SC Court of Appeals

Appellant Case Noⁿ 2016-001169

To: Honorable Donald B. Hocker

Newberry County

Trial Court Case No. 2015 GS 3600292

Comes now the above name defendant Ray Lee Dominick Sr. I understand very well that the Pursuit of Justice is the equal protection of laws; and as a defendant in this here case I am hereby seeking for equal Justice. My Counselor for the Public defenders office in Newberry County knew that he lied to me about this vote matter. I wrote to My Counsel on the 23rd of May ²⁰¹⁶ stating that I wish to appeal my sentence that was handed down to me on May 17, 2016. So I did write to my Counsel in a timely matter with a request to appeal my case. Striving to compel a motion of appeal due to his lack of communication and a violation of South Carolina Rules of Professional Conduct as a Attorney. He has failed to uphold my request to appeal my case to the right Chain of Command because he knew that he was in total violation of my rights. As a client

of the Public Defenders office.

I need for this case to be reheard in Good faith in Newberry County as well as the Supreme Court of appeals. I will show and prove in Good faith to this Court, how my attorney Mr. Charles Vernon has violated my right to appeal, and lied to me about this whole matter as well. I just need to be heard in the Courts of law face to face with this Counselor in the County of Newberry.

I hereby ask that this Court please move to grant me this request under the grounds of (1) ineffective Counsel which further violates my due process rights.

Enclosed as stated
with regards,

R. D. [Signature]
