Dear Mr. Padget,

First, let me apologize for not acknowledging your letter dated April 15, 2016 and received by me on April 18, 2016 wherein you are requesting that I forward to you the transcripts for the motion hearings held in the above mentioned subject matter on December 7, 2015 and March 8, 2016. As soon as I received the request, it was placed in line to be transcribed. Unfortunately, due to my time in court and transcript log along with taking a family vacation, I have gotten behind on transcripts. I am, however, pushing as hard as I can to get everything back on track now. I had requested an extension on this matter to allow additional time that was to take me through today, July 18, 2016.

I have completed the December 7, 2015 hearing and that is being placed in the mail today. However, I have not completed the March 8, 2016 hearing and have requested another extension to allow me time to prepare that hearing.

I totally understand the importance of this matter. I apologize for the delay but assure you that you will be receiving this hearing in the very near future.

Please accept my apology. Thank you.

Sincerely,

Melissa R. Singletary, CVR
