapon, is it not?

17 MS. BOLEN: Yes, sir.

18 THE COURT: All right. Five years. He's given credit
19 for whatever days he's earned, since -- has he been
20 incarcerated since the date of his arrest?

21 MS. BOLEN: Yes, Your Honor.

22 THE COURT: And that was on the 13th?

23 MS. BOLEN: 14th.

24 MR. BROWN: 14th of last year. He's been in for one
25 year.

1 MS. BOLEN: One year. Exactly a year.

2 THE COURT: All right.

3 MS. BOLEN: Thank you, Your Honor.

4 THE COURT: Good luck.

4 I, the undersigned, Tara T. Scott, CVR, Official Court
5 Reporter for the Eighth Judicial Circuit of the State of
6 South Carolina, do hereby certify that the foregoing is a
7 true, accurate, and complete transcript of record of all the

Historical Call Detail w/ Cell Sites Explanation Form

Network Element Name	Mobile Directory Number	Dialed Digit Number	Call Direction	Seizure Dt Tm	Seizure Duration	First Serving Cell Site	First Serving Cell Face	Last Serving Cell Site	Last Serving Cell Face	Calling Party Number
This is the switching equipment that transacted the call. A switch is named by the basic geographic area it covers. Switches route calls for hundreds of cell sites.	This is your target #	This is the number dialed to initiate the call. For inbound calls this number will be the same as the Mobile Directory Number column and for outbound calls this is the number your target dialed.	This is the type of call, e.g. inbound, outbound, or voicemail. Inbound calls: 0 & 6. Voicemail or mobile forwarded calls display the letter "F." Outbound calls: 1 & 3 Mobile to Mobile display the number 2. Any other letter or number is a routing or unknown call type and does not detail actual transactional data for a completed call.	This is the exact date and time of the start of each call	This is the duration of the call in seconds	This is the cell site that the target phone was hitting off of when the call initiated.	This is the cell site sector of the initiated call. This information denotes the direction the target was facing the tower at the time of this call. Each cell face is approximately 120 degrees. Check cell site key for each sector's Azimuth.	This is the cell site that the target phone was hitting off of when the call terminated.	This is the cell site sector of the terminating call. This information denotes the direction the target was facing the tower at the time of this call. Each cell face is approximately 120 degrees. Check cell site key for each sector's Azimuth.	This is the calling party that initiated the call. If the call is outbound this column will be the same as the Mobile Directory Number. If the call is inbound, this is the number that dialed your target.
