and

Shirley Hammer, Respondent,

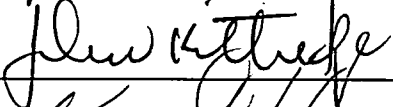

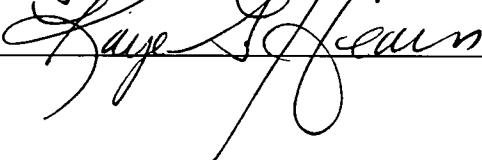

v.

1634 Main, LP, Appellant.

Appellate Case No. 2016-000341

ORDER

Respondent moves to dismiss the notice of appeal filed in this matter. Appellant Howard Hammer has filed a return in opposition to the motion. Mr. Hammer also seeks permission to file a surreply to respondent's reply to the return to the motion to dismiss. The latter request is denied. However, the motion to dismiss is granted, as there is no appealable order or decision in this matter from which a timely appeal has been taken. Rule 201(a), SCACR; Rule 203(b)(1), SCACR.
